2.3 The Terms and Conditions of the Warrants on page 29 to 71 of the Base Prospectus are modified as follows :

“TERMS AND CONDITIONS OF THE WARRANTS

The following is the text of the Conditions (as amended, supplemented or varied from time to time) of the Warrants which will (in the case of Warrants other than Dematerialised Warrants) be incorporated by reference into each Global Warrant and attached to each Definitive Warrant or (in the case of Dematerialised Warrants) will apply to such Dematerialised Warrants. The Final Terms in relation to an issue of Warrants supplements the following Conditions and may specify other terms and conditions which shall to the extent so specified or to the extent inconsistent with the following Conditions supplement, replace or modify the following Conditions for the purpose of such Warrants.

Unless otherwise specified in the relevant Global Warrant and Final Terms (as defined below), the Warrants of this series (such Warrants being hereinafter referred to as the **“Warrants”**) are, other than in the case of Dematerialised Warrants (as defined below) represented by one or more global warrants (each a **“Global Warrant”**) and, in the case of all Warrants, are issued pursuant to a master warrant and certificate agreement dated 17 August 2009 (as the same may be modified, amended, restated, varied or supplemented from time to time) (the **“Master Securities Agreement”**) between CALYON, Calyon Financial Products (Guernsey) Limited (**“CFP”**) and Calyon Finance (Guernsey) Limited (**“CFG”**) (each an **“Issuer”** and together the **“Issuers”**), CACEIS Bank Luxembourg as principal warrant agent (the **“Principal Warrant Agent”**) and as registrar (the **“Registrar”**), CACEIS Bank Luxembourg as Luxembourg warrant agent (in such capacity, the **“Luxembourg Warrant Agent”** and together with the Principal Warrant Agent, the **“Warrant Agents”** which expression shall include any additional or successor warrant agents) and CACEIS Bank Luxembourg as Transfer Agent (in such capacity, the **“Transfer Agent”** (which expression shall include any additional or successor transfer agents) and together with the Warrant Agents and the Registrar, the **“Agents”**). CALYON shall undertake the duties of calculation agent (the **“Calculation Agent”**) in respect of the Warrants, unless another entity is so specified as calculation agent in the applicable Final Terms. The expression **“Calculation Agent”** shall, in relation to the relevant Warrants, include such other specified calculation agent. In the case of CFP or CFG, the Warrants are subject to a deed of guarantee dated 17 August 2009 (the **“Guarantee”**) issued by CALYON as guarantor (the **“Guarantor”**).

(b) *Cash Settlement Amount and Alternative Cash Settlement Amount*

(i) Unless otherwise specified in the applicable Final Terms, the holder of a Cash Settled Warrant (including for the avoidance of doubt a Cash Settled Warrant in definitive form), upon due exercise and subject, in the case of Warrants represented by a Regulation S Global Warrant or a Permanent Global Warrant, to certification as to non-U.S. beneficial ownership, will receive from the Issuer in respect of each Cash Settled Warrant on the Settlement Date, a Cash Settlement Amount calculated by the Calculation Agent (which shall not be less than zero) equal to:

(A) where Averaging is not specified in the applicable Final Terms:

- (I) if such Warrants are Call Warrants,
(Settlement Price less Strike Price), multiplied by the Multiplier (if any) specified in the applicable Final Terms, and multiplied by, in the case of Debt Warrants only, the Nominal Amount;
- (II) if such Warrants are Put Warrants,
(Strike Price less Settlement Price), multiplied by the Multiplier (if any) specified in the applicable Final Terms, and multiplied by, in the case of Debt Warrants only, the Nominal Amount; and

- (III) if such Warrants are neither Call Warrants nor Put Warrants, the Cash Settlement Amount will be as specified in the applicable Final Terms.

Any amount determined pursuant to the above, if not an amount in the Settlement Currency, will be converted into the Settlement Currency at the Exchange Rate specified in the applicable Final Terms for the purposes of determining the Cash Settlement Amount rounding upwards to the nearest whole unit of the Settlement Currency.

(c) *Physical Settlement*

(i) Exercise rights in relation to Physical Delivery Warrants (including for the avoidance of doubt Physical Delivery Warrants in definitive form):

Each Physical Delivery Warrant entitles its holder, upon due exercise and subject, where appropriate, to certification as to non-U.S. beneficial ownership, to receive from the Issuer on the Settlement Date, the Entitlement subject to payment of the

relevant Strike Price. The method of delivering the Entitlement is set out in the applicable Final Terms.

Warrants exercised at the same time by the same Warrantholder will be aggregated for the purpose of determining the aggregate Entitlements in respect of such Warrants PROVIDED THAT the aggregate Entitlement in respect of the same Warrantholder will be rounded down to the nearest whole unit of the Relevant Asset or each of the Relevant Assets, as the case may be, in such manner as the Calculation Agent shall determine. Accordingly, fractions of the Relevant Asset or of each of the Relevant Assets, as the case may be, will not be delivered and no cash adjustments will be made in respect thereof.

(ii) Settlement Disruption

If, following the exercise of Physical Delivery Warrants, in the opinion of the Calculation Agent, delivery of the Entitlement using the method of delivery specified in the applicable Final Terms is not practicable by reason of a Settlement Disruption Event having occurred and continuing on any Settlement Date, then such Settlement Date for such Warrants shall be postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event PROVIDED THAT the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Warrant by delivering the Entitlement using such other commercially reasonable manner as it may select and in such event the Settlement Date shall be such day as the Issuer deems appropriate in connection with delivery of the Entitlement in such other commercially reasonable manner. Where a Settlement Disruption Event affects some but not all of the Relevant Assets comprising the Entitlement, the Settlement Date for the Relevant Assets not affected by the Settlement Disruption Event will be the originally designated Settlement Date. In the event that a Settlement Disruption Event will result in the delivery on a Settlement Date of some but not all of the Relevant Assets comprising the Entitlement, the Calculation Agent shall determine in its discretion the appropriate *pro rata* portion of the Strike Price to be paid by the relevant Warrantholder in respect of that partial settlement. For so long as delivery of the Entitlement is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Warrant by payment to the relevant Warrantholder of the Disruption Cash Settlement Amount on the third Business Day following the date that notice of such election is given to the Warranholders in accordance with Condition 11. Payment of the Disruption Cash Settlement Amount will be made in such manner as shall be notified to the Warranholders in accordance with Condition 11. The Calculation Agent shall give notice as soon as practicable to the Warranholders in accordance with Condition 11 that a Settlement Disruption Event has occurred. No Warrantholder shall be entitled to any payment in respect of the relevant Warrant in the event of any delay in the delivery of the Entitlement due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

(iii) Failure to Deliver due to Illiquidity

If "**Failure to Deliver due to Illiquidity**" is specified as applicable in the applicable Final Terms and, following the exercise of Physical Delivery Warrants, in the opinion of the Calculation Agent, it is impossible or impracticable to deliver, when

due, some or all of the Relevant Assets (the “**Affected Relevant Assets**”) comprising the Entitlement, where such failure to deliver is due to illiquidity in the market for the Relevant Assets, then:

- (a) subject as provided elsewhere in these Terms and Conditions as amended by the applicable Final Terms, any Relevant Assets which are not Affected Relevant Assets, will be delivered on the originally designated Settlement Date in accordance with Condition 4(c) and the Calculation Agent shall determine in its discretion the appropriate pro rata portion of the Strike Price to be paid by the relevant Warrantheader in respect of that partial settlement; and
- (b) in respect of any Affected Relevant Assets, in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Warrant, by payment to the relevant Warrantheader of the Failure to Deliver Settlement Amount on the fifth Business Day following the date that notice of such election is given to the Warrantheaders in accordance with Condition 11. Payment of the Failure to Deliver Settlement Amount will be made in such manner as shall be notified to the Warrantheaders in accordance with Condition 11. The Calculation Agent shall give notice as soon as practicable to the Warrantheaders in accordance with Condition 11 that the provisions of this Condition 4(c)(iii) apply.

(d) *Issuer’s Option to Vary Settlement*

If the applicable Final Terms indicates that the Issuer has an option to vary settlement in respect of the Warrants, upon a valid exercise of Warrants in accordance with these Conditions, the Issuer may in its sole and absolute discretion, in respect of each such Warrant elect not to pay the relevant Warrantheaders the Cash Settlement Amount or to deliver or procure delivery of the Entitlement to the relevant Warrantheaders, as the case may be, but, in lieu thereof to deliver or procure delivery of the Entitlement or make payment of the Alternative Cash Settlement Amount on the Settlement Date to the relevant Warrantheaders, as the case may be. Notification of such election will be given to Warrantheaders (or, in the case of American Style Warrants and Bermudan Style Warrants, the exercising Warrantheaders) no later than 10.00 a.m. (London time) on the second Business Day following the Actual Exercise Date. In the event a Settlement Disruption Event had occurred or is continuing in the period commencing on the Actual Exercise Date and ending on such second Business Day, notification of such election may be postponed up to the earlier of (i) eight Business Days following such Actual Exercise Date so long as such Settlement Disruption Event is continuing, (ii) two Business Days after the end of such Settlement Disruption Event, and (iii) one Business Day prior to the Settlement Date (as may be adjusted in accordance with these Conditions in respect of such Settlement Disruption Event).

(e) *FX Disruption*

- (i) Where the applicable Final Terms specifies that this Condition 4(e) is applicable, if the Calculation Agent determines that on any Valuation Date an FX Disruption Event (as defined below) has occurred and is continuing, the date for determination of the FX Rate shall be postponed until the first Business Day on which such FX Disruption Event ceases to exist (the “**FX Date**”), provided that where on the tenth Business Day following the Valuation Date (the “**FX Cut-Off Date**”) such FX Disruption Event continues to exist, the Issuer may elect to

terminate its obligations under the Warrant by (x) paying an amount in a currency not subject to the FX Disruption Event; or (y) delivering or procuring the delivery of an amount of Relevant Assets, to each Warrantholder the value of which corresponds to the fair market value of each Warrant held by the Warrantholder each as determined by the Calculation Agent in its sole and absolute discretion.

- (ii) Where an FX Disruption Event occurs, the Settlement Date in respect of the Warrants shall be postponed to the Business Day which falls the same number of Business Days after the FX Date or the FX Cut-Off Date, where the Issuer elects to terminate its obligations under the Warrant in accordance with (e)(i) above, as the Settlement Date was originally scheduled to be after the Valuation Date (the **"Postponed Settlement Date"**).
- (iii) If an FX Disruption Event has occurred and is continuing on the Settlement Date or the Postponed Settlement Date (including any Settlement Date postponed due to a prior FX Disruption Event), then the Settlement Date or the Postponed Settlement Date, as the case may be, shall be postponed until the first Business Day on which such FX Disruption Event ceases to exist, provided that where on the tenth Business Day following the Settlement Date or the Postponed Settlement Date, as the case may be, an FX Disruption Event exists the Issuer may elect to terminate its obligations under the Warrant by (x) paying an amount in a currency not subject to the FX Disruption Event, or (y) delivering or procuring the delivery of an amount of Relevant Assets, to each Warrantholder the value of which corresponds to the fair market value of each Warrant held by the Warrantholder each as determined by the Calculation Agent in its sole and absolute discretion.

For the avoidance of doubt, if an FX Disruption Event coincides with a Market Disruption Event, a Settlement Disruption Event or a Failure to Deliver due to Illiquidity, the provisions of this Condition 4(e) shall take effect only after such postponements or adjustments have been made as a result of such Market Disruption Event in accordance with Conditions 16, 17 and 18 as the case may be, or a Settlement Disruption Event in accordance with Condition 4(c)(ii) or a Failure to Deliver due to Illiquidity in accordance with Condition 4(c)(iii), as the case may be, and, notwithstanding the provisions of Condition 4(c)(ii) or Condition 4(c)(iii), the Issuer's payment obligation of the Cash Settlement Amount shall continue to be postponed in accordance with the provisions of this Condition 4(e).

For the purposes of this Condition 4(e):

"FX Disruption Event" means the occurrence of an event that makes it impossible through legal channels for the Issuer or its affiliates to either:

- (i) convert the Relevant Currency into the Settlement Currency; or
- (ii) deliver the Settlement Currency from accounts within the Relevant Country to accounts outside such jurisdiction; or
- (iii) deliver the Relevant Currency between accounts within the Relevant Country to a person that is a non-resident of that jurisdiction;

"Relevant Country" has the meaning ascribed to it in the applicable Final Terms; and

"Relevant Currency" has the meaning ascribed to it in the applicable Final Terms.

In the event that a Warrantholder does not so deliver a Settlement Notice in accordance with this Condition 5(g) at or prior to 10.00 a.m. Brussels or Luxembourg or other local time (as appropriate), on the Cut-off Date the Issuer’s and the Guarantor’s obligations in respect of such Warrants shall be discharged and no further liability in respect thereof shall attach to the Issuer and the Guarantor.

6. Minimum and Maximum of Warrants Exercisable

(a) *American Style Warrants*

This Condition 6(a) applies only to American Style Warrants.

(i) The number of Warrants exercisable by any Warrantholder on any Actual Exercise Date, as determined by the Issuer, must be equal to the Minimum Exercise Number and any integral multiple thereof or of such other number, each as specified in the applicable Final Terms. Any Exercise Notice which purports to exercise Warrants in an amount less than the Minimum Exercise Number or the relevant integral multiple shall be void and of no effect.

(ii) If the Issuer determines that the number of Warrants being exercised on any Actual Exercise Date by any Warrantholder or a group of Warrantholders (whether or not acting in concert) exceeds the Maximum Exercise Number (a number equal to the Maximum Exercise Number being the “**Quota**”) as specified in the applicable Final Terms, the Issuer may deem the Actual Exercise Date for the first Quota of such Warrants, selected at the discretion of the Issuer to be such day and the Actual Exercise Date for each additional Quota of such Warrants (and any remaining number thereof) to be each of the succeeding Business Days, until all such Warrants have been attributed with an Actual Exercise Date; provided, however, that the deemed Actual Exercise Date for any such Warrants which would thereby fall after the Expiration Date shall fall on the Expiration Date. In any case where more than the Quota of Warrants are exercised on the same day by Warrantholder(s), the order of settlement in respect of such Warrants shall be at the sole discretion of the Issuer.

(b) *European Style Warrants*

This Condition 6(b) applies only to European Style Warrants.

The number of Warrants exercisable by any Warrantholder on any Exercise Date must be equal to the Minimum Exercise Number or any integral multiple thereof or of such other number, in each case as specified in the applicable Final Terms. Any Exercise Notice which purports to exercise Warrants in breach of this provision shall be void and be of no effect.

(c) *Bermudan Style Warrants*

This Condition 6(c) applies only to Bermudan Style Warrants.

(i) The number of Warrants exercisable by any Warrantholder on any Actual Exercise Date, as determined by the Issuer, must be equal to the Minimum Exercise Number and any integral multiple thereof or of such other number, each as specified in the applicable Final Terms. Any Exercise Notice which purports to exercise Warrants in an

amount less than the Minimum Exercise Number or the relevant integral multiple shall be void and of no effect.

- (ii) If the Issuer determines that the number of Warrants being exercised on any Actual Exercise Date by any Warrantholder or a group of Warrantholders (whether or not acting in concert) exceeds the Maximum Exercise Number (a number equal to the Maximum Exercise Number being the “**Quota**”) as specified in the applicable Final Terms, the Issuer may deem the Actual Exercise Date for the first Quota of such Warrants, selected at the discretion of the Issuer to be such day and (a) if the immediately succeeding Business Day is an Exercise Date, the Actual Exercise Date for each additional Quota of such Warrants (and any remaining number thereof) shall be each of the immediately succeeding Business Days that is an Exercise Date until either (A) all such Warrants have been attributed with an Actual Exercise Date or (B) the immediately succeeding Business Day is not an Exercise Date (in which case the exercise of such remaining Warrants (not selected by the Issuer for exercise on the applicable Actual Exercise Date) by a Warrantholder or group of Warrantholders shall be deemed to be void and of no effect) or (b) if the immediately succeeding Business Day is not an Exercise Date, the exercise of the remaining Warrants (not selected by the Issuer for exercise on the applicable Actual Exercise Date) by a Warrantholder or group of Warrantholders shall be void and of no effect. In any case where more than the Quota of Warrants are exercised on the same day by Warrantholder(s), the order of settlement in respect of such Warrants shall be at the sole discretion of the Issuer.

Notwithstanding Conditions 6(a), 6(b) and 6(c) and where applicable, where Warrants are Physical Delivery Warrants they may only be exercised in such amounts as will ensure that the number of Relevant Assets to be delivered to a Warrantholder is equal to an integral multiple of a Board Lot (as defined below). Relevant Assets will be delivered by or on behalf of the Issuer to each Warrantholder only in integral multiples of the minimum board lot for the trading of the Relevant Assets on the relevant Exchange as from time to time specified by such Exchange (the “**Board Lot**”). In circumstances where any Physical Delivery Warrants held by a Warrantholder are not capable of being exercised in amounts which would result in the purchase of a number of Relevant Assets equal to an integral multiple of the relevant Board Lot (each an “**Undeliverable Warrant**”), the Warrants (or such number thereof, as the case may be) shall be treated as Cash Settled Warrants and the Issuer shall pay the Warrantholder an amount (a “**Board Lot Payment**”) equal to the Market Value (as defined in Condition 20 below) of the Relevant Assets attributable to each Undeliverable Warrant.

If the Calculation Agent determines that the amount of any such Board Lot Payment is of a *de minimis* amount such Warrantholder shall not receive any payment in respect of the Warrants which are not capable of being exercised in amounts which would result in the purchase of a number of Relevant Assets equal to an integral multiple of the relevant Board Lot.

7. **Force Majeure**

The Issuer shall have the right to terminate its obligations under the Warrants, subject to the following sentence, if the Issuer shall have determined that the performance of such obligations or the obligations of the Guarantor under the Guarantee in respect of such Warrants shall have become illegal or impracticable, in either such case whether in whole or in part, in particular as a result of compliance with any applicable present or future law,

rule, regulation, judgment, order or directive of any governmental, administrative, legislative or judicial authority or power. In such circumstances, the Issuer will give notice to Warrantheholders of such termination in accordance with Condition 11 and, if and to the extent permitted by applicable law, pay to each Warrantheholder in respect of each Warrant held by it an amount determined by the Calculation Agent as representing the fair market value of a Warrant notwithstanding such illegality or impracticality less the cost to the Issuer of unwinding any related Hedge Positions plus, if already paid by or on behalf of the Warrantheholder, the Strike Price, all as determined by the Calculation Agent in its sole and absolute discretion.

Payment will be made in such manner as shall be notified to the Warrantheholders in accordance with Condition 11.

8. Purchases

The Issuer, the Guarantor and any of their respective affiliates shall have the right to purchase or otherwise acquire Warrants at such times, in such manner and for such consideration as it may deem appropriate. Any Warrants so purchased may be held or resold or surrendered for cancellation and, if cancelled, may be reissued by the Issuer at such time and in such manner as it may deem appropriate.

9. Agents and Determination

(a) Agents

The specified offices of the Agents are as set out at the end of these Conditions.

Notice of any termination of appointment and of any changes in the specified office of any Agent will be given to Warrantheholders in accordance with Condition 11. In acting under the Master Warrant Agreement, each Agent acts solely as

Warrants which have not been exercised but in respect of which an Exercise Notice has been received as described in Condition 5 will not confer the right to attend or vote at, or join in convening, or be counted in the quorum for, any meeting of the Warrantheolders. Resolutions can be passed in writing if passed unanimously.

(b) *Modifications*

The Issuer may modify these Conditions and/or the Master Warrant Agreement and/or any Final Terms without the consent of the Warrantheolders in any manner which the Issuer and/or the Calculation Agent may deem necessary or desirable provided that such modification does not materially adversely affect the interests of the Warrantheolders or such modification is of a formal, minor or technical nature or to correct a manifest error or to cure, correct or supplement any defective provision contained herein and/or therein or to comply with any requirement of the Luxembourg Stock Exchange and/or any stock exchange on which Warrants may be listed. Notice of any such modification will be given to the Warrantheolders in accordance with Condition 11 but failure to give or non-receipt of, such notice will not affect the validity of any such modification. In connection with such right of modification neither the Issuer nor the Calculation Agent shall be obliged to have regard to the consequences of the exercise of such right for individual Warrantheolders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory, and no Warrantheolder shall be entitled to claim from the Issuer, the Guarantor or the Calculation Agent any indemnification or payment in respect of any tax consequence of any such modification.

14. Substitution

(a) *Substitution*

Except in the case of Warrants eligible for sale into the United States, the Issuer, or any previous substitute company, shall be entitled at any time and from time to time, without the consent of the Warranholders, to substitute CALYON or any subsidiary or holding company of CALYON (the “**New Issuer**”) in place of the Issuer, as obligor under the Warrants, provided that (i) the New Issuer shall assume all obligations of the Issuer in relation to the Warranholders under or in relation to the Warrants including those contained in the Agency Agreement, to which the New Issuer shall become a party for the purpose of such Warrants with such consequential amendments as the Principal Warrant Agent shall deem appropriate, (ii) all actions, conditions and things required to be taken, fulfilled and done to ensure that the Warrants represent legal, valid and binding obligations of the New Issuer have been taken, fulfilled and done (including the appointment of a process agent in England) and are in full force and effect, (iii) if applicable, each stock exchange on which such Warrants are listed shall have confirmed that, following such substitution, the Warrants will continue to be listed on such stock exchange, and (iv) except in the case where the New Issuer is CALYON, the payment obligations under or in respect of Warrants continue to be unconditionally guaranteed by the Guarantor. Where CALYON is the New Issuer, the Guarantee shall no longer apply to such Warrants. Following such a substitution, any reference in these Conditions to the Issuer shall be construed as a reference to the New Issuer.

(b) *Notice of change or substitution*

A change or substitution shall be promptly notified to the Warranholders in accordance with Condition 11.

(c) *Tax consequences*

In connection with such right of change or substitution, the Issuer shall not be obliged to have regard to the consequences of the exercise of such right for individual Warranholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory, and no Warranholder shall be entitled to claim from the Issuer any indemnification or payment in respect of any tax consequence of any such change or substitution upon such Warranholder.

15. Governing Law

The Warrants, each Global Warrant, the Agency Agreement and the Guarantee, and any non-contractual obligations arising out of or in connection with them, are governed by, and shall be construed in accordance with, English law. Each of the Issuer and the Guarantor irrevocably agrees for the exclusive benefit of each Warranholder that the courts of England are to have jurisdiction to settle any disputes which may arise out of or in connection with the Warrants or the Guarantee and that accordingly any suit, action or proceeding (together in this Condition referred to as “**Proceedings**”) arising out of or in connection with the Warrants or the Guarantee may be brought in such courts. Nothing contained in this Condition 15 shall limit the right of any Warranholder to take Proceedings in any other court of competent jurisdiction, nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction, whether concurrently or not. Each of the Issuer and the Guarantor appoints CALYON, London branch at its principal office in England for the time being at Broadwalk

House, 5 Appold Street, London EC2A 2DA as its process agent to receive on its behalf service of process of any Proceedings in England.

16. Additional Terms for Index Linked Warrants

(a) *Adjustments*

(i) **Successor Sponsor Calculates and Reports an Index**

If an Index (as defined in the applicable Final Terms) is (i) not calculated and announced by the sponsor specified in the applicable Final Terms (the “**Sponsor**”) but is calculated and published by a successor to the Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index or (iii) not in existence on or prior to a Valuation Date, but the Calculation Agent considers there to be in existence at such time an alternative index which, if substituted for the Index, would materially preserve the economic equivalent of the rights of the Warrantholders under the Warrants immediately prior to such substitution, then the Index will be deemed to be the index so calculated and published by the Successor Sponsor or that successor or alternative index, as the case may be.

If (A) on or prior to a Valuation Date in respect of any Series of Warrants the Sponsor or (if applicable) the Successor Sponsor of an Index makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent stock or contracts and other routine events), or (B) on or prior to any such Valuation Date the Sponsor or (if applicable) the Successor Sponsor of an Index fails to, or announces its intention not to, calculate and publish the Index other than due to the occurrence on such day of a Market Disruption Event, then the Calculation Agent shall determine the level of the Index at the relevant time on such day using, in lieu of a published official level of the Index, the level for the Index as at the relevant time as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to that change or failure, but using only those securities that comprised the Index immediately prior to that change or failure (other than those securities that have since ceased to be listed on the relevant stock exchange).

The Calculation Agent will notify the level of the Index as calculated by it as described above as of a particular date upon application by telephone or facsimile by an interested person during normal business hours.

(ii) **Valuation Date(s)**

If a date specified in the applicable Final Terms as being a date of valuation or determination in respect of a Warrant (a “**Valuation Date**”, which expression shall, where applicable, include an Averaging Date) is not, in relation to an Index, an Index Business Day or there is a Market Disruption Event on that day (each as defined below), such Valuation Date shall be postponed until the next day which is an Index Business Day with respect to such Index unless, in the opinion of the Calculation Agent, there is a Market Disruption Event (as defined below) on that day. If there is a Market Disruption Event on that day, then such Valuation Date shall be the first succeeding Index Business Day on which there is no Market

Disruption Event, unless there is a Market Disruption Event on each of the five Index Business Days immediately following the original date that, but for the Market Disruption Event, would have been the Valuation Date. In that case (i) the fifth Index Business Day shall be deemed to be the Valuation Date with respect to that Index, notwithstanding the Market Disruption Event, and (ii) the Calculation Agent shall determine the level of the Index on that fifth Index Business Day in accordance with its good faith estimate of the level of the Index that would have prevailed, but for the Market Disruption Event, on that fifth Index Business Day.

For the purposes of this Condition:

“Index Business Day” means, in respect of an Index, a day on which (subject to the occurrence of a Market Disruption Event) such Index is scheduled to be calculated and disseminated by its Sponsor;

“Market Disruption Event” means, in respect of an Index, the occurrence or existence on any Index Business Day during the one-half hour period that ends at the time at which such Index is calculated and published by the relevant Sponsor (or such other time as may be specified in the applicable Final Terms) of a suspension of or limitation imposed on trading (by reason of movements in price exceeding limits permitted by the Exchange(s) or otherwise on:

- (i) the Exchange of securities that comprise 20 per cent. or more of the level of the Index; or
- (ii) any Related Exchange of options contracts or futures contracts on the Index,

if, in the determination of the Calculation Agent, such suspension or limitation is material.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from a published change in the regular business hours of the Stock Exchange(s) or any Related Exchange.

For the purpose of determining whether a Market Disruption Event exists at any time, if trading in a security/commodity included in the Index is materially suspended or materially limited at that time, then the relevant percentage contribution of that security/commodity to the level of the Index shall be based on a comparison of (i) the portion of the level of the Index attributable to that security/commodity relative to (ii) the overall level of the Index, in each case immediately before that suspension or limitation; and

“Related Exchange” means, in relation to an Index, each exchange or quotation system, if any, on which options contracts or futures contracts on the Index are traded or quoted, and as may be selected from time to time by the Calculation Agent.

(iii) Correction of Index

With the exception of any corrections published after the day which is three Exchange Business Days prior to the due date for any payment of a Cash Settlement Amount, if the Index published on a given day and used or to be used by the Calculation Agent to determine any Cash Settlement Amount, is subsequently corrected and the correction published by the relevant Index Sponsor within 30 days of the original publication, the level to be used shall be the

level of the Index as so corrected. Corrections published after the day which is three Exchange Business Days prior to the relevant Redemption Date or, as the case may be, Interest Payment Date will be disregarded by the Calculation Agent for the purposes of determining any Cash Settlement Amount.

(b) *Notice*

The Calculation Agent shall, as soon as practicable thereafter, notify the Issuer and the relevant Warrant Agent of any determination made by it pursuant to this Condition 16 which shall make such determinations available to Warrantheolders for inspection as soon as reasonably practicable after receipt of any written request to do so.

17. Additional Terms for Share Linked Warrants

(a) *General definitions*

For the purposes of this Condition 17:

“**Basket Company**” means a company whose shares are included in the Basket of Shares and Basket Companies means all such companies;

“**Shares**” and “**Share**” mean, subject to adjustment in accordance with this Condition 17, the shares or a share of the relevant Basket Company and, in the case of an issue of Warrants relating to a single Share, such Share and related expressions shall be construed accordingly; and

“**Share Company**” means the company whose Shares relate to a particular series of Warrants.

(b) *Adjustments*

(i) *Potential Adjustment Events*

Except as may be limited in the case of Warrants that may be sold into the United States, following each Potential Adjustment Event (as defined below), the Calculation Agent on behalf of the Issuer reserves the right to make such adjustments or to distribute to the Warrantheolders such rights (including without limitation additional Warrants) in connection with the Warrants as it reasonably believes are appropriate in circumstances which the Calculation Agent believes (in its absolute discretion and notwithstanding any adjustments previously made to the Warrants) should, in the context of the issue of Warrants and its obligations thereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate for the purpose of ensuring the economic value attributable to such Warrant (as determined by the Calculation Agent in its absolute discretion) should be as nearly as practicable the same after as before such Potential Adjustment Event has occurred (without considering the individual circumstances of any Warrantheolder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of any relevant market. Any adjustment or distribution by the Issuer by way of issuing additional Warrants shall be subject to such procedures and certifications as the Issuer may require and shall be notified to the Warrantheolders at the relevant time in accordance with Condition 11.

For the purposes of this Condition 17, “**Potential Adjustment Event**” means the declaration by the Share Company or Basket Company, as the case may be, of the terms of any of the following:-

- (A) a subdivision, consolidation or reclassification of the relevant Shares (unless such be an Extraordinary Event (as defined below)) or a free distribution of the relevant Shares to existing holders by way of bonus, capitalisation or similar issue; or
- (B) a distribution to existing holders of the relevant Shares of (a) additional Shares or (b) other shares, capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company or the Basket Company, as the case may be, equally or proportionately with such payments to holders of the relevant Shares, or (c) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price as determined by the Calculation Agent; or
- (C) an extraordinary dividend; or
- (D) a call in respect of relevant Shares that are not fully paid; or
- (E) a repurchase by it of Shares, whether out of profits or capital and whether the consideration for such repurchase is cash, new shares, securities or otherwise; or
- (F) any event in respect of the Shares analogous to any of the foregoing events or otherwise having, in the opinion of the Calculation Agent, a dilutive or concentrative effect on the market value of the relevant Shares.

In determining whether an adjustment should be made as a result of the occurrence of a Potential Adjustment Event, if options contracts or futures contracts on the relevant Shares are traded on the Exchange (as defined in the applicable Final Terms) or any other exchange, the Calculation Agent may have regard to, but shall not be bound by, any adjustment to the terms of the relevant options contract or futures contract made and announced by the Exchange or any other exchange.

Upon making any such adjustment, the Calculation Agent shall give notice as soon as practicable to the Warrantholders in accordance with Condition 11, giving brief details of the adjustment and of the Potential Adjustment Event.

(ii) Adoption of the euro

In respect of a Share Company or Basket Company whose Shares were originally quoted, listed and/or dealt as of the Issue Date in a currency of a member state of the European Union that has not adopted the single currency in accordance with the EC Treaty, if such Shares are at any time after the Issue Date quoted, listed and/or dealt exclusively in euro on the relevant Exchange or, where no Exchange is specified, the principal market on which those Shares are traded, then the Calculation Agent will adjust any variable relevant to the terms of the relevant Warrant as the Calculation Agent determines appropriate to preserve the economic terms of the relevant Warrant. The Calculation Agent will make any conversion necessary for purposes of any such adjustment as of the Valuation Time at an appropriate mid-market spot rate of exchange determined by the Calculation Agent prevailing as of the Valuation Time. No adjustments under this Condition 17(b)(ii) will affect the currency denomination of any payment obligation arising out of the relevant Warrant.

(iii) Extraordinary Events

If any of the following events (each an “**Extraordinary Event**”) occurs on or prior to a Valuation Date in respect of the Share Company or Basket Company, as the case may:

- (A) the relevant Shares are reclassified or changed (other than a change in par value, if any, as a result of a subdivision or consolidation);
- (B) the Share Company or Basket Company consolidates, amalgamates or merges with or into another entity (other than a consolidation, amalgamation or merger following which such Share Company or Basket Company, as the case may be, is the surviving entity);
- (C) the relevant Shares are the subject of a takeover offer that results in a transfer of an irrevocable commitment to transfer all the relevant Shares (other than the relevant Shares owned or controlled by the offeror);
- (D) by reason of the adoption of or any change in any applicable law, the assets of the Share Company or Basket Company, as the case may be, or all of the relevant Shares then outstanding, are nationalised, expropriated or otherwise required to be transferred to any government, governmental agency or authority;
- (E) by reason of the bankruptcy or insolvency (or other analogous event) of the Share Company or Basket Company (a) all the relevant Shares are required to be transferred to any trustee, liquidator or similar official; or (b) holders of the relevant Shares become legally prohibited from transferring them; or
- (F) the relevant Shares cease to be listed on the Exchange and thereafter either (i) cease to be listed on any recognised stock exchange or (ii) have their listing maintained in, in the reasonable opinion of the Calculation Agent, inappropriate conditions,

the Calculation Agent may, in its sole and absolute discretion, determine what amendments are to be made to the terms of the Warrants to take account of the occurrence of an Extraordinary Event as it considers appropriate, such amendments to be effective on the date determined by the Calculation Agent.

In addition, and without limiting the generality of the foregoing, in respect of the Share Company or Basket Company, as the case may be, the Calculation Agent may:

- I. keep the relevant Share as the underlying asset of the Warrants, provided that the Share continues to fulfil the requirements of liquidity and of incontestable reference prices for a traded security as established by the relevant Exchange; or
- II. if the Extraordinary Event involves an offer (or, at the option of a holder of the relevant Shares (a “**Shareholder**”), may consist) solely of shares (whether of the offeror or a third party) (“**New Shares**”), determine the number of such New Shares to which a Shareholder is entitled to receive upon the consummation of such Extraordinary Event; or
- III. if the Extraordinary Event involves New Shares and cash and/or securities or assets other than New Shares (“**Other Consideration**”), determine the

number of New Shares, taking into account the amount of Other Consideration (expressed as a number or a fraction of a number of the New Share) to which a Shareholder is entitled to receive upon the consummation of such Extraordinary Event.

In any such case, the New Shares shall be deemed to replace the relevant Share and the Calculation Agent shall make any necessary adjustments to any term of the Warrants as it deems appropriate to take account of such Extraordinary Event, including, without limitation, and if appropriate, to the initial price of the Share (as defined in the applicable Final Terms), or to the closing price of the Share on any relevant Valuation Date and/or to the relevant number of underlying Shares per Warrant, or otherwise as specified in the applicable Final Terms; or

- IV. cancel the Warrants by giving notice to Warrantheolders in accordance with Condition 11. If the Warrants are so cancelled the Issuer will pay an amount to each Warrantheolder in respect of each Warrant which amount shall be the fair market value of a Warrant taking into account the Extraordinary Event less the cost to the Issuer or any Hedging Party of unwinding any underlying related hedging arrangements plus, if already paid, the Strike Price, all as determined by or on behalf of the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Warrantheolders in accordance with Condition 11.

Upon the occurrence of a Extraordinary Event, the Calculation Agent shall give notice as soon as practicable to the Warrantheolders in accordance with Condition 11 stating the occurrence of the Extraordinary Event giving details thereof and the action proposed to be taken in relation thereto.

- (iv) Valuation Date(s)

If a date specified in the applicable Final Terms as being a date of valuation or determination in respect of an Warrant (a "**Valuation Date**", which expression shall, where applicable, include an Averaging Date) is not, in relation to a Share, an Share Business Day or there is a Market Disruption Event on that date (each as defined below), such Valuation Date shall be postponed until the next day which is an Share Business Day with respect to such Share unless, in the opinion of the Calculation Agent, there is a Market Disruption Event (as defined below) on that day. If there is a Market Disruption Event on that day, then such Valuation Date shall be the first succeeding Share Business Day on which there is no Market Disruption Event, unless there is a Market Disruption Event on each of the five Share Business Days immediately following the original date that, but for the Market Disruption Event, would have been the Valuation Date. In that case (i) the fifth Share Business Day shall be deemed to be the Valuation Date with respect to that Share, notwithstanding the Market Disruption Event, and (ii) the Calculation Agent shall determine the level of the Share on that fifth Share Business Day in accordance with its good faith estimate of the level of the Share that would have prevailed, but for the Market Disruption Event, on that fifth Share Business Day.

For the purposes of this Condition:

"Share Business Day" means, in respect of a Share, a day that is (or, but for the occurrence of a Market Disruption Event, would have been) a trading day on each

of the relevant Exchange(s) specified in the applicable Final Terms and any Related Exchanges other than a day on which trading on any such exchange is scheduled to close prior to its regular weekday closing time;

“Market Disruption Event” means, in respect of a Share, the occurrence or existence on any Share Business Day during the one-half hour period prior to the normal close of trading in respect of such Share (or such other time as may be specified in the applicable Final Terms) of a suspension of or limitation imposed on trading (by reason of movements in price exceeding limits permitted by the Exchange(s) or otherwise) on:

- (i) the Shares; or
- (ii) any Related Exchange of options contracts or futures contracts on the Share,

if, in the determination of the Calculation Agent, such suspension or limitation is material.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from a published change in the regular business hours of the Exchange(s) or any Related Exchange; and

“Related Exchange” means, in relation to an Share, each exchange or quotation system, if any, on which options contracts or futures contracts on the Shares are traded or quoted, and as may be selected from time to time by the Calculation Agent.

(c) *Dividends*

Where the relevant Final Terms specifies that this Condition 17(c) applies, if at any time from and including the Issue Date to but excluding the Actual Exercise Date (the **“Dividend Period”**) the Basket Company or Share Company, as the case may be, declares a cash dividend to holders of the relevant Shares, the Issuer will give notice as soon as practicable to the Warrantheolders in accordance with Condition 11 giving brief details of such distribution. The Issuer will, subject to compliance with any applicable law or regulation, pay or procure the payment of an amount equal to the Dividend Amount on or before the Business Day that falls the number of Business Days constituting the Dividend Settlement Period following the Dividend Payment Date to Warrantheolders. The Dividend Amount shall only be payable to Warrantheolders holding Warrants on the Ex-Dividend Date and shall be payable to such persons notwithstanding the fact that they may not be holding any Warrants on the Dividend Payment Date.

If there is an FX Disruption Event (as defined below) on the Dividend Payment Date such that the Dividend Amount cannot be determined by the Calculation Agent on or prior to the payment date occurring at the end of the Dividend Settlement Period, the payment date of the Dividend Amount will be postponed until the fifth Business Day after the first following Business Day falling after the end of the Dividend Settlement Period on which there is no FX Disruption Event provided that where an FX Disruption Event has occurred and is continuing on the tenth Business Day following the originally scheduled payment date the Issuer may elect to terminate its obligation to pay the Dividend Amount by paying an amount in a currency not subject to the FX Disruption Event to each Warrantheolder, the value of which corresponds to the fair market value of the Dividend Amount as determined by the Calculation Agent in its sole and absolute discretion.

For the purpose of this Condition:

“Dividend” means, an amount equal to the actual amount received by the Issuer or any Hedging Party under a Hedge Position in respect of a cash dividend payment by the Basket Company or Share Company, as the case may be, in respect of the relevant Shares;

“Dividend Amount” means in respect of each Warrant, an amount equal to the net amount of the Dividends per Share converted into the Settlement Currency on the basis of the foreign exchange rate prevailing on the Dividend Payment Date and determined by the Calculation Agent in its sole discretion equal to the Dividend received or which would have been received by the Issuer or the Hedging Party had such party been the holder of the relevant Shares on the Dividend Payment Date less any Dividend Taxes;

“Dividend Payment Date” means the date on which the Dividend is actually received under any Hedging Position;

“Dividend Taxes” means any withholding tax and/or other taxes or duties incurred, or any expenses, costs or fees incurred by, imposed or assessed to the Issuer (or any of its affiliates or agents) in connection with any Dividends (including but not limited to any costs incurred in relation to the receipt or payment of Dividends), Hedging Positions or otherwise in connection with the Shares including but not limited to, any costs related to or arising out of any default or delay by any broker, dealer, clearing house or hedge counterparty; and

“Ex-Dividend Date” means the date during the Dividend Period on which the Shares, in respect of which a cash dividend has been declared to holders thereof, begin trading ex-dividend on the Exchange.

18. Additional Terms for Commodity Linked Warrants

(a) General Definitions

For the purpose of this Condition 18:

“Commodity” means, subject to adjustment in accordance with this Condition 18, the commodity (or commodities) or futures contract on a commodity (or commodities) specified in the applicable Final Terms and related expressions shall be construed accordingly.

“Commodity Business Day” means, in respect of each Commodity a day that is (or, but for the occurrence of a Market Disruption Event, would have been) a trading day on the Related Exchange.

“Market Disruption Event” means, in respect of a relevant Commodity:

- (a) the occurrence or existence on any Commodity Business Day:
 - (i) of any suspension of or limitation imposed on trading by the Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the Exchange or otherwise on:
 - (x) the Exchange; or
 - (y) any Related Exchange of futures or options contracts relating to the relevant Commodity;
 - (ii) of any event (other than an event described in (b) below) that disrupts or impairs (as determined by the Calculation Agent) the ability of market participants in general (A) to effect transactions in, or obtain market values for, the relevant Commodity on the Exchange, or (B) to effect transactions in, or obtain market values for, futures or

options contracts relating to the relevant Commodity on the Exchange, which in either case the Calculation Agent determines is material; or

- (b) the closure on any Exchange Business Day of the Exchange prior to its Scheduled Closing Time unless such earlier closing time is announced by such Exchange at least one hour prior to (A) the actual closing time for the regular trading session on such Exchange on such Exchange Business Day or, if earlier, (B) the submission deadline for orders to be entered into the Exchange system for execution at the Valuation Time on such Exchange Business Day.

The Calculation Agent shall give notice as soon as practicable to the Warrantholders in accordance with Condition 11 of the occurrence of a Disrupted Day, in respect of any relevant Commodity, on any day that, but for the occurrence of a Disrupted Day, would have been a Valuation Date or Averaging Date.

“Related Exchange” means in relation to a Commodity, each exchange or quotation system, if any, on which options contracts or futures contracts on the Index are traded or quoted, and as may be selected from time to time by the Calculation Agent.

(b) *Adjustments*

- (a) Successor Entity Calculates and Reports a Commodity Price

If a relevant price of a Commodity (the **“Commodity Price”**) is (i) not calculated and announced by the Exchange but is calculated and announced by a successor entity acceptable to the Calculation Agent, or (ii) replaced by a successor commodity price calculated using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Commodity Price, then in each case that commodity price (the **“Successor Commodity Price”**) will be deemed to be the Commodity Price.

- (b) Modification of Calculation and Disappearance of a Commodity Price

If (i) on or prior to a Valuation Date or on Averaging Date, the relevant Exchange makes or announces that it will make a material change in the formula for or the method of calculating a relevant Commodity Price or in any other way materially modifies that Commodity Price (other than a modification prescribed in that formula or any other routine events) (a **“Commodity Modification”**), or a material change in the content, composition or constitution of the Commodity (a **“Commodity Change in Content”**), or (ii) on or prior to a Valuation Date or an Averaging Date, in the case of permanent discontinuation of trading in, disappearance of, or of trading in, the Commodity, disappearance or permanent discontinuance or unavailability of a Commodity Price and no Successor Commodity Price exists (a **“Disappearance of a Commodity Price”** and, together with a Commodity Modification and a Commodity Change in Content, each a **“Commodity Adjustment Event”**), then

- (i) the Calculation Agent shall determine if such Commodity Adjustment Event has a material effect on the Warrants and, if so, shall calculate the relevant Settlement Price using, in lieu of a published price for that Commodity, the price for that Commodity as at the Valuation

Time on that Valuation Date or that Averaging Date, as the case may be, as determined by the Calculation Agent taking into consideration the latest available quotation for such Commodity and any other information that in good faith it deems relevant; or

- (ii) on giving notice to Warrantholders in accordance with Condition 11, redeem the Warrants, each Warrant being redeemed by payment of an amount equal to the fair market value of a Warrant, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Warrantholders in accordance with Condition 11.

(c) Notice

The Calculation Agent shall, as soon as practicable, notify the relevant Warrant Agent of any determination made by it pursuant to paragraph (b) above and the action proposed to be taken in relation thereto and such Warrant Agent shall make available for inspection by Warrantholders copies of any such determinations.

(d) Correction of Commodity Price

With the exception of any corrections published after the day which is three Exchange Business Days prior to the due date for any payment of a Cash Settlement Amount, if the Commodity Price published on a given day and used or to be used by the Calculation Agent to determine any Cash Settlement Amount, is subsequently corrected and the correction published by the relevant Exchange within 30 days of the original publication, the price to be used shall be the price of the relevant Commodity as so corrected. Corrections published after the day which is three Exchange Business Days prior to the relevant Settlement Date will be disregarded by the Calculation Agent for the purposes of determining any Cash Settlement Amount.

(e) Valuation Date(s)

If a date specified in the applicable Final Terms as being a date of valuation or determination in respect of an Warrant (a “**Valuation Date**”, which expression shall, where applicable, include an Averaging Date) is not, in relation to a Commodity, a Commodity Business Day or there is a Market Disruption Event on that date (each as defined below), such Valuation Date shall be postponed until the next day which is an Commodity Business Day with respect to such Commodity unless, in the opinion of the Calculation Agent, there is a Market Disruption Event (as defined below) on that day. If there is a Market Disruption Event on that day, then such Valuation Date shall be the first succeeding Commodity Business Day on which there is no Market Disruption Event, unless there is a Market Disruption Event on each of the five Commodity Business Days immediately following the original date that, but for the Market Disruption Event, would have been the Valuation Date. In that case (i) the fifth Commodity Business Day shall be deemed to be the Valuation Date with respect to that Commodity, notwithstanding the Market Disruption Event, and (ii) the Calculation Agent shall determine the level of the Commodity on that fifth Commodity

Business Day in accordance with its good faith estimate of the level of the Commodity that would have prevailed, but for the Market Disruption Event, on that fifth Commodity Business Day.

19. Currency Linked Warrants, Debt Linked Warrants, Interest Rate Linked Warrants and Fund Linked Warrants

Provisions relating to Currency Linked Warrants, Debt Linked Warrants, Interest Rate Linked Warrants, Fund Linked Warrants and Warrants linked to any other underlying asset will be set out in the applicable Final Terms.

20. Definitions

For the purposes of these Terms and Conditions, the following general definitions will apply:

“Actual Exercise Date” means the Exercise Date (in the case of European Style Warrants) or, subject to Condition 6(a)(ii), the date during the Exercise Period on which the Warrant is actually or is deemed exercised (in the case of American Style Warrants (as more fully set out in Condition 4(a)(i))), or, subject to Condition 6(c)(ii), the Exercise Date on which the Warrant is actually or is deemed exercised (in the case of Bermudan Style Warrants (as more fully set out in Condition 4(a)(iii)));

“Alternative Cash Settlement Amount” means, in respect of any exercised Warrant, an amount in the Settlement Currency equal to the fair market value of such Warrants, less the cost to the Issuer or any Hedging Party of unwinding any related hedging arrangements, all as determined by the Calculation Agent in its sole discretion;

“American Style Warrants” means Warrants designated in the applicable Final Terms as “American Style” and being Warrants exercisable on any Business Day during an Exercise Period specified that consists of more than one Business Day in the applicable Final Terms;

“Automatic Exercise” means in respect of Warrants, Warrants that are subject to automatic exercise in accordance with Condition 5(g);

“Averaging Date” means, in respect of each Valuation Date, each date specified or otherwise determined as an Averaging Date in the applicable Final Terms or, if any date is not an Exchange Business Day, the next following Exchange Business Day;

“Averaging Date Disruption” means, in the opinion of the Calculation Agent, that a Market Disruption Event is occurring on an Averaging Date, then, if under “Averaging Date Disruption” the consequence specified in the applicable Final Terms is:

“Omission”, then such Averaging Date will be deemed not to be a relevant Averaging Date for purposes of determining the relevant Settlement Price. If, through the operation of this provision, no Averaging Date would occur with respect to the relevant Valuation Date, then the provision of the definition of Valuation Date will apply for the purposes of determining the relevant level, price or amount on the final Averaging Date in respect of that Valuation Date as if such final Averaging Date were a Valuation Date that was a Disrupted Day;

(b) **“Postponement”**, then the provision of the definition of Valuation Date will apply for the purposes of determining the relevant level, price or amount on that Averaging Date as if such Averaging Date were a Valuation Date on which a Market Disruption Event had occurred irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a date that already is or is deemed to be an Averaging Date for the relevant Warrant; or

(c) **“Modified Postponement”**, then:

- (i) in the case of an Index Linked Warrant relating to a single Index, a Share Linked Warrants relating to a single Share or a Commodity Linked Warrant relating to a single Commodity, the Averaging Date shall be the first succeeding Valid Date. The obligations of the Guarantor under the Deed of Guarantee

will constitute direct, unsubordinated, unconditional and unsecured obligations of the Guarantor and will rank *pari passu* with all other existing or future direct, unsubordinated, unconditional and unsecured obligations of the Guarantor (other than those preferred by law).

4. Interest

(i) *Interest Amount*

If so specified in the applicable Final Terms, each Certificate pays interest from and including the Interest Commencement Date of the Certificates at the Interest Rate payable in arrear on each Interest Payment Date.

The amount of interest payable in respect of each Certificate on each Interest Payment Date will amount to the Interest Amount (as defined below) for the Interest Period (as defined below) ending on (but excluding) such Interest Payment Date.

If so specified in the applicable Final Terms, the payment and/or accrual of any interest may be subject to certain events or conditions having or not having occurred (“**Conditional Interest**”).

If interest is required to be calculated for a period ending other than on (but excluding) an Interest Payment Date, it will be calculated on the basis of the number of days from and including the most recent Interest Payment Date (or, if none, the Issue Date of the Certificates) to but excluding the relevant payment date, and the relevant interest rate day count fraction as specified in the applicable Final Terms (the “**Interest Rate Day Count Fraction**”).

Such Interest Rate and/or Interest Amount may be a fixed nominal interest rate (“**Fixed Interest Certificates**”) or floating interest rate (“**Floating Rate Certificates**”) or it may be determined by reference to, and the application of such Interest Rate and/or the payment of such Interest Amount may be limited or affected by, the performance of an Index, a Share, a Debt Security, a Commodity, an Inflation Index or any other underlying security or any combination thereof in the manner specified in the applicable Final Terms (“**Interest Indexed Certificates**”) and, for avoidance of doubt, the provisions in these Conditions relating to such Index, Share, Debt Security, Commodity, Inflation Index or the other underlying security shall apply *mutatis mutandis* in the manner specified in the applicable Final Terms.

(ii) *Accrual of Interest*

Unless otherwise provided in the applicable Final Terms, each Certificate will cease to accrue interest from and including its due date for redemption unless payment of the amount and/or delivery of any Entitlement due on redemption is improperly withheld or refused or unless default is otherwise made in respect of the payment or delivery in which case interest shall continue to accrue from the date such amount or delivery of such Entitlement was due until such amount or delivery of such Entitlement is paid or delivered, as the case may be. For the avoidance of doubt, no interest on the Certificates shall accrue beyond the Redemption Date (as defined below) in the event that delivery of any Entitlement is postponed due to the occurrence of a Settlement Disruption Event.

(iii) *Business Day Convention*

If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is (i) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business

Day unless it would thereby fall into the next calendar month, in which event (A) such date shall be brought forward to the immediately preceding Business Day and (B) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (ii) the Following Business Day Convention, such date shall be postponed to the next day which is a Business Day, (iii) the Modified Following Business Day Convention, such date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (iv) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

(iv) *Interest Rate on Floating Rate Certificates*

The Interest Rate in respect of Floating Rate Certificates for each Interest Accrual Period shall be determined in the manner specified in the applicable Final Terms and, except as otherwise specified in the relevant Final Terms, the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified hereon.

(x) ISDA Determination for Floating Rate Certificates

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Interest Rate is to be determined, the Interest Rate for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (x), “**ISDA Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions (as defined below) and under which:

- (i) the Floating Rate Option is as specified in the applicable Final Terms;
- (ii) the Designated Maturity is a period specified in the applicable Final Terms; and
- (iii) the relevant Reset Date is the first day of that Interest Accrual Period, unless otherwise specified in the applicable Final Terms.

For the purposes of this sub-paragraph (x), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**”, “**Reset Date**” and “**Swap Transaction**” have the meanings given to those terms in the ISDA Definitions.

(y) Screen Rate Determination for Floating Rate Certificates

(i) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Interest Rate is to be determined, the Interest Rate for each Interest Accrual Period will, subject as provided below, be either:

- (a) the offered quotation; or
- (b) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (London time in the case of

LIBOR or Brussels time in the case of EURIBOR) on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified hereon as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided in the applicable Final Terms.

- (ii) if the Relevant Screen Page is not available or, if sub-paragraph (i)(a) applies and no such offered quotation appears on the Relevant Screen Page, or, if sub-paragraph (i)(b) above applies and fewer than three such offered quotations appear on the Relevant Screen Page, in each case as at the time specified above, subject as provided below, the Calculation Agent shall request, if the Relevant Rate is LIBOR, the principal London office of each of the Reference Banks or, if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), or if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Interest Rates for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and

If any Certificateholder does so transfer or attempt to transfer such Certificates, such Certificateholder will be liable to the Issuer for any losses, costs and expenses suffered or incurred by the Issuer, including, without limitation, those suffered or incurred as a consequence of it having terminated any related hedging operations in reliance on the relevant Asset Transfer Notice and subsequently (i) entering into replacement hedging operations in respect of such Certificates or (ii) paying any amount on the subsequent redemption of such Certificates without having entered into any replacement hedging operations.

(m) *Settlement Disruption*

(i) Settlement Disruption

If, in the opinion of the Calculation Agent, delivery of the Entitlement in respect of any Physical Delivery Certificates using the method of delivery specified in the applicable Final Terms is not practicable by reason of a Settlement Disruption Event having occurred and continuing on any Redemption Date, the Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date, then such Redemption Date, Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date, for such Certificates shall be postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event PROVIDED THAT the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Certificate by delivering the Entitlement using such other commercially reasonable manner as it may select and in such event the Redemption Date, the Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date, shall be such day as the Issuer deems appropriate in connection with delivery of the Entitlement

in such other commercially reasonable manner. Where a Settlement Disruption Event affects some but not all of the Relevant Assets comprising the Entitlement, the Redemption Date for the Relevant Assets not affected by the Settlement Disruption Event will be the originally designated Redemption Date, the Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date. For so long as delivery of the Entitlement is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Certificate by payment to the relevant Certificateholder of the Disruption Cash Settlement Amount on the third Business Day following the date that notice of such election is given to the Certificateholders in accordance with Condition 10. Payment of the Disruption Cash Settlement Amount will be made in such manner as shall be notified to the Certificateholders in accordance with Condition 10. The Calculation Agent shall give notice as soon as practicable to the Certificateholders in accordance with Condition 10 that a Settlement Disruption Event has occurred. No Certificateholder shall be entitled to any payment in respect of the relevant Certificate in the event of any delay in the delivery of the Entitlement due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

(ii) Failure to Deliver due to Illiquidity

If “**Failure to Deliver due to Illiquidity**” is specified as applicable in the applicable Final Terms and following the exercise of Physical Delivery Certificates, in the opinion of the Calculation Agent, it is impossible or impracticable to deliver, when due, some or all of the Relevant Assets (the “**Affected Relevant Assets**”) comprising the Entitlement, where such failure to deliver is due to illiquidity in the market for the Relevant Assets, then:

- (a) subject as provided elsewhere in these Terms and Conditions as amended by the applicable Final Terms, any Relevant Assets which are not Affected Relevant Assets, will be delivered on the originally designated Redemption Date, the Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date, in accordance with Condition 5(m)(ii); and
- (b) in respect of any Affected Relevant Assets, in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Certificate by payment to the relevant Certificateholder of the Failure to Deliver Settlement Amount on the fifth Business Day following the date that notice of such election is given to the Certificateholders in accordance with Condition 10. Payment of the Failure to Deliver Settlement Amount will be made in such manner as shall be notified to the Certificateholders in accordance with Condition 10. The Calculation Agent shall give notice as soon as practicable to the Certificateholders in accordance with Condition 10 that the provisions of this Condition 5(m)(ii) apply.

(n) *Issuer's Option to Vary Settlement*

If the applicable Final Terms indicates that the Issuer has an option to vary settlement in respect of the Physical Delivery Certificates, the Issuer may in its sole and absolute

discretion, in respect of each such Certificate elect not to pay the relevant Certificateholders the Redemption Amount, the Optional Redemption Amount or, as the case may be, the Automatic Early Redemption Amount or to deliver or procure delivery of the Entitlement to the relevant Certificateholders, as the case may be, but, in lieu thereof to deliver or procure delivery of the Entitlement or make payment of the Alternative Cash Settlement Amount on the Redemption Date, the Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date to the relevant Certificateholders, as the case may be. Notification of such election will be given to Certificateholders no later than 10.00 a.m. (London time) on the second Business Day following the Redemption Date, the Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date. In the event a Settlement Disruption Event had occurred or is continuing in the period commencing on the Redemption Date, the Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date and ending on such second Business Day, notification of such election may be postponed up to the earlier of (i) eight Business Days following the Redemption Date, the Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date so long as such Settlement Disruption Event is continuing, (ii) two Business Days after the end of such Settlement Disruption Event, and (iii) one Business Day prior to the Redemption Date, the Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date (as may be adjusted in accordance with these Conditions in respect of such Settlement Disruption Event).

(o) *FX Disruption*

- (i) Where the applicable Final Terms specifies that this Condition 5(o) is applicable, if the Calculation Agent determines that on any Valuation Date an FX Disruption Event (as defined below) has occurred and is continuing, the date for determination of the FX Rate shall be postponed until the first Business Day on which such FX Disruption Event ceases to exist (the “**FX Date**”), provided that where on the tenth Business Day following the Valuation Date (the “**FX Cut-Off Date**”) such FX Disruption Event continues to exist, the Issuer may elect to terminate its obligations under the Certificate by (x) paying an amount in a currency not subject to the FX Disruption Event; or (y) delivering or procuring the delivery of an amount of Relevant Assets, to each Certificateholder the value of which corresponds to the fair market value of each Certificate held by the Certificateholder each as determined by the Calculation Agent in its sole and absolute discretion.
- (ii) Where an FX Disruption Event occurs, the Redemption Date, the Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date, in respect of the Certificates shall be postponed to the Business Day which falls the same number of Business Days after the FX Date or the FX Cut-Off Date, where the Issuer elects to terminate its obligations under the Certificate in accordance with (l)(i) above, as the Redemption Date, the Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date, was originally scheduled to be after the Valuation Date (the “**Postponed Redemption Date**”).
- (iii) If an FX Disruption Event has occurred and is continuing on the Redemption Date, the Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date, or the Postponed Redemption Date (including any Redemption Date, the Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date, postponed due to a prior FX Disruption Event), then the

Redemption Date, the Optional Redemption Date, the Automatic Early Redemption Date or the Postponed Redemption Date, as the case may be, shall be postponed until the first Business Day on which such FX Disruption Event ceases to exist, provided that where on the tenth Business Day following the Redemption Date, the Optional Redemption Date, the Automatic Early Redemption Date or the Postponed Redemption Date, as the case may be, an FX Disruption Event exists the Issuer may elect to terminate its obligations under the Certificate by (x) paying an amount in a currency not subject to the FX Disruption Event, or (y) delivering or procuring the delivery of an amount of Relevant Assets, to each Certificateholder the value of which corresponds to the fair market value of each Certificate held by the Certificateholder each as determined by the Calculation Agent in its sole and absolute discretion.

For the avoidance of doubt, if an FX Disruption Event coincides with a Market Disruption Event, a Settlement Disruption Event or a Failure to Deliver due to Illiquidity, the provisions of this Condition 5(o) shall take effect only after such postponements or adjustments have been made as a result of such Market Disruption Event in accordance with Conditions 15 and 16, as the case may be, or a Settlement Disruption Event in accordance with Condition 5(m)(i) or a Failure to Deliver due to Illiquidity in accordance with Condition 5(m)(ii), as the case may be, and, notwithstanding the provisions of Condition 5(m), the Issuer's payment obligation of the Redemption Amount or, as the case may be, the Automatic Early Redemption Amount shall continue to be postponed in accordance with the provisions of this Condition 5(o).

For the purposes of this Condition 5(o):

For the avoidance of doubt, in such circumstances such Holder shall not be entitled to any payment, whether of interest or otherwise, as a result of such Delivery Date falling after the Redemption Date, the Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date and no liability in respect thereof shall attach to the Issuer or the Guarantor, if any.

The Issuer shall at the risk of the relevant Holder, deliver or procure the delivery of the Entitlement for each Certificate, pursuant to the details specified in the Asset Transfer

Notice or in such commercially reasonable manner as the Calculation Agent shall in its sole discretion determine and notify to the person designated by the Holder in the relevant Asset Transfer Notice. All Expenses arising from the delivery of the Entitlement in respect of such Certificates shall be for the account of the relevant Holder and no delivery of the Entitlement shall be made until all Expenses have been paid to the satisfaction of the Issuer by the relevant Holder.

In the event that a Certificateholder does not so deliver an Asset Transfer Notice as aforesaid by close of business (Brussels or Luxembourg local time) (as appropriate) on the first Business Day falling on or before the 30th day after the Cut-off Date (the “**Final Cut-Off Date**”), the Issuer’s and the Guarantor’s obligations in respect of such Certificates shall be discharged and no further liability in respect thereof shall attach to the Issuer or the Guarantor.

administrative, legislative or judicial authority or power. In such circumstances, the Issuer will give notice to Certificateholders of such termination in accordance with Condition 10 and, if and to the extent permitted by applicable law, pay to each Certificateholder in respect of each Certificate held by it an amount determined by the Calculation Agent as representing the fair market value of a Certificate notwithstanding such illegality or impracticality less the cost to the Issuer of unwinding any related Hedge Positions plus, if already paid by or on behalf of the Certificateholder, the Strike Price, all as determined by the Calculation Agent in its sole and absolute discretion.

The Certificates, each Global Certificate, the Agency Agreement and the Deed of Guarantee, and any non-contractual obligations arising out of or in connection with them, shall be governed by and construed in accordance with English law. Each of the Issuer and the Guarantor irrevocably agrees for the exclusive benefit of each Certificateholder that the courts of England are to have jurisdiction to settle any disputes which may arise out of or in connection with the Certificates or the Guarantor and that accordingly any suit, action or proceeding (together in this Condition referred to as “**Proceedings**”) arising out of or in connection with the Certificates or the Guarantee may be brought in such courts. Nothing contained in this Condition 14 shall limit the right of any Certificateholder to take Proceedings in any other court of competent jurisdiction, nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction, whether concurrently or not. Each of the Issuer and the Guarantor appoints CALYON, London branch at its principal office in England for the time being at Broadwalk

House, 5 Appold Street, London EC2A 2DA as its process agent to receive on its behalf service of process of any Proceedings in England.

15. Additional Terms for Index Linked Certificates

(a) *Adjustments*

(i) Successor Sponsor Calculates and Reports an Index

If an Index (as defined in the applicable Final Terms) is (i) not calculated and announced by the sponsor specified in the applicable Final Terms (the “**Sponsor**”) but is calculated and published by a successor to the Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index or (iii) not in existence on or prior to the Valuation Date, but the Calculation Agent considers there to be in existence at such time an alternative index which, if substituted for the Index, would materially preserve the economic equivalent of the rights of the Certificateholders under the Certificates immediately prior to such substitution, then the Index will be deemed to be the index so calculated and published by the Successor Sponsor or that successor or alternative index, as the case may be.

If (A) on or prior to a Valuation Date in respect of any Series of Certificates the Sponsor or (if applicable) the Successor Sponsor of an Index makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent stock or contracts and other routine events), or (B) on or prior to any such Valuation Date the Sponsor or (if applicable) the Successor Sponsor of an Index fails to, or announces its intention not to, calculate and publish the Index other than due to the occurrence on such day of a Market Disruption Event, then the Calculation Agent shall determine the level of the Index at the relevant time on such day using, in lieu of a published official level of the Index, the level for the Index as at the relevant time as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to that change or failure, but using only those securities that comprised the Index immediately prior to that change or failure (other than those securities that have since ceased to be listed on the relevant stock exchange).

The Calculation Agent will notify the level of the Index as calculated by it as described above as of a particular date upon application by telephone or facsimile by an interested person during normal business hours.

(ii) Valuation Date(s)

If a date specified in the applicable Final Terms as being a date of valuation or determination in respect of a Certificate (a “**Valuation Date**”, which expression shall, where applicable, include an Average Date) is not, in relation to an Index, an Index Business Day or there is a Market Disruption Event on that day (each as defined below), such Valuation Date shall be postponed until the next day which is an Index Business Day with respect to such Index unless, in the opinion of the Calculation Agent, there is a Market Disruption Event (as defined below) on that day. If there is a Market Disruption Event on that day, then such Valuation Date shall be the first succeeding Index Business Day on which there is no Market

Disruption Event, unless there is a Market Disruption Event on each of the five Index Business Days immediately following the original date that, but for the Market Disruption Event, would have been the Valuation Date. In that case (i) the fifth Index Business Day shall be deemed to be the Valuation Date with respect to that Index, notwithstanding the Market Disruption Event, and (ii) the Calculation Agent shall determine the level of the Index on that fifth Index Business Day in accordance with its good faith estimate of the level of the Index that would have prevailed, but for the Market Disruption Event, on that fifth Index Business Day.

For the purposes of this Condition:

“Index Business Day” means, in respect of an Index, a day on which (subject to the occurrence of a Market Disruption Event) such Index is scheduled to be calculated and disseminated by its Sponsor;

“Market Disruption Event” means, in respect of an Index, the occurrence or existence on any Index Business Day during the one-half hour period that ends at the time at which such Index is calculated and published by the relevant Sponsor (or such other time as may be specified in the applicable Final Terms) of a suspension of or limitation imposed on trading (by reason of movements in price exceeding limits permitted by the Exchange or otherwise) on:

- (i) the Exchange of securities that comprise 20 per cent. or more of the level of the Index; or
- (ii) any Related Exchange of options contracts or futures contracts on the Index,

if, in the determination of the Calculation Agent, such suspension or limitation is material.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from a published change in the regular business hours of the Stock Exchange(s) or any Related Exchange.

For the purpose of determining whether a Market Disruption Event exists at any time, if trading in a security/commodity included in the Index is materially suspended or materially limited at that time, then the relevant percentage contribution of that security/commodity to the level of the Index shall be based on a comparison of (i) the portion of the level of the Index attributable to that security/commodity relative to (ii) the overall level of the Index, in each case immediately before that suspension or limitation; and

“Related Exchange” means, in relation to an Index, each exchange or quotation system, if any, on which options contracts or futures contracts on the Index are traded or quoted, and as may be selected from time to time by the Calculation Agent.

- (iii) Correction of Index

With the exception of any corrections published after the day which is three Exchange Business Days prior to the due date for any payment of a Redemption Amount or, as the case may be, Automatic Early Redemption Amount and/or Interest Amount, if the Index published on a given day and used or to be used by the Calculation Agent to determine any Redemption Amount or, as the case may be, Automatic Early Redemption Amount and/or Interest Amount, is subsequently

corrected and the correction published by the relevant Index Sponsor within 30 days of the original publication, the level to be used shall be the level of the Index as so corrected. Corrections published after the day which is three Exchange Business Days prior to the relevant Redemption Date, Automatic Early Redemption Date or, as the case may be, Interest Payment Date will be disregarded by the Calculation Agent for the purposes of determining any Redemption Amount or, as the case may be, Automatic Early Redemption Amount and/or Interest Amount.

(b) *Notice*

The Calculation Agent shall, as soon as practicable thereafter, notify the Issuer and the relevant Certificate Agent of any determination made by it pursuant to this Condition 15, which shall make such determinations available to Certificateholders for inspection as soon as reasonably practicable after receipt of any written request to do so.

16. Additional Terms for Share Linked Certificates

(a) *General definitions*

For the purposes of this Condition 16:

“**Basket Company**” means a company whose shares are included in the Basket of Shares and Basket Companies means all such companies;

“**Shares**” and “**Share**” mean, subject to adjustment in accordance with this Condition 16, the shares or a share of the relevant Basket Company and, in the case of an issue of Certificates relating to a single Share, such Share and related expressions shall be construed accordingly; and

“**Share Company**” means the company whose Shares relate to a particular series of Certificates.

(b) *Adjustments*

(i) *Potential Adjustment Events*

Except as may be limited in the case of Certificates that may be sold into the United States, following each Potential Adjustment Event (as defined below), the Calculation Agent on behalf of the Issuer reserves the right to make such adjustments or to distribute to the Certificateholders such rights (including without limitation additional Certificates) in connection with the Certificates as it reasonably believes are appropriate in circumstances which the Calculation Agent believes (in its absolute discretion and notwithstanding any adjustments previously made to the Certificates) should, in the context of the issue of Certificates and its obligations thereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate for the purpose of ensuring the economic value attributable to such Certificate (as determined by the Calculation Agent in its absolute discretion) should be as nearly as practicable the same after as before such Potential Adjustment Event has occurred (without considering the individual circumstances of any Certificateholder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of any relevant market. Any adjustment or distribution by the Issuer by way of issuing additional Certificates shall be subject to such procedures and certifications as the Issuer may require and shall be notified to the Certificateholders at the relevant time in accordance with Condition 10.

For the purposes of this Condition 16, “**Potential Adjustment Event**” means the declaration by the Share Company or Basket Company, as the case may be, of the terms of any of the following:-

- (A) a subdivision, consolidation or reclassification of the relevant Shares (unless such be an Extraordinary Event (as defined below)) or a free distribution of the relevant Shares to existing holders by way of bonus, capitalisation or similar issue; or
- (B) a distribution to existing holders of the relevant Shares of (a) additional Shares or (b) other shares, capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company or the Basket Company, as the case may be, equally or proportionately with such payments to holders of the relevant Shares, or (c) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price as determined by the Calculation Agent; or
- (C) an extraordinary dividend; or
- (D) a call in respect of relevant Shares that are not fully paid; or
- (E) a repurchase by it of Shares, whether out of profits or capital and whether the consideration for such repurchase is cash, new shares, securities or otherwise; or
- (F) any event in respect of the Shares analogous to any of the foregoing events or otherwise having, in the opinion of the Calculation Agent, a dilutive or concentrative effect on the market value of the relevant Shares.

In determining whether an adjustment should be made as a result of the occurrence of a Potential Adjustment Event, if options contracts or futures contracts on the relevant Shares are traded on the Exchange (as defined in the applicable Final Terms) or any other exchange, the Calculation Agent may have regard to, but shall not be bound by, any adjustment to the terms of the relevant options contract or futures contract made and announced by the Exchange or any other exchange.

Upon making any such adjustment, the Calculation Agent shall give notice as soon as practicable to the Certificateholders in accordance with Condition 10, giving brief details of the adjustment and of the Potential Adjustment Event.

(ii) Adoption of the euro

In respect of a Share Company or Basket Company whose Shares were originally quoted, listed and/or dealt as of the Issue Date in a currency of a member state of the European Union that has not adopted the single currency in accordance with the EC Treaty, if such Shares are at any time after the Issue Date quoted, listed and/or dealt exclusively in euro on the relevant Exchange or, where no Exchange is specified, the principal market on which those Shares are traded, then the Calculation Agent will adjust any variable relevant to the terms of the relevant Certificate as the Calculation Agent determines appropriate to preserve the economic terms of the relevant Certificate. The Calculation Agent will make any conversion necessary for purposes of any such adjustment as of the Valuation Time at an appropriate mid-market spot rate of exchange determined by the Calculation Agent prevailing as of the Valuation Time. No adjustments under this

Condition 16(b)(ii) will affect the currency denomination of any payment obligation arising out of the relevant Certificate.

(iii) Extraordinary Events

If any of the following events (each an “**Extraordinary Event**”) occurs on or prior to a Valuation Date in respect of the Share Company or Basket Company, as the case may:

- (A) the relevant Shares are reclassified or changed (other than a change in par value, if any, as a result of a subdivision or consolidation);
- (B) the Share Company or Basket Company consolidates, amalgamates or merges with or into another entity (other than a consolidation, amalgamation or merger following which such Share Company or Basket Company, as the case may be, is the surviving entity);
- (C) the relevant Shares are the subject of a takeover offer that results in a transfer of an irrevocable commitment to transfer all the relevant Shares (other than the relevant Shares owned or controlled by the offeror);
- (D) by reason of the adoption of or any change in any applicable law, the assets of the Share Company or Basket Company, as the case may be, or all of the relevant Shares then outstanding, are nationalised, expropriated or otherwise required to be transferred to any government, governmental agency or authority;
- (E) by reason of the bankruptcy or insolvency (or other analogous event) of the Share Company or Basket Company (a) all the relevant Shares are required to be transferred to any trustee, liquidator or similar official; or (b) holders of the relevant Shares become legally prohibited from transferring them; or
- (F) the relevant Shares cease to be listed on the Exchange and thereafter either (i) cease to be listed on any recognised stock exchange or (ii) have their listing maintained in, in the reasonable opinion of the Calculation Agent, inappropriate conditions,

the Calculation Agent may, in its sole and absolute discretion, determine what amendments are to be made to the terms of the Certificates to take account of the occurrence of an Extraordinary Event as it considers appropriate, such amendments to be effective on the date determined by the Calculation Agent.

In addition, and without limiting the generality of the foregoing, in respect of the Share Company or Basket Company, as the case may be, the Calculation Agent may:

- I. keep the relevant Share as the underlying asset of the Certificates, provided that the Share continues to fulfil the requirements of liquidity and of incontestable reference prices for a traded security as established by the relevant Exchange; or
- II. if the Extraordinary Event involves an offer (or, at the option of a holder of the relevant Shares (a “**Shareholder**”), may consist) solely of shares (whether of the offeror or a third party) (“**New Shares**”), determine the number of such New Shares to which a Shareholder is entitled to receive upon the consummation of such Extraordinary Event; or

- III. if the Extraordinary Event involves New Shares and cash and/or securities or assets other than New Shares (“**Other Consideration**”), determine the number of New Shares, taking into account the amount of Other Consideration (expressed as a number or a fraction of a number of the New Share) to which a Shareholder is entitled to receive upon the consummation of such Extraordinary Event.

In any such case, the New Shares shall be deemed to replace the relevant Share and the Calculation Agent shall make any necessary adjustments to any term of the Certificates as it deems appropriate to take account of such Extraordinary Event, including, without limitation, and if appropriate, to the initial price of the Share (as defined in the applicable Final Terms), or to the closing price of the Share on any relevant Valuation Date and/or to the relevant number of underlying Shares per Certificate, or otherwise as specified in the applicable Final Terms; or

- IV. cancel the Certificates by giving notice to Certificateholders in accordance with Condition 10. If the Certificates are so cancelled the Issuer will pay an amount to each Certificateholder in respect of each Certificate which amount shall be the fair market value of a Certificate taking into account the Extraordinary Event less the cost to the Issuer or any Hedging Party of unwinding any underlying related hedging arrangements, all as determined by or on behalf of the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Certificateholders in accordance with Condition 10.

Upon the occurrence of a Extraordinary Event, the Calculation Agent shall give notice as soon as practicable to the Certificateholders in accordance with Condition 10 stating the occurrence of the Extraordinary Event giving details thereof and the action proposed to be taken in relation thereto.

(iv) Valuation Date(s)

If a date specified in the applicable Final Terms as being a date of valuation or determination in respect of an Certificate (a “**Valuation Date**”, which expression shall, where applicable, include an Averaging Date) is not, in relation to a Share, an Share Business Day or there is a Market Disruption Event on that date (each as defined below), such Valuation Date shall be postponed until the next day which is an Share Business Day with respect to such Share unless, in the opinion of the Calculation Agent, there is a Market Disruption Event (as defined below) on that day. If there is a Market Disruption Event on that day, then such Valuation Date shall be the first succeeding Share Business Day on which there is no Market Disruption Event, unless there is a Market Disruption Event on each of the five Share Business Days immediately following the original date that, but for the Market Disruption Event, would have been the Valuation Date. In that case (i) the fifth Share Business Day shall be deemed to be the Valuation Date with respect to that Share, notwithstanding the Market Disruption Event, and (ii) the Calculation Agent shall determine the level of the Share on that fifth Share Business Day in accordance with its good faith estimate of the level of the Share that would have prevailed, but for the Market Disruption Event, on that fifth Share Business Day.

For the purposes of this Condition:

“Share Business Day” means, in respect of a Share, a day that is (or, but for the occurrence of a Market Disruption Event, would have been) a trading day on each of the relevant Exchange(s) specified in the applicable Final Terms and any Related Exchanges other than a day on which trading on any such exchange is scheduled to close prior to its regular weekday closing time;

“Market Disruption Event” means, in respect of a Share, the occurrence or existence on any Share Business Day during the one-half hour period prior to the normal close of trading in respect of such Share (or such other time as may be specified in the applicable Final Terms) of a suspension of or limitation imposed on trading (by reason of movements in price exceeding limits permitted by the Exchange(s) or otherwise) on:

- (i) the Shares; or
- (ii) any Related Exchange of options contracts or futures contracts on the Share,

if, in the determination of the Calculation Agent, such suspension or limitation is material.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from a published change in the regular business hours of the Exchange(s) or any Related Exchange; and

“Related Exchange” means, in relation to an Share, each exchange or quotation system, if any, on which options contracts or futures contracts on the Shares are traded or quoted, and as may be selected from time to time by the Calculation Agent.

(c) *Dividends*

Where the relevant Final Terms specifies that this Condition 16(c) applies, if at any time from and including the Issue Date to but excluding the Redemption Date or, as the case may be, Automatic Early Redemption Date (the **“Dividend Period”**) the Basket Company or Share Company, as the case may be, declares a cash dividend to holders of the relevant Shares, the Issuer will give notice as soon as practicable to the Certificateholders in accordance with Condition 10 giving brief details of such distribution. The Issuer will, subject to compliance with any applicable law or regulation, pay or procure the payment of an amount equal to the Dividend Amount on or before the Business Day that falls the number of Business Days constituting the Dividend Settlement Period following the Dividend Payment Date to Certificateholders. The Dividend Amount shall only be payable to Certificateholders holding Certificates on the Ex-Dividend Date and shall be payable to such persons notwithstanding the fact that they may not be holding any Certificates on the Dividend Payment Date.

If there is an FX Disruption Event (as defined below) on the Dividend Payment Date such that the Dividend Amount cannot be determined by the Calculation Agent on or prior to the payment date occurring at the end of the Dividend Settlement Period, the payment date of the Dividend Amount will be postponed until the fifth Business Day after the first following Business Day falling after the end of the Dividend Settlement Period on which there is no FX Disruption Event provided that where an FX Disruption Event has occurred and is continuing on the tenth Business Day following the originally scheduled payment date the Issuer may elect to terminate its obligation to pay the Dividend Amount by paying an

amount in a currency not subject to the FX Disruption Event to each Certificateholder, the value of which corresponds to the fair market value of the Dividend Amount as determined by the Calculation Agent in its sole and absolute discretion.

For the purpose of this Condition:

“Dividend” means, an amount equal to the actual amount received by the Issuer or any Hedging Party under a Hedge Position in respect of a cash dividend payment by the Basket Company or Share Company, as the case may be, in respect of the relevant Shares;

“Dividend Amount” means in respect of each Certificate, an amount equal to the net amount of the Dividends per Share converted into the Settlement Currency on the basis of the foreign exchange rate prevailing on the Dividend Payment Date and determined by the Calculation Agent in its sole discretion equal to the Dividend received or which would have been received by the Issuer or the Hedging Party had such party been the holder of the relevant Shares on the Dividend Payment Date less any Dividend Taxes;

“Dividend Payment Date” means the date on which the Dividend is actually received under any Hedging Position;

“Dividend Taxes” means any withholding tax and/or other taxes or duties incurred, or any expenses, costs or fees incurred by, imposed or assessed to the Issuer (or any of its affiliates or agents) in connection with any Dividends (including but not limited to any costs incurred in relation to the receipt or payment of Dividends), Hedging Positions or otherwise in connection with the Shares including but not limited to, any costs related to or arising out of any default or delay by any broker, dealer, clearing house or hedge counterparty; and

“Ex-Dividend Date” means the date during the Dividend Period on which the Shares, in respect of which a cash dividend has been declared to holders thereof, begin trading ex-dividend on the Exchange.

17. Additional Terms for Commodity Linked Certificates

(a) General Definitions

For the purpose of this Condition 17:

“Commodity” means, subject to adjustment in accordance with this Condition 17, the commodity (or commodities) or futures contract on a commodity (or commodities) specified in the applicable Final Terms and related expressions shall be construed accordingly.

“Commodity Business Day” means, in respect of each Commodity a day that is (or, but for the occurrence of a Market Disruption Event, would have been) a trading day on the Related Exchange.

“Market Disruption Event” means, in respect of a relevant Commodity:

- (a) the occurrence or existence of any Commodity Business Day:
 - (i) of any suspension of or limitation imposed on trading by the Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the Exchange or otherwise on:
 - (x) the Exchange; or
 - (y) any Related Exchange of futures or options contracts relating to the relevant Commodity;

- (ii) of any event (other than an event described in (b) below) that disrupts or impairs (as determined by the Calculation Agent) the ability of market participants in general (A) to effect transactions in, or obtain market values for, the relevant Commodity on the Exchange, or (B) to effect transactions in, or obtain market values for, futures or options contracts relating to the relevant Commodity on the Exchange,

which in either case the Calculation Agent determines is material; or

- (b) the closure on any Exchange Business Day of the Exchange prior to its Scheduled Closing Time unless such earlier closing time is announced by such Exchange at least one hour prior to (A) the actual closing time for the regular trading session on such Exchange on such Exchange Business Day or, if earlier, (B) the submission deadline for orders to be entered into the Exchange system for execution at the Valuation Time on such Exchange Business Day.

The Calculation Agent shall give notice as soon as practicable to the Certificateholders in accordance with Condition 10 of the occurrence of a Disrupted Day, in respect of any relevant Commodity, on any day that, but for the occurrence of a Disrupted Day, would have been a Valuation Date or Averaging Date.

“Related Exchange” means in relation to a Commodity, each exchange or quotation system, if any, on which options contracts or futures contracts on the Index are traded or quoted, and as may be selected from time to time by the Calculation Agent.

(b) *Adjustments*

- (a) Successor Entity Calculates and Reports a Commodity Price

If a relevant price of a Commodity (the **“Commodity Price”**) is (i) not calculated and announced by the Exchange but is calculated and announced by a successor entity acceptable to the Calculation Agent, or (ii) replaced by a successor commodity price calculated using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Commodity Price, then in each case that commodity price (the **“Successor Commodity Price”**) will be deemed to be the Commodity Price.

- (b) Modification of Calculation and Disappearance of a Commodity Price

If (i) on or prior to a Valuation Date or on Averaging Date, the relevant Exchange makes or announces that it will make a material change in the formula for or the method of calculating a relevant Commodity Price or in any other way materially modifies that Commodity Price (other than a modification prescribed in that formula or any other routine events) (a **“Commodity Modification”**), or a material change in the content, composition or constitution of the Commodity (a **“Commodity Change in Content”**), or (ii) on or prior to a Valuation Date or an Averaging Date, in the case of permanent discontinuation of trading in, disappearance of, or of trading in, the Commodity, disappearance or permanent discontinuance or unavailability of a Commodity Price and no Successor Commodity Price exists (a **“Disappearance of a Commodity Price”** and, together with a Commodity Modification and a Commodity Change in Content, each a **“Commodity Adjustment Event”**), then

- (i) the Calculation Agent shall determine if such Commodity Adjustment Event has a material effect on the Certificates and, if so, shall calculate the relevant Settlement Price using, in lieu of a published price for that

Commodity, the price for that Commodity as at the Valuation Time on that Valuation Date or that Averaging Date, as the case may be, as determined by the Calculation Agent taking into consideration the latest available quotation for such Commodity and any other information that in good faith it deems relevant; or

(ii) on giving notice to Certificateholders in accordance with Condition 10, redeem the Certificates, each Certificate being redeemed by payment of an amount equal to the fair market value of a Certificate, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Certificateholders in accordance with Condition 10.

(c) Notice

The Calculation Agent shall, as soon as practicable, notify the relevant Certificate Agent of any determination made by it pursuant to paragraph (b) above and the action proposed to be taken in relation thereto and such Certificate Agent shall make available for inspection by Certificateholders copies of any such determinations.

(d) Correction of Commodity Price

With the exception of any corrections published after the day which is three Exchange Business Days prior to the due date for any payment of a Cash Settlement Amount, if the Commodity Price published on a given day and used or to be used by the Calculation Agent to determine any Redemption Amount, Automatic Early Redemption Amount or Interest Amount, as the case may be, is subsequently corrected and the correction published by the relevant Exchange within 30 days of the original publication, the price to be used shall be the price of the relevant Commodity as so corrected. Corrections published after the day which is three Exchange Business Days prior to the relevant Redemption Date, Automatic Early Redemption Date or Interest Payment Date, as the case may be, will be disregarded by the Calculation Agent for the purposes of determining any Redemption Amount, Automatic Early Redemption Amount or Interest Amount, as the case may be.

(e) Valuation Date(s)

If a date specified in the applicable Final Terms as being a date of valuation or determination in respect of an Warrant (a "**Valuation Date**", which expression shall, where applicable, include an Averaging Date) is not, in relation to a Commodity, a Commodity Business Day or there is a Market Disruption Event on that date (each as defined below), such Valuation Date shall be postponed until the next day which is an Commodity Business Day with respect to such Commodity unless, in the opinion of the Calculation Agent, there is a Market Disruption Event (as defined below) on that day. If there is a Market Disruption Event on that day, then such Valuation Date shall be the first succeeding Commodity Business Day on which there is no Market Disruption Event, unless there is a Market Disruption Event on each of the five Commodity Business Days immediately following the original date that, but for the Market Disruption Event, would have been the Valuation Date. In that case (i) the fifth Commodity Business Day shall be deemed to be the Valuation Date with respect to that Commodity,

notwithstanding the Market Disruption Event, and (ii) the Calculation Agent shall determine the level of the Commodity on that fifth Commodity Business Day in accordance with its good faith estimate of the level of the Commodity that would have prevailed, but for the Market Disruption Event, on that fifth Commodity Business Day

18 **Currency Linked Certificates, Debt Linked Certificates and Interest Rate Linked Certificates**

Provisions relating to Currency Linked Certificates, Debt Linked Certificates, Interest Rate Linked Certificates and Certificates linked to any other underlying asset will be set out in the applicable Final Terms.

19. **Definitions**

For the purposes of these Terms and Conditions, the following general definitions will apply:

“Alternative Cash Settlement Amount” means, in respect of any exercised Certificate, an amount in the Settlement Currency equal to the fair market value of such Certificates, less the cost to the Issuer or any Hedging Party of unwinding any related hedging arrangements, all as determined by the Calculation Agent in its sole discretion;

“Automatic Early Redemption Amount” means, in relation to a Cash Settled Certificate, the amount to which the Certificateholder is entitled in the Settlement Currency upon automatic early redemption of such Certificate as determined by the Calculation Agent pursuant to Condition 5(b) or as otherwise specified in the applicable Final Terms;

“Automatic Early Redemption Date” means, subject to Condition 5(a), the date specified in the applicable Final Terms;

“Automatic Early Redemption Event” means the event(s) specified in the applicable Final Terms;

“Averaging Date” means, in respect of each Valuation Date, each date specified or otherwise determined as an Averaging Date in the applicable Final Terms or, if any date is not an Exchange Business Day, the next following Exchange Business Day;

“Averaging Date Disruption” means, in the opinion of the Calculation Agent, that a Market Disruption Event is occurring on an Averaging Date, then, if under “Averaging Date Disruption” the consequence specified in the applicable Final Terms is:

- (a) **“Omission”**, then such Averaging Date will be deemed not to be a relevant Averaging Date for purposes of determining the relevant Redemption Amount, Automatic Early Redemption Amount or, as the case may be, Interest Amount. If through the operation of this provision no Averaging Date would occur with respect to the relevant Valuation Date, then the provision of the definition of Valuation Date will apply for the purposes of determining the relevant level, price or amount on the final Averaging Date in respect of that Valuation Date as if such final Averaging Date were a Valuation Date that was a Disrupted Day;
- (b) **“Postponement”**, then the provision of the definition of Valuation Date will apply for the purposes of determining the relevant level, price or amount on that Averaging Date as if such Averaging Date were a Valuation Date on which a Market Disruption Event had occurred irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a date that already is or is deemed to be an Averaging Date for the relevant Certificate; or
- (c) **“Modified Postponement”**, then:

- (i) in the case of an Index Linked Certificate relating to a single Index, Share Linked Certificates relating to a single Share or a Commodity Linked Certificate relating to a single Commodity, the Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Valuation Time on the fifth Exchange Business Day immediately following the original date that, but for the occurrence of another Averaging Date or Market Disruption Event, would have been the final Averaging Date in respect of the relevant Valuation Date, then (1) that fifth Exchange Business Day shall be deemed the Averaging Date (irrespective of whether that fifth Exchange Business Day is already an Averaging Date), and (2) the Calculation Agent shall determine the relevant level or price for that Averaging Date in respect of such Index Linked Certificate in accordance with Condition 15(a)(ii) of the definition of Valuation Date and in respect of a Share Linked Certificate in accordance with Condition 16(b)(iv) of the definition of Valuation Date and, in respect of such Commodity Linked Certificate, in accordance with Condition 17(b) of the definition of Valuation Date;
- (ii) in the case of an Index Linked Certificate relating to a Basket of Indices or Share Linked Certificate relating to a Basket of Shares or a Commodity Linked Certificate relating to a Basket of Commodities, the Averaging Date for each Index, Share or Commodity not affected by a Market Disruption Event shall be the date specified in the Final Terms as an Averaging Date in respect of the relevant Valuation Date and the Averaging Date for an Index, Share or Commodity affected by the occurrence of a Market Disruption Event shall be the first succeeding Valid Date in relation to such Index, Share or Commodity. If the first succeeding Valid Date in respect of such Index or Share has not occurred as of the Valuation Time on the fifth Exchange Business Day immediately following the original date that, but for the occurrence of another Averaging Date or Market Disruption Event, would have been the final Averaging Date in relation to the relevant Scheduled Valuation Date, then (A) that fifth Exchange Business Day shall be deemed to be the Averaging Date (irrespective of whether that fifth Exchange Business Day is already an Averaging Date) in respect of such Index, Share or Commodity, and (B) the Calculation Agent shall determine the relevant level, price or amount for that Averaging Date in accordance with, in the case of an Index Linked Certificate, Condition 15(a)(ii) of the definition of Valuation Date - in the case of such Share Linked Certificate in accordance with Condition 16(b)(iv) of the definition of Valuation Date and in respect of such Commodity Linked Warrant, in accordance with Condition 17(b)(e) of the definition of Valuation Date; and
- (iii) where the Certificates are Debt Linked Certificates, Interest Rate Linked Certificates or Currency Linked Certificates, provisions for determining the Averaging Date in the event of Modified Postponement applying will be set out in the applicable Final Terms;

“Adjustment Date” means a date specified by the Issuer in the notice given to the Holders pursuant to this Condition which falls on or after the date on which the country of the

Original Currency first participates in the third stage of European Economic and Monetary Union pursuant to the Treaty;

“**Basket**” means a basket of Shares, Debt Securities, Indices, Commodities or Subject Interest Rates Currencies, as the case may be;

“**Basket of Commodities**” means a basket of Commodities as specified in the applicable final terms;

“**Basket Company**” in the case of Share Linked Certificates, shall have the definition assigned thereto in Condition 16(a);

The summary is based on tax laws and taxation practice, as in effect and applied as at the date of this Base Prospectus, and is intended to provide general information only. Tax laws, taxation practices and their interpretation are constantly under change, which changes may sometimes have a retroactive effect and may change the conclusions set out in the summary.

There are no specific tax laws addressing the tax treatment of warrants and/or certificates in Finland, nor is there any public court practice available in this respect. Accordingly, the tax treatment of the Warrants and/or Certificates is not in all respects established and is, therefore, to some extent uncertain and subject to interpretation. When assessing the likely tax treatment of the Warrants and/or Certificates in this summary, it is based on the assumption that they would not qualify as, for example, notes, forward contracts or futures.

The summary covers only the tax consequences of the subscription, purchase, ownership and disposition of the Warrants and/or Certificates by individuals who are taxed in accordance with the Finnish Income Tax Act and by Finnish limited liability companies taxed in accordance with the Finnish Business Income Tax Act. The summary does not cover situations where individuals hold the Warrants and/or Certificates in context of business activities. The summary does neither cover situations where the Warrants and/or Certificates are held as investment assets or current assets (i.e. allocable to the inventory or otherwise held for trading purposes) by a limited liability company or where there are unrealized changes in the values of the Warrants and/or Certificates that are held for trading purposes. This summary addresses neither Finnish gift nor inheritance tax consequences nor Finnish CFC-legislation.

The tax treatment of each holder of the Warrants and/or Certificates partly depends on the holder's specific situation. This means that special tax consequences, which are not described below, may arise for certain categories of holders of the Warrants and/or Certificates as a consequence of, for example, the effect and applicability of foreign income tax rules or provisions contained in an applicable double taxation treaty.

Each prospective investor should consult a tax adviser as to the tax consequences relating to its particular circumstances resulting from subscription, purchase, ownership and disposition of the Warrants and/or Certificates.

Individuals

Disposal and/or redemption of the Warrants and/or Certificates

All capital income of individuals – including capital gains – is currently taxed at a flat rate of 28 per cent. Capital losses are deductible from capital gains arising in the same year and the three following years, but not from other capital income.

A gain arising from the disposal and/or the redemption (i.e. the realisation of the net value through cash settlement) of the Warrants and/or Certificates is likely to constitute capital gain for individuals. Similarly, a loss arising from the expiration (as worthless) of the Warrants and/or

Certificates is likely to constitute a capital loss, which capital loss is deductible from the individual's capital gains arising in the same year and during the following three years.

Exercise of the Warrants and/or the Certificates by physical delivery of the underlying (third party) asset is likely to be treated as a disposal and purchase.

Any capital gain or loss is calculated by deducting the original acquisition cost and sales related expenses from the sales price. Alternatively, individuals may, in lieu of applying the actual acquisition costs, choose to apply a so-called presumptive acquisition cost, which is equal to 20 per cent of the sales price or 40 per cent of the sales price if the Warrants and/or Certificates have been held for at least ten years. If the presumptive acquisition cost is used instead of the actual acquisition cost, any sales expenses are deemed to be included therein and may, therefore, not be deducted in addition to the presumptive acquisition cost.

Interest or compensation comparable to interest paid on the Certificates

Any interest or compensation comparable to interest paid on the Certificates during their term constitutes capital income of the individual.

Advance tax withholding

Any interest or compensation comparable to interest paid on the Certificates may subject to an advance tax withholding by the Finnish paying agent at the rate of 28 per cent. Such advance tax withholding will be used for the payment of the individual's final taxes.

Exceptions to capital gains and losses

Capital gains arising from disposal of assets, such as the Warrants and/or Certificates, are generally exempted from tax provided that the sales prices of all assets sold by the individual during the calendar year do not, in the aggregate, exceed EUR 1,000. Correspondingly, capital losses are generally not tax deductible if the acquisition cost of all assets disposed during the calendar year does not, in the aggregate, exceed EUR 1,000.

Corporate entities

Disposal and/or redemption of the Warrants and/or Certificates

Any income received from the disposal and/or redemption of the Warrants and/or the Certificates constitute, as a general rule, part of the limited liability company's taxable business income. A limited liability company is subject to a corporate income tax, currently at the rate of 26 per cent for its world wide taxable income.

The acquisition cost of the Warrants and/or the Certificates (including the purchase price and costs) and any sales related expenses are generally deductible for tax purposes upon disposal and/or redemption. Accordingly, any loss due to disposal and/or redemption of the Warrants and/or the Certificates is deductible from the taxable business income.

Interest or compensation comparable to interest paid on the Certificates

Any interest or compensation comparable to interest paid on the Certificates during their term constitutes part of the limited liability company's taxable business income.

Withholding tax

Payments upon disposal and/or redemption of the Warrants and/or Certificates or payments of interest on the Certificates to a limited liability company will not be subject to any Finnish withholding tax.

Wealth taxation

No wealth taxation is applicable in Finland.

Transfer Tax

Transfers of the Warrants and/or Certificates are not subject to transfer tax or stamp duty in Finland”.
