CRÉDIT AGRICOLE
CORPORATE & INVESTMENT BANK

(Incorporated in France with limited liability)
INDIAN BRANCHES

INDEPENDENT AUDITOR'S REPORT

To the Senior Country Officer- India,

Credit Agricole Corporate & Investment Bank– Indian Branches

Report on audit of the Financial Statements

Opinion

1. We have audited the accompanying financial statements of **Credit Agricole Corporate & Investment Bank – Indian Branches** ('the Bank'), which comprise the Balance Sheet as at 31st March 2021, the Profit and Loss Account, the Cash Flow Statement for the year then ended, and notes to the financial statements including a summary of significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Banking Regulation Act, 1949 as well as the Companies Act, 2013 in the manner so required for banking companies and are in conformity with accounting principles generally accepted in India and give a true and fair view of the state of affairs of the Bank as at 31st March 2021, and its profit and its cash flows for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs)specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Bank in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

4. We draw attention to Note 18.7.6 of the financial statements which describes the extent to which the COVID-19 pandemic will have impact on Bank's financial performance.

   Our opinion is not modified in respect of this matter.

Information other than financial statements and auditor's report thereon

5. The Bank's Management is responsible for the other information. The other information obtained at the date of this auditor's report is information included in the Pillar 3 Disclosure under the New Capital Adequacy Framework (Basel III disclosures), but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover such other information and we do not express any form of assurance conclusion thereon.
6. Our responsibility in connection with the audit of the financial statements is to read the other information and in doing so, examine if the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If based on our examination, we conclude that there is material misstatement of this other information, we are required to report the fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

7. The Bank's Management is responsible for the matters stated in section 134(5) of the Companies Act, 2013 with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Bank in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Companies Act, 2013, provisions of Section 29 of the Banking Regulation Act, 1949 and circulars and guidelines issued by the Reserve Bank of India ('RBI') from time to time. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Bank and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
8. In preparing the financial statements, Bank's Management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Bank's Management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so. Bank's Management is also responsible for overseeing the Bank's financial reporting process.

Auditor's Responsibilities for the audit of the Financial Statements

9. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
10. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
    - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
    - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Undersection 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Bank has adequate internal financial controls system in place and the operating effectiveness of such controls.
    - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Bank's Management.
    - Conclude on the appropriateness of Bank's Management use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Bank to cease to continue as a going concern.
    - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
11. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

12. The Balance Sheet and the Profit and Loss Account have been drawn up in accordance with the provisions of Section 29 of the Banking Regulation Act, 1949 and Section 133 of the Companies Act, 2013.
13. As required by sub-section (3) of section 30 of the Banking Regulation Act, 1949, we report that:
    (a) we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of our audit and have found them to be satisfactory;
    (b) the transactions of the Bank, which have come to our notice, have been within the powers of the Bank;
    (c) During the course of our audit we have performed select relevant procedures at one branch. Since the Bank's key operations are automated, with the key application largely integrated to the core banking systems, it does not require its branches to submit any financial returns. Accordingly, our audit is carried out centrally at the Head Office, based on the necessary records and data required for the purpose of the audit being made available to us.
    (d) the profit and loss account shows a true balance of profit for the year then ended.
14. Further, as required by section 143(3) of the Act, we report that:
    a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
    b) in our opinion, proper books of account as required by law have been kept by the Bank so far as it appears from our examination of those books;
    c) the financial accounting systems of the Bank are centralized and therefore, accounting returns for the purpose of preparation of financial statement are not required to be submitted by the branches
    d) the Balance Sheet, the Profit and Loss Account and the Cash Flow Statement dealt with by this report are in agreement with the books of account;
    e) in our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013, to the extent they are not inconsistent with the accounting policies prescribed by RBI;
    f) the requirements of section 164(2) of the Companies Act,2013 are not applicable considering the Bank is a branch of Credit Agricole Corporate & Investment Bank, which is incorporated with limited liability in France;
    g) with respect to the adequacy of the internal financial controls over financial reporting of the Bank and the operating effectiveness of such controls, refer to our separate Report in "Annexure A";
    h) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
       i. the Bank has disclosed the impact of pending litigations on its financial position in its financial statements - Refer Schedule 12 and Note 18.9.8 of Schedule 18 to the financial statements;
       ii. the Bank has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long term contracts including derivative contracts - Refer Note 18.14 of Schedule 18 to the financial statements;
       iii. there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Bank.
       iv. with respect to the matter to be included in the Auditor's Report under section 197(16), the requirements of Section 197 of the Companies Act, 2013 are not applicable considering the Bank is a branch of Credit Agricole Corporate & Investment Bank, which is incorporated in France.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF CREDIT AGRICOLE CORPORATE & INVESTMENT BANK – INDIAN BRANCHES

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph 13(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

1. We have audited the internal financial controls over financial reporting of **Credit Agricole Corporate & Investment Bank – Indian Branches** ('the Bank') as at 31 March 2021 in conjunction with our audit of the standalone financial statements of the Bank for the year ended on that date.

Management's Responsibility for Internal Financial Controls over Financial Reporting

2. The Bank's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India ('the ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Bank's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Bank's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing ('the Standards'), issued by the ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013 to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Bank's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

6. A bank's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A bank's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the bank; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the bank are being made only in accordance with authorizations of Bank's Management; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the bank's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper Bank's Management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Bank has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2021, based on the internal control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

17. SIGNIFICANT ACCOUNTING POLICIES

17.1 General

17.1.1 Background

The financial statements for the year ended March 31, 2021 comprise the accounts of the Indian branches of Credit Agricole Corporate & Investment Bank ('the Bank') which is incorporated in France with Limited Liability.

17.1.2 Basis of preparation

The financial statements have been prepared in accordance with requirements prescribed under the Third Schedule of the Banking Regulation Act, 1949. The accounting policies used in the preparation of these financial statements, in all material aspects, conform to Generally Accepted Accounting Principles in India (Indian GAAP), the guidelines issued by Reserve Bank of India (RBI) from time to time, the Accounting Standards (AS) issued by the Institute of Chartered Accountants of India (ICAI) and prescribed under Section 133 of the Companies Act, 2013 ('Act') as amended to the extent of applicable and current practice prevailing within the Banking industry in India. The Bank follows the accrual method of accounting, except where otherwise stated, and the historical cost convention.

17.1.3 Use of estimates

The preparation of financial statements requires the management to make estimates and assumptions to be considered in the reported amounts of assets and liabilities (including contingent liabilities) as of the date of the financial statements and the reported income and expense during the reporting period. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Future results could differ from these estimates.

17.2 Transactions involving foreign exchange and derivatives

17.2.1 Foreign currency assets and liabilities are translated at the spot exchange rates prevailing at the close of the year as notified by the Foreign Exchange Dealers' Association of India (FEDAI) and the resultant gain or loss is accounted in Profit and Loss Account.

17.2.2 Income and expenditure items in foreign currency are translated at the exchange rates prevailing on the date of the transaction.

17.2.3 Outstanding forward foreign exchange contracts designated as 'Trading' as at balance sheet date are fair valued based on the exchange rates notified by FEDAI for specified maturities. The marked to market assets/liabilities as at the reporting date are shown at gross value in the balance sheet.

17.2.4 Outstanding forward foreign exchange contracts designated as 'Hedging' and spot exchange contracts as at balance sheet date are revalued at the spot exchange rates, prevailing at the close of the year as notified by FEDAI. Premium / discount on these forward foreign exchange contracts are evenly spread over the tenor of the contract and are recognized as income / expense.

17.2.5 Outstanding derivatives contracts, designated as 'Trading', are measured at their fair value. The resulting profit / losses are recognized in the Profit & Loss Account. The marked to market assets/liabilities as at the reporting date are shown at gross value in the balance sheet.

17.2.6 Outstanding derivatives contracts, designated as 'Hedging', are undertaken for hedging interest rate risks and the income/expenditure on these derivative contracts is accounted for on an accrual basis over the life of the contract. The hedge contracts are marked to market in case the underlying is marked to market.

17.2.7 Contingent liabilities on account of guarantees, acceptances, endorsements and other obligations are stated at the spot exchange rates prevailing at the close of the year as notified by FEDAI.

17.2.8 In respect of derivative transactions, any overdue receivables representing positive Marked to Market (MTM) value due to the Bank, which remains unpaid for a period of 90 days from the specified due date for payment, as well as the recognized positive MTM in respect of future receivables, as per RBI guidelines are reversed from the Profit & Loss Account and held in a 'Suspense Account-Crystallized Receivables'.

17.3 Investments

17.3.1 Investments are classified as "Available for Sale (AFS)", "Held for Trading (HFT)" or "Held to Maturity (HTM)" based on intent at the time of its purchase, in accordance with the RBI guidelines. The Bank follows the settlement date method of accounting (the Bank records an off balance sheet commitment for the purchase / sale of the security on the trade date). Cost of investments is determined on the FIFO cost basis. In determining cost of investment, brokerage, commission etc. paid at the time of purchase/sale is charged to the Profit and Loss Accounts. Broken period interest paid at the time of acquisition of security is not capitalized.

17.3.2 Profit/Loss on sale of Investment under aforesaid three categories are recognized in Profit and Loss Account to the extent specified in RBI circular.

17.3.3 The investment held under the "Held for Trading", "Available for sale" and "Held to Maturity" categories are valued in accordance with the guidelines issued by the RBI. Investments under 'Available for Sale' and 'Held for Trading' categories are valued monthly at the market price or fair value as declared by Financial Benchmark India Pvt. Ltd. (FBIL). Securities under each category are valued scrip-wise and depreciation/appreciation is aggregated for each category. Net depreciation, if any, is provided for in the Profit & Loss Account and net appreciation (if any) is ignored per category. Treasury bills and certificates of deposits, being discounted instruments, are valued at carrying cost. Investments classified under "Held to Maturity (HTM)" are carried at their acquisition cost or amortized cost, if acquired at a premium/discount to the face value.

17.3.4 In accordance with the RBI's Master Circular DBR No.BP.BC.6/21.04.141/2015-16 dated July 01, 2015, and FIMCIR/2017-18/001 dated April 03, 2017, any reversal of provision on account of depreciation in the HFT and AFS categories in excess of the required amount in any financial year is credited to the Profit & Loss Account and an equivalent amount (net of taxes if any and net of transfer to Statutory Reserve) is appropriated to an Investment Reserve Account (IRA) shown under Reserves and Surplus in Schedule 2. IRA is utilized on an event of provision creation on account of depreciation in HFT and AFS categories by debiting to the Profit and Loss Account and an equivalent amount (net of tax benefit, if any, and net of consequent reduction in the transfer to Statutory Reserve), is transferred from the IRA to the P&L Account.

17.3.5 RBI circular DBR.No.BP.BC.102/21.04.048/2017-18 dated April 02, 2018 requires banks to maintained adequate Investment Fluctuation Reserve (IFR) to protect against increase in yields in future with effect from financial year end March 31, 2019. The amount to be transferred to IFR should not be less than the lower of the (a) net profit on sale of investments during the year (b) net profit for the year less mandatory appropriations, until the amount of IFR is at least 2 percent of the HFT and AFS portfolio, on a continuing basis and shown under Reserves and Surplus in Schedule 2.

17.3.6 In accordance with the RBI regulations, repurchase and reverse repurchase transactions are accounted for as secured borrowing and lending transaction respectively. The expenditure/ income in respect of such transactions are treated as interest expense / income.

17.4 Advances

Advances are classified into performing and non-performing advances based on the management's periodic internal assessment and RBI's prudential norms on classification, including the COVID-19 Regulatory Package – Asset Classification and Provisioning circular RBI/2019-20/220 DOR. No.BP. BC.63/21.04.048/2019-20 dated April 17, 2020 & circular DOR.No.BP.BC.71/21.04.048/2019-20 dated May 23, 2020.

17.4.1 Provisions for non-performing advances are made as per the guidelines prescribed by the RBI. The related interest on such non performing advances is not recognized as income until received.

17.4.2 In addition to the specific provision on NPAs, the Bank maintains general provision on standard assets (including on positive mark to market gain on derivatives portfolio) as per RBI guidelines and also including additional provision for standard assets at higher than prescribed rates in terms of the RBI circular RBI/2016-17/282, DBR.No.BP.BC.64/21.04.048/2016-17 dated April 18, 2017. This general provision also includes the incremental provisioning requirement towards un-hedged foreign currency exposures ("UHFCE") introduced vide RBI's Circular DBOD No.BP. BC.85/21.06.200/2013-14 dated January 15, 2014 effective April 01, 2014. If the provisions (standard assets provision including positive MTM on derivative and provisions on UHFCE) required to be held on an aggregate basis are less than the provisions held as on November 15, 2008, the provisions rendered surplus are not reversed to Profit and Loss account and continued to be maintained at the amount that existed as on November 15, 2008. In case of shortfall determined on aggregate basis, the balance is provided by debit to Profit and Loss account.

17.4.3 The Bank also considers the RBI circular RBI/2016-17/50 DBR.BP.BC.No.8/21.01.003/2016-17 dated August 25, 2016 titled Guidelines on Enhancing Credit Supply for Large Borrowers through Market Mechanism for recognizing additional provisioning at higher rate.

17.4.4 As per RBI guidelines on Country Risk Management, the Bank makes provision for individual country risk exposure wherever the net funded exposure is one percent or more of bank's total assets based on rates stipulated by RBI.

17.5 Fixed assets and depreciation

17.5.1 Fixed assets are stated at cost less accumulated depreciation.

17.5.2 Depreciation has been provided on straight line method, over the estimated useful lives, as determined by the management, at the rates mentioned below per annum:

Premises*	33 Years
Furniture and Fixtures	10 Years
Office and Residential Equipment*	4 Years
Motor Vehicles*	5 Years
Computers and Software	3 Years

17.5.3 The useful lives of fixed assets marked with * above are different than those specified under schedule II of Companies Act 2013. The management believes that useful life of fixed assets currently considered for the purpose of depreciation fairly reflect its estimate of the useful lives and residual values of fixed assets.

17.5.4 Depreciation to the extent of the original cost is charged to the Profit & Loss Account starting from the month of purchase.

17.5.5 Depreciation of assets with original cost below 5,000 is provided at 100%

17.6 Revenue recognition and related matters

Interest income is recognized on an accrual basis except interest income on non-performing assets on a case by case basis, which is recognized upon realization as per the applicable RBI guidelines.

Income on discounted instrument is recognized over the tenor of the instrument on a straight-line basis.

Commission received on Guarantees /Letter of Credit issued is amortized on a straight-line basis over the period of the Guarantees / Letter of Credit. Other fees and commission income are recognized at the time the services are rendered and a binding obligation to receive the fees has arisen.

Fees paid for purchase of Priority Sector Lending Certificate are recognized in accordance with the RBI guidelines.

17.7 Employees benefits

17.7.1 Provident Fund

The Bank contributes to a recognized provident fund. These contributions are accounted for on an accrual basis and recognized in the Profit & Loss Account.

17.7.2 Gratuity

The Bank makes an annual contribution to an insurance company for amounts notified by the said insurance company. The Bank provides for gratuity based on an independent external actuarial valuation at the balance sheet date using the Projected Unit Credit Method.

17.7.3 Leave Encashment / Compensated Absences

The Bank does not have a policy of encashment of un-availed leave, except at the time of separation of an eligible employee. The Bank provides for leave encashment/compensated absences based on an independent external actuarial valuation at the balance sheet date.

17.7.4 Long service award

The Bank rewards its eligible employees under the long service award pay plan, which is a non-contributory defined benefit plan. The Bank provides for this plan based on an independent external actuarial valuation at the balance sheet date.

17.7.5 Actuarial gains/losses

Actuarial gains/losses are immediately recognized/provided for in the Profit & Loss Account.

17.8 Operating lease transactions

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership are classified as operating leases. Operating lease payments are recognized as an expense in the Profit & Loss Account on a straight line basis over the lease term.

17.9 Taxation

Provision for corporate tax is arrived at after due consideration of the applicable law, judicial pronouncements and / or legal counsels' opinion on the issues. The charge for taxation during the year comprises current tax charge and the net change in the deferred tax asset and liability during the year. The Bank accounts for deferred taxes in accordance with provisions of Accounting Standard (AS) 22 "Accounting for Taxes on Income" issued by Institute of Chartered Accountants of India (ICAI). Deferred taxation is provided on timing differences between accounting and tax treatment of income/expenditure. Deferred tax assets are recognized only to the extent there is reasonable certainty that the assets can be realized in the future or only to the extent there is possibility for reversal in the future. However, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognized only if there is virtual certainty of realization of such assets. Deferred tax assets/liabilities are measured using tax rates that have been substantially enacted as on balance sheet date.

Minimum Alternative Tax ('MAT') under the provisions of the Income-tax Act, 1961 is recognized as current tax in the Profit and Loss Account. The credit available under the Act in respect of MAT paid is recognized as an asset only when and to the extent there is convincing evidence that the Bank will pay normal income tax during the period for which the MAT credit can be carried forward for set-off against the normal tax liability. MAT credit recognized as an asset is reviewed at each Balance Sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

17.10 Accounting for Provisions, Contingent Liabilities and Contingent Assets

The Bank estimates the probability of any loss that might be incurred on outcome of contingencies on the basis of information available up to the date on which the financial statements are prepared. A provision is recognized when the Bank has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are determined based on management's estimate required to settle the obligations at the balance sheet date, supplemented by experience of similar transactions. These are reviewed at each balance sheet date and adjusted to reflect the management's current estimates. In cases where the available information indicates that the loss on the contingency is reasonably possible but the amount of loss cannot be reasonably estimated, a disclosure is made in the financial statements. In case of remote possibility, neither provisions nor disclosure is made in the financial statements.

17.11 Cash and Cash Equivalents

Cash and cash equivalents include cash in hand, balances with RBI (Including Reverse Repo), balances with other banks, Triparty Party Repo (TREPs) with CCIL and money at call and short notice.

18 Notes to Accounts

18.1 Capital

As per the RBI guidelines on Capital to Risk Weighted Assets Ratio (CRAR) issued, banks are required to compute their capital requirement under Basel III effective June 30, 2013. The CRAR as per Basel III is 13.89% (Previous year 12.43%). The CRAR of the Bank, calculated as per RBI Basel III guidelines is given below.

(Amount in ₹ crore)

S. No.	Particulars	2021	2020
(i)	Common Equity Tier I Capital Ratio (%)	11.55%	10.17%
(ii)	Tier I Capital Ratio (%)	11.55%	10.17%
(iii)	Tier II Capital Ratio (%)	2.34%	2.26%
(iv)	Total Capital Ratio (%)	13.89%	12.43%
(v)	Amount of Interest free funds raised from HO in the year	276.07	118.80
(vi)	Amount of Additional Tier I capital raised from HO in the year	Nil	Nil
(vii)	Amount of Tier II capital raised from HO in the year	Nil	Nil

Details of Sub-Debt raised from CA-CIB Head office outstanding as of March 31, 2021 & March 31, 2020 is as under:

Date of Receipt	Maturity date	Amount	Tenor
October 13, 2016	October 13, 2026*	USD 45 millions	10 years

*With a call option after 5 years exercisable only after prior RBI approval.

18.2 Investments

18.2.1 Value of investments (Amount in ₹ crore)

		2021	2020
(1)	**Value of Investments**		
	Gross Value of Investments	**3,893.55**	**3,501.03**
	In India	3,893.55	3,501.03

3	Notional principal amount of exchange traded interest rate derivatives outstanding and not "highly effective".	NIL	NIL
4	Mark-to-market value of exchange traded interest rate derivatives outstanding and not "highly effective".	NIL	NIL

18.3.3 Credit Default Swap

The bank does not deal in Credit Default Swap transactions

18.3.4 Disclosures on risk exposure in derivatives

Qualitative Disclosure:

Products

The Bank offers derivative products to its customers for hedging various types of risk exposures. The Bank is also an active market maker in the derivative market. The derivative transactions expose the Bank primarily to counterparty credit risk, market risk, operational risk, interest rate, liquidity risk and foreign exchange risk.

Organization architecture

The Bank has a derivative desk within the Global Markets front office in India, which deals in derivative transactions. The Bank has independent back-office and mid-office as per regulatory guidelines. The Bank has a credit and market risk department that processes various counterparty and market risks limit assessments, within the risk architecture and processes of the bank. The back-office is part of the operations and mid-office is under the control of Risk, thus providing segregation of functions and effective controls.

Policies for hedging risk

The derivative transactions entered are as per the internal policy framed by head office of the Bank and also in accordance with the guidelines issued by Reserve Bank of India. Separately, the Bank has also a policy on "Suitability and Customer Appropriateness" put in place as per the group norms. The head office of the Bank has formulated New Activities and Product guidelines to identify, evaluate, monitor and to control key risks for all derivative products before undertaking any transaction. Towards this end, the Bank has a New Activities and Product Committee which validates these products taking into account various risks and local requirements for dealing in such products.

All the transactions undertaken by the Bank for trading purpose are classified under trading book, which are marked to market on daily basis. Other transactions are classified as part of banking book. Derivative transactions in the nature of balance sheet hedges are identified at inception and the hedge effectiveness is measured periodically.

Risk measurement and monitoring

The Bank uses Value at Risk (VaR) to measure and monitor all market risk related activities. Back testing of VaR models are carried out to ensure pre-determined levels of accuracy are maintained. In addition to VaR, other sensitivity measures like PV01, stress testing and limits specific to instruments and currency are placed and applied as risk management tools. Option risks are controlled through full revaluation limits in conjunction with limits on underlying variables that determine option's value. This monitoring is done by the treasury mid-office (Market Activity Monitoring department) on a daily basis through system reports and advised to senior management as appropriate. The Bank ensures that the gross PV01 of all non-option rupee derivative contracts are within 0.25 percent of the net worth, of the Bank as on the last day of the balance sheet.

The Bank enters into derivative deals within credit limits set for each counterparty by the risk department. These limits are set based on the Bank's credit risk assessment for the counterparty which inter alia considers the ability of the counterparty to honor its obligations in the event of crystallization of the exposure. Exposures against these limits are monitored on day to day basis by an independent risk department at local as well as at head office level. The Bank applies the current exposure methodology to manage credit risk associated with derivative transactions. This is calculated by taking the cost of replacing the contract, where its mark-to-market value is positive together with an estimate of the potential future change in the market value of the contract, reflecting the volatilities that affect it. The credit risk on contracts with a negative mark-to-market value is restricted to the potential future change in their market value. Bank obtains standard ISDA documentation from the counterparties to cover the derivative transactions. The RBI vide circular RBI/2020-21/15 DOR.CAP.51/21.06.201/2020-21 dated 30th March 2021 and titled "Bilateral Netting of Qualified Financial Contracts – Amendments to Prudential Guidelines" has allowed netting of exposures on the qualified financial contracts. For the year ending 31st March 2021 the bank has not yet adopted the netting process and will be adopting the same from the next financial year.

Provisioning, collateral and credit risk mitigation

The exposure taken on derivative contracts are also subject to provisioning and asset classification as per Bank's internal guidelines and assessment subject to minimum RBI norms on provisioning. Appropriate credit covenants and collaterals are stipulated where required for risk mitigation and termination events to call for collaterals or for reducing the risk by terminating the contracts.

For accounting policies on derivatives, please refer Schedule 17.2

(i)	Respective amounts in SMA/overdue categories, where the moratorium/deferment was extended	NIL	NIL
(ii)	Respective amount where asset classification benefits is extended	NIL	NIL
(iii)	Provisions made during the Q4 FY 2020 and Q1 FY 2021	NIL	NIL
(iv)	Provisions adjusted during the respective accounting periods against slippages and the residual provisions	NIL	NIL
(v)	Aggregate amount to be refunded/adjusted/provided in respect of borrowers based on the "interest on interest" charged to the borrowers during moratorium period	0.06	NIL

<u>Assessment of COVID-19 impact:</u>

The banking services being under essential services, the operations of the bank continued uninterrupted during the Covid-19 triggered lock downs. The bank has been constantly reviewing the evolution due to COVID-19 and the related impact on business including that of regulatory evolutions. As of March 31, 2021, there are no impacts of material nature due to the same. There remains a level of uncertainty about the time required for economic activities to normalize but the Bank management does not estimate any significant impact on its business and financial results on long term basis at this juncture considering the composition of its credit portfolio and borrowers credit worthiness and also the constant review of borrowers undertaken by the bank management.

In terms of RBI circular DOR.STR.REC.4/21.04.048/2021-22 dated April 07, 2021, for the year ended March 31, 2021, the bank has reversed 597,568.91 from interest income and recognized the same as liability during FY 2020-21 in order to comply with the supreme court judgement. Of this an amount of 97,568.91 has been refunded to a client in Apr-2021 and balance amount is in the process of being refunded to other clients.

18.8 Regulatory Disclosures related to Profit and Loss Account

18.8.1 Penalties imposed by the Reserve Bank of India (RBI).

There have been no instances of penalty imposed and other actions taken by the Reserve Bank of India. (Previous year: NIL).

18.8.2 Other Operating Expenses.

Mortality rate	Indian Assured Lives Mortality (2012-14) Ultimate		
Attrition Rate	6.00%	6.00%	6.00%

March 31, 2020	Long Service Award	Gratuity	Leave Encashment
Discount rate	6.84%	6.84%	6.84%
Expected rate of return on plan assets	N.A.	7.25%	N.A.
Salary escalation rate	N.A.	5.00%	5.00%
Mortality rate	Indian Assured Lives Mortality (2012-14) Ultimate		
Attrition Rate	6.00%	6.00%	6.00%

18.9.1.5 Superannuation

The Superannuation fund of the Bank has been discontinued effective April 01, 2010. An application to wind up the fund was made to the Income tax authorities and the Bank have received approval from them on Jan 07, 2014. We received approval on Superannuation withdrawal from LIC on July 29, 2015. There has been withdrawal from the fund by employees during the year, though few employees are yet to revert and as such the Superannuation Fund Account continues to have balance.

18.9.2 Accounting Standard 17 – Segment reporting

i. In line with the RBI guidelines, the Bank has identified "Global Market Operations", "Corporate / Wholesale Banking" and "Other Banking Operations" as the primary reporting segments.

ii. Global Market Operations includes foreign exchange (merchant and inter-bank), money market, derivatives trading and liquidity management. Corporate/Wholesale Banking includes commercial client relationships, structured & international finance, debt/local syndications, trade finance, correspondent banking, cash management activities, corporate finance/advisory and Distressed Assets. Other Banking Operations comprises activities other than Global Market Operations and Corporate/Wholesale Banking (mainly internal capital management).

iii. The methodology of funds transfer pricing between the segments, which is essentially based on market rates, is determined by the Bank's Assets & Liabilities Committee from time to time.

iv. The Bank operates only in domestic segment.

Year ended March 31, 2021 (Amount in ₹ crore)

Business Segments	Global Market Operations	Corporate/ Wholesale Banking	Other Banking Operations**	Total

18.9.4 Accounting Standard 19 – Leases

Lease payments for assets taken on operating lease are recognized in the Profit & Loss Account over the term of the lease in accordance with the AS-19 on Leases. The Bank has entered into non-cancellable operating leases only for vehicles and rented premises.

The total of future minimum lease payments under non-cancellable operating leases as determined by the lease agreements are as follows: (Amount in ₹ crore)

Particulars	2021	2020
Not later than one year	0.45	0.46
Later than one year and not later than five years	0.89	1.33
Later than five years	-	-
Total	1.34	1.79
Total minimum lease payments recognized in the P&L (incl. taxes)	0.47	0.31

18.9.5 Accounting standard 22 – Accounting for taxes on income

The primary components that gave rise to deferred tax assets and liabilities included in the balance sheet are as follows: (Amount in ₹ crore)

Particulars	2021	2020
Deferred tax assets		
Provision for doubtful clients	(1.32)	-
Provision for employee benefits	(3.44)	-
Provision for Country risk/CVA	(7.70)	-
Deferred tax liabilities		
Written Down Value of Fixed assets	0.90	-
Net deferred tax liability / (asset)	**(11.56)**	**-**

18.9.6 Accounting Standard 26 – Intangible Assets

The Bank holds intangible assets, primarily software, which is reported as part of Schedule 10. Details of the same are given below. (Amount in ₹ crore)

Particulars	2021	2020
Opening Gross Block	5.38	4.72
Additions during the year	0.76	0.66
Deductions during the year	-	-
Depreciation till date	(4.58)	(2.92)
Net Block	1.56	2.46
Intangibles under development (CWIP)	0.93	0.85

18.9.7 Accounting Standard 28 – Impairment of assets

As at March 31, 2021 there were no events or changes in circumstances which indicate any material impairment in the carrying value of the assets covered by AS 28 on "Impairment of Assets" (Previous year Nil).

18.9.8 Accounting Standard 29 - Provisions, contingent liabilities and assets

Sr. No	Contingent Liability	Brief description
1	Claims against the Bank not acknowledged as debts	The Bank is a party to various legal proceedings in the normal course of business. The Bank does not expect the outcome of these proceedings to have a material adverse effect on the Bank's financial conditions, results of operations or cash flows.
2	Liability on account of outstanding forward foreign exchange contracts and other derivative contracts	The Bank enters into foreign exchange contracts, currency options, forward rate agreements, currency swaps and interest rate swaps with inter-bank participants on its own account and for customers. Forward foreign exchange contracts are commitments to buy or sell foreign currency at a future date at the contracted rate. Currency swaps are commitments to exchange cash flows by way of interest/ principal in one currency against another, based on predetermined rates. Interest rate swaps are commitments to exchange fixed and floating interest rate cash flows. The notional amounts that are recorded, as contingent liabilities are typically amounts used as a benchmark for the calculation of the interest component of the contracts.
3	Guarantees given on behalf of constituents, acceptances, endorsements and other obligations	As a part of its commercial banking activities the Bank issues documentary credit and guarantee on behalf of its customers. Documentary credits such as letter of credit enhance the credit standing of the customers of the Bank. Guarantees generally represent irrevocable assurances that the Bank will make payment in the event of the customer failing to fulfill its financial or performance obligations. Acceptances, endorsements and other obligations include undrawn committed credit lines.
4	Other items for which the Bank is contingently liable	The Bank is a party to various taxation matters in respect of which appeals are pending. This is being disputed by the Bank and not provided for. This also includes contingent liability corresponding to amount transferred to Depositor Education and Awareness Fund.

18.10 Miscellaneous disclosures

18.10.12 Overseas Assets, NPAs and Revenue

The Bank does not have any Overseas Assets and NPAs as at March 31, 2021 and hence related revenues for the year ended March 31, 2021 is Nil (Previous year Nil).

18.10.13 Off-balance Sheet sponsored Special Purpose Vehicles (SPVs)

The Bank does not have any SPVs as at March 31, 2021 (Previous year Nil).

18.10.14 Remuneration

In terms of guidelines issued by RBI vide circular no. DBOD. No. BC. 72/29.67.001/2011-12 dated January 13, 2012 on "Compensation of Whole Time Directors/Chief Executive Officers/Risk takers and Control function staff, etc.", the Bank has submitted a declaration received from its Head Office to RBI to the effect that the compensation structure in India, including that of CEO's, is in conformity with the Financial Stability Board principles and standards wide letter dated March 22, 2021.

18.10.15 Disclosures relating to Securitization

The Bank does not have any securitized assets as of March 31, 2021 and March 31, 2020.

18.10.16 Intra-Group Exposures

The intra-group exposure comprises of Bank's transactions and exposures to the entities belonging to the bank's own group (group entities). The Bank's exposure to their Head Office and overseas branches of the parent bank, except for proprietary derivative transactions undertaken with them, are excluded from intra-group exposure.

(a) Total amount of intra-group exposures – 22.08 crore (Previous year 57.46 crore).

(b) Total amount of top-20 intra-group exposures - 22.08 crore (Previous year 57.46 crore).

(c) Percentage of intra-group exposures to total exposure of the bank on borrowers / customers – 0.05% (Previous year 0.13%).

(d) Details of breach of limits on intra-group exposures and regulatory action thereon, if any – NIL (Previous year Nil)

18.10.17 Transfer to Depositor Education and Awareness Fund (DEA Fund)

(Amount in ₹ crore)

	Particulars	2021	2020
	Opening balance of amounts transferred to DEA Fund	4.21	4.13
Add	Amounts transferred to DEA Fund during the year	0.05	0.34
Less	Amounts reimbursed by DEA Fund towards claims	-	(0.26)
	Closing balance of amounts transferred to DEA Fund	4.26	4.21

The amount transferred to DEA Fund is also shown as contingent liability under Schedule 12.

18.10.18 Unhedged Foreign Currency Exposure

The Bank has in place a policy on managing credit risk arising out of unhedged foreign currency exposures (UFCE) of its borrowers. UFCE exposes the borrowers to the risk of exchange rate fluctuation, impacting the corporate's profitability and ability to service debt. The objective of the Bank's policy is to monitor & review the UFCE of the borrowers, encouraging the borrowers to hedge their UFCE and evaluate the risks arising out of UFCE of the borrowers while approving the credit facilities and price them in the credit risk premium. The Bank has also stipulated threshold limits for mandatory hedging in respect of foreign currency loans given by the Bank. The credit analysis critically evaluates the risks arising out of UFCE of the borrowers and its impact on the corporate's profitability and financial profile, with due consideration given to the foreign currency receivables generated by the borrower's export activities and the extent to which this might mitigate the foreign currency exposure.

The Bank reviews the UFCE across its portfolio on a periodic basis. The Bank also maintains incremental provision and capital towards the UFCE of its borrowers in line with the extant RBI guidelines.

In accordance with the RBI's Circular DBOD No.BP.BC.85/21.06.200/2013-14 dated January 15, 2014 effective April 01, 2014, the Bank has maintained incremental provision of 21.62 crores (Previous year 28.21 crores) and additional capital of 276.49 crores (Previous year 168.94 crores) on account of unhedged foreign currency exposure of its borrowers as at March 31, 2021.

18.11 Liquidity Coverage Ratio (LCR)

The RBI basis the circular titled "Basel III Framework on Liquidity Standards – Liquidity Coverage Ratio (LCR), Liquidity Risk Monitoring Tools and LCR Disclosure Standards" released on June 09, 2014 (DBOD. BP.BC.No.120/21.04.098/2013-14) & Master circular on Disclosure in Financial Statements - Notes to Accounts has advised banks to measure and report LCR.

The LCR guidelines aims to ensure that the bank maintains an adequate level of unencumbered High Quality Liquid Assets (HQLAs) that can be converted into cash to meet its liquidity needs for a 30 calendar day time horizon under a significantly severe liquidity stress scenario specified by RBI. At a minimum, the stock of liquid assets should enable the bank to survive until day 30 of the stress scenario, by which time it is assumed that appropriate corrective actions can be taken.

As per the RBI guidelines the minimum LCR required to be maintained shall be implemented in the phased manner from January 01, 2015.

The minimum LCR requirement from January 01, 2019 was 100%.

However, in order to accommodate the burden on banks' cash flows on account of the Covid19 pandemic, banks were permitted to maintain LCR as under with reference to the RBI circular RBI/2019-20/217DOR. BP.BC.No.65/21.04.098/2019-20 dated April 17, 2020:

April 17, 2020 to September 30, 2020	80 percent
October 01, 2020 to March 31, 2021	90 per cent
April 01, 2021 onwards	100 per cent

The ratio is defined as the amount of High Quality Liquid Assets ("HQLA") that could be used to raise liquidity, measured against the total volume of net cash outflows, arising from both actual and contingent exposures, in a stressed scenario. Below are the details of each component:

a) Composition of HQLA

The HQLA of the bank mainly consist of government securities in excess of minimum SLR requirements apart from regulatory dispensation allowed up to 18% of NDTL in the form of borrowings limit available through Marginal Standing Facility (MSF) @3% and Facility to Avail Liquidity for Liquidity Coverage Ratio (FALLCR) @ 15%. The bank does not hold any FCY HQLA.

b) Composition of Cash Outflows

The total cash outflows mainly comprise of deposits from small business customers, unsecured wholesale funding in the form of corporate term deposits, secured funding in the form of repo (including Treps) borrowings backed by Level 1 assets, other outflows in the form of net derivative exposures and credit & liquidity facilities, and other contractual and contingent funding obligations. Other contractual funding obligations consist of borrowings & overdrawn nostros and contingent funding obligations consist of outflows from credit & liquidity facilities, letters of credit, guarantees and trade finance facilities granted to corporate customers.

c) Composition of Cash Inflows

The total cash inflows comprise of secured lending transaction backed by Level 1 assets collateral and other cash inflows comprises mainly of loans extended to clients, interest receivable, reciprocal lines unutilized, nostros etc.

The framework for funding the balance sheet is well defined in the ALCO policy which is supplemented with stress testing policy. All relevant aspects of liquidity measurement and monitoring are covered in the aforesaid policies. The liquidity for the bank is managed centrally from its Mumbai Office by the Treasurer.

Given the business profile (Corporate Banking), the bank relies/concentrates more on corporate deposits and money market for its funding requirements which has a short term maturity cycle. It is the bank's conscious strategy to comply with the LCR mandate within the business and regulatory environment it is operating.

The tables below highlight the position of LCR computed based on simple average of daily position for each quarter.

(Amount in ₹ crore)

Sl. No.	Sector	Quarter ended March 31, 2021	
		Total Un-weighted Value	Total Weighted Value

	Actual	Limit	Actual	Limit
March	410.20%	90%	240.83%	100%
December	458.67%	90%	216.83%	100%
September	242.94%	80%	202.74%	100%
June	189.65%	80%	164.41%	100%

18.12 Micro, Small and Medium Enterprises Development Act, 2006 (MSMED)

(Amount in ₹ crore)

	March 31, 2021	March 31, 2020
The principal amount and the interest due thereon remaining unpaid to any supplier as at the end of each accounting year		
Principal amount due to micro and small enterprises	-	-
Interest due on above	-	-
The amount of interest paid by the buyer in terms of section 16 of the MSMED Act 2006 along with the amounts of the payment made to the supplier beyond the appointed day during each accounting year	-	-
The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act 2006.	-	-
The amount of interest accrued and remaining unpaid at the end of each accounting year	-	-
The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under section 23 of the MSMED Act 2006	-	-

To the extent of the information received by the Bank from its vendors, there have been twenty-four payment transactions with MSMED registered vendors as defined under the Micro, Small and Medium Enterprises Development Act, 2006 during the financial year. Payments of twenty invoices have been made as per the terms of the invoice.

18.13 Corporate Social Responsibility (CSR)

The details of CSR expenditure are given below:

Gross amount required to be spent by the company during the year ₹ 0.47 crore (Previous year NIL)

Expenses incurred during the year ended March 31, 2021 (Amount in ₹ crore)

Sr No.	Particulars	In Cash	Yet to be paid in Cash	Total
(i)	Construction/Acquisition of any asset	0.00	-	0.00
(ii)	On purposes other than (i) above	1.44	-	1.44

Expenses incurred during the year ended March 31, 2020 (Amount in ₹ crore)

Sr No.	Particulars	In Cash	Yet to be paid in Cash	Total
(i)	Construction/Acquisition of any asset	0.00	-	0.00
(ii)	On purposes other than (i) above	1.25	-	1.25

18.14 Provision for Long Term Contracts

The Bank has a process whereby periodically all long term contracts (including derivative contracts) are assessed for material foreseeable losses. At the year end, the Bank has reviewed and recorded adequate provision as required under any law / accounting standards for material foreseeable losses on such long term contracts (including derivative contracts) in the books of account and disclosed the same under the relevant notes in the financial statements.

18.15 Priority Sector Lending Certificates (PSLCs)

The Bank has purchased PSLCs during the year. Stock of PSLCs held at year end is detailed below in face value terms. (Amount in ₹ crore)

Sr No.	Particulars	2021	2020
(i)	PSLC - General	580.25	987.50
(ii)	PSLC - Micro Enterprises	525.00	549.75
(ii)	PSLC - Agriculture	-	-
	Total	**1,105.25**	**1,537.25**

18.16 Transfer to / from Investment Reserve and Investment Fluctuation Reserve.

In terms of RBI circular DBR.No.BP.BC.102/21.04.048/2017-18 dated April 02, 2018 on creation of Investment Fluctuation Reserve (IFR), the Bank has transferred ₹ 77.87 crores to IFR during the FY 2020-21 (P.Y: NIL).

From Investment Reserve Account, ₹ 17.93 crores has been transferred to Profit & loss account as per extant RBI guidelines and disclosed in Schedule No. 2.

18.17 Sexual Harassment of Women at Workplace

The bank has received no complaints for its disposal under the provisions of "The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

18.18 Update on IND AS Implementation

The Institute of Chartered Accountants of India has issued IND AS (a revised set of accounting standards) which largely converge the Indian accounting standards with International Financial Reporting Standards (IFRS). The same have since been notified by the Ministry of Corporate Affairs (MCA). The RBI has issued a circular applicable to all commercial banks (RBI/2015-16/315 DBR.BP.BC. No.76/21.07.001/2015-16 dated February 11, 2016) on Implementation of Indian Accounting Standards (IND AS).

IND AS was required to be fully implemented from April 01, 2018 onwards with comparatives required for periods beginning April 01, 2017, subsequently this was deferred for one year by RBI vide their press release dated April 05, 2018 on "Statement on Developmental & Regulatory Policies".

In FY 2018-19 RBI has deferred the IND AS implementation again as per RBI Circular No. RBI/2018-2019/146 DBR.BP.BC.No.29/21.07.001/2018-19 dated March 22, 2019 until further notice.

The Bank has undertaken the following actions:

Considering the nature and size of business of the bank, the responsibility for implementation of IND AS, primarily stemming from relevant RBI circulars, is with the following Committees:

i. Management Committee
ii. Audit Committee
iii. Steering Committee constituted for IND – AS implementation

The Steering Committee primarily consists of the CFO and Representatives from Finance Control, Risk & Other Support Functions. Any other representation will be included in the committee on a need basis.

The Steering Committee provides updates on a regular basis to the Audit Committee and Management Committee with regard to the progress of the IND AS implementation.

Pro-forma IND AS financial statements are being submitted to RBI on a quarterly basis in line RBI's email dated July 20, 2018 for the same.

18.19 Previous Year's Comparatives

Prior year amounts have been re-classified / re-stated wherever necessary to conform to the current year's presentation.

BASEL III DISCLOSURES as at March 31, 2021 (Indian Branches)

1. SCOPE OF APPLICATION

The Basel III disclosures contained herein relate to the Indian Branches of Credit Agricole Corporate & Investment Bank ('the Bank') for the year ended March 31, 2021. These are primarily in the context of the disclosures required under Annex 18 – Pillar 3 disclosure requirements of the Reserve Bank of India ('the RBI') Master Circular – Basel III Capital Regulations dated 1st July 2015. The Bank has implemented the requirements laid down by RBI for Pillar 3 disclosure, covering both the qualitative and quantitative items. The information provided has been reviewed by senior management and is in accordance with the guidelines prescribed by the RBI. All table DF references relate to those mentioned in Annex 18 – Pillar 3 of the above mentioned circular.

Qualitative & Quantitative disclosures as per table DF 1

The Bank does not have any interest in subsidiaries/associates/Joint Ventures or Insurance entities. As such this disclosure is not applicable to the bank.

2. CAPITAL ADEQUACY

Qualitative Disclosures as per table DF 2

The Capital to Risk Weighted Assets Ratio (CRAR) of the bank is 13.89% as of March 31, 2021 computed under Basel III norms, higher than the minimum regulatory CRAR requirement of 10.875% including Capital Conservation Buffer (CCB) of 1.875%.

The bank's capital management approach is driven by its desire to maintain a strong capital base to support the development of its business and to meet regulatory capital requirements at all times. It is overseen by the Bank's Asset and Liability Committee (ALCO) and Local Credit Committee (LCC). It has a process for assessing its overall capital adequacy in relation to the risk profile. The Bank has a comprehensive Internal Capital Adequacy Assessment Process ('ICAAP'). The Bank's ICAAP document covers the capital management framework of the Bank, sets the process for assessment of the adequacy of capital to support current and future activities / risks and a report on the capital projections for a period of 3 years. The framework has been created by way of an approved ICAAP Manual which ensures existence of a good governance model to identify, assess, monitor and manage all material risks. This framework is supplemented by the existence of an approved stress testing framework which is an integral part of the ICAAP.

In the normal course of events, management reviews the adequacy of capital quarterly or with increased frequency, if circumstances demand. The capital requirement of the Bank is assessed after considering the Bank's strategy, its business model as well as opportunities for growth. The capital assessment by the Bank factors in the credit, operational and market risks associated with its current and future activities as well as the effective management of these risks to optimize the utilization of capital.

A summary of the bank's capital requirement for credit, market and operational risk and the capital adequacy ratio is presented below: (Amount in ₹ crore)

	Particulars	March 31, 2021	March 31, 2020
A	Capital Requirement for Credit Risk (Standardized Approach)	1,655.44	1,537.59
	• On B/s excl securitization exposures	543.10	579.34
	• Off B/s excl securitization exposures	1,112.34	958.25
	1. Non - Market Related	549.39	345.65
	2. Market Related	562.95	612.60
	• Securitization Exposures	-	-
B	Capital Requirement for Market Risk (Standardized Duration Approach)	301.47	291.11
	• Interest Rate Risk	265.47	255.11
	• Foreign Exchange Risk	36.00	36.00
	• Equity Risk	-	-
C	Capital Requirement for Operational Risk (Basic Indicator Approach)	50.90	27.54
D	Total Capital Requirement	2,007.81	1,856.24
E	Total Risk Weighted Assets of the Bank	20,215.15	18,654.94
	• Credit Risk	15,810.54	14,671.72
	• Market Risk	3,768.38	3,638.93
	• Operational Risk	636.23	344.29
F	Total Capital Ratio	13.89%	12.43%
	• Common Equity Tier I	11.55%	10.17%
	• Tier I	11.55%	10.17%
	• Tier II	2.34%	2.26%

3. RISK EXPOSURE AND ASSESSMENT

Risk Management

The management of risk lies at the heart of the Bank's business. The businesses undertaken by the Bank requires it to identify, measure, control, monitor and report risks effectively and to allocate capital among businesses appropriately.

The key components of the Bank's risk management are the risk policies, comprehensive processes, integrated risk management systems and internal control mechanism. The Bank's risk policies focus attention on key areas of risks such as counterparty, market, country, portfolio and operational risk and identification, analysis, measurement and control of these risks for effective and continuous monitoring.

Categories of Risk

The key risks the Bank assumes are:

- Credit risk is the risk of financial loss if a borrower or counterparty fails to honor commitments under an agreement and any such failure has an adverse impact on the financial performance of the Bank. Credit risk arises mainly from direct lending and certain off-balance sheet products such as Guarantees, Letters of Credits, Foreign Exchange Forward Contracts & Derivatives and also from the Bank's holding of assets in the form of debt securities.
- Market Risk arising from the uncertainty concerning changes in market prices and rates (including interest rates, equity prices, foreign exchange rates and commodity prices), the correlations among them and their levels of volatility.
- Interest rate risk in the banking book is primarily the change in the net interest income and the value of the bank's assets and liabilities due to changes in interest rates. Interest rate risk arises on account of banking products (non-trading nature) offered to retail and corporate customers.
- Liquidity risk arising from the potential inability to meet all payment obligations when they become due.
- Operational risk is the potential for incurring losses in relation to employees, process failures, project management, contractual specifications and documentations, technology, infrastructure failure and disasters, external influences and customer relationships. This definition includes legal and regulatory risk.

Risk management components and policies

The key components of the Bank's risk management are the risk policies, comprehensive processes, integrated risk management systems and internal control mechanism. The Bank's risk policies focus attention on key areas of risk such as counterparty, market, country, portfolio and operational risks and identification, analysis, measurement and control of these risks for effective and continuous monitoring.

The Bank's risk management processes are guided by well-defined policies appropriate for various risk categories, independent risk oversight and periodic monitoring. Head Office of the Bank approves the overall risk appetite and strategy for the Bank's operations. Locally, various senior management committees mainly, Asset-Liability Committee (ALCO), Internal Control Committee (ICC), and Local Credit Committee (LCC) operate within the broad policy set up by Head Office.

The Bank has formulated a local credit policy consistent with the Head Office policy and Reserve Bank of India regulations and guidelines on risk management. The Bank has also formulated a comprehensive Stress Testing policy to measure impact of adverse stress scenarios on the adequacy of capital.

Risk management organization

Risk Management function is organized functionally on a global basis as the Risk & Permanent Control (RPC) Division. The Local Head of Risk Management Functions reports functionally to the Regional Chief Risk Officer, Asia Pacific Office in Hong Kong. The Local Head of Risk Management is responsible for credit, market and operational risk management activities for the Bank. The Bank has a Local Credit Committee comprising of the Senior Country Officer and other senior personnel representing Global Markets, Corporate Banking and Credit Risk Analysis. As per the scheme of delegations for credit approvals laid down by the Head Office, all credit applications from India of corporate clients are discussed in the local credit committee and approved by the Front Office delegate / Senior Country Officer (SCO) subject to a favorable opinion from local RPC if the size of credit limits are within his delegation and in other cases by the Risk Committee at Regional Office or Head Office, based on the recommendation from FO Delegate/ SCO and analysis/conclusion provided by local RPC.

In case of Banks & Financial Institutions, the credit analysis of the counterparties is done by RPC in Regional Office, Hong Kong, based on the request from the Branch. The credit limits are assessed by the Branch and recommended to RPC Regional Office, and it requires a favorable recommendation from the Senior Country Officer of India. The final decision on the request for credit limits for Banks & Financial Institutions is made by Head Office.

The Risk Management function is responsible for the quality and performance of the credit portfolios and for monitoring and controlling all credit risks in the portfolio, including those subject to approval by the Regional Office and Head Office.

Treasury is responsible for the management of liquidity risk. The liquidity risk policies relating to the identification, measurement and management of liquidity risk as well as the actual status are reviewed on a regular basis by the ALCO.

The Bank's Finance, Audit and Legal departments support the risk management function. The role of Finance department is to quantify the risk assumed and ensure the quality and integrity of the risk related data. The Bank's Audit department reviews the compliance of the internal control procedures with internal and regulatory standards. The Legal department provides legal advice and support on topics including collateral arrangements and netting.

Scope and Nature of Risk Reporting and Measurement Systems

The Bank has globally adopted an internal rating system to rate the borrowers / counterparties. The internal rating model is a combination of quantitative and qualitative factors. It is comprehensive in terms of identification and assessment of all risks faced by a counter party. The rating model enables assessment of the possibility of delinquency over a one-year time horizon. Each internal rating grade corresponds to a distinct probability of default. Validation of Internal Rating Model is carried out at Head Office level periodically by objectively assessing its calibration accuracy and stability of ratings.

The local Credit Risk Management team manages the regular reporting to senior management on credit risk portfolio, including information on large credit exposures, concentrations, industry exposures, levels of impairment, provisioning and country exposures. The portfolio is also reviewed annually by the Country & Portfolio Review team of the Head Office Risk Department.

Policies for Credit Risk Mitigants

Credit Risk Mitigants (CRM) like financial collateral, non-financial collateral including guarantees are used to mitigate credit risk exposure. Availability of CRM either reduces effective exposure on the borrower (in case of collaterals) or transfers the risk to the more creditworthy party (in case of guarantees).

4. CREDIT RISK: GENERAL DISCLOSURES

Qualitative Disclosures as per table DF 3

Credit Risk Management Policy

The Bank's credit risk management process integrates risk management into the business management processes, while preserving the independence and integrity of risk assessment. There is a clear segregation of duties between transaction originators in the businesses and the approvers in the Risk functions. All credit exposure limits are approved within a defined credit approval authority framework.

The Head Office of the Bank establishes the parameters for risk appetite, which is defined quantitatively and qualitatively in accordance with the laid-down strategic business plan for the country. Group policies/ procedures are customized locally to incorporate any local regulatory and governance needs. This is laid down through a combination of organizational structures and credit risk policies, control processes and credit systems embedded into an integrated risk management framework.

The Bank regularly monitors credit exposures, portfolio performance and external trends which may impact risk management outcomes. Internal risk management reports are presented to risk committees, containing information on key environmental, political and economic trends across major portfolios, portfolio delinquency and loan impairment performance.

Identification & Management of Doubtful Assets & Provisioning

The Bank has laid down a global policy for identification and management of Doubtful Assets and provisioning. In addition, the Bank's non-performing advances are identified by regular review of the portfolio by senior management in accordance with RBI guidelines on asset classification and provisioning. Specific provision is made on a case by case basis based on the management's assessment of impairment of the advance with approval from the Head Office, subject to the minimum provisioning levels prescribed by the RBI. All non performing advances are monitored by a specialized department called Distressed Assets Services at Regional Office, Hong Kong. The Bank engages with customers closely to work out of distress situations.

Concentration Risk

The Bank controls and limits concentration risk by means of appropriate borrower limits based on creditworthiness. These include:

Large exposures to individual clients or group:

The exposure limits on various categories of borrowers / counterparties and group of borrowers/counterparties shall be in accordance with the Large Exposure (LE) Framework of RBI.

The Bank has adopted the limits prescribed in the LE Framework as prudential exposure limit:

Single Borrower / counterparty: The sum of all the exposure values to a single counterparty must not be higher than 20% of the Bank's available eligible capital base at all time (i.e. Tier I capital).

Groups of connected Borrowers / counterparties: The sum of all the exposure values of a bank to a group of connected counterparties (as defined in the RBI regulation on Large Exposure Framework) must not be higher than 25% of the Bank's available eligible capital base at all times.

Interbank exposures: The interbank exposures, except intra-day interbank exposures, will be subject to the large exposure limit of 25% of Bank's Tier 1 capital. Additionally, in case of exposure to a G-SIB (including branch) and a non-bank G-SIFI, the exposure limit is further restricted to 20% of capital base (noting that CACIB is a not a G-SIB). For this purpose, Indian branches of a foreign G-SIB is treated as non-GSIB.

Exposure to Head Office: The sum of all the exposure values to Head office (including other overseas branches/subsidiaries/parent/group entities) must not be higher than 25% of the Bank's available eligible capital base at all time.

Exposure to NBFCs: Exposure Ceilings proposed under LE Framework:

(i) Exposures to NBFCs: Banks' exposures to a single NBFC will be restricted to 15 percent of the eligible capital base. However, for NBFCs having significant exposure to unsecured personal loans in its portfolio, the exposure be restricted to 10% of eligible capital base.

(ii) Banks' exposures to a group of connected NBFCs or groups of connected counterparties having NBFCs in the group will be restricted to 25 percent of their Tier I Capital.

Industries

Industry analysis plays an important part in assessing the concentration risk within the loan portfolio. Particular attention is given to industry sectors where the Bank believes there is a high degree of risk or potential for volatility in the future. The Bank has fixed internal limits for aggregate commitments to different sectors so that the exposures are evenly spread over various sectors.

Quantitative Disclosures as per table DF 3

CREDIT RISK EXPOSURES

Total Net Credit Risk Exposure (Amount in ₹ crore)

Particulars	As at March 31, 2021	As at March 31, 2020
Fund Based	3,957.58	5,040.98
Non Fund Based	6,442.32	6,927.61
Total	10,399.90	11,968.59

Note 1: Fund-based exposure represents funded loans & advances including overdrafts, cash credits and bill discounting.
Note 2: Non-fund based exposures are guarantees given on behalf of constituents, Letters of Credit, Undrawn binding commitments, acceptances and endorsements.
Note 3: The exposure amount is the net outstanding (i.e. net of provisions and credit risk mitigants, if any).
Note 4: The increase in exposures by 25% due to unhedged foreign currency exposure is not considered in the above figures.
The Bank does not have overseas operations and hence exposures are restricted to the domestic segment.
Note 5: Derivative exposure is reported under DF 10

Distribution of credit risk exposure by industry sector as at March 31, 2021 (Amount in ₹ crore)

5. CREDIT RISK – Disclosures for portfolios under the standardized approach

Qualitative Disclosures as per table DF 4

Use of external ratings issued by Rating Agencies under the Standardized Approach

The Bank uses the issuer ratings and short-term and long-term instrument/bank facilities' ratings which are assigned by the accredited rating agencies viz. CRISIL, CARE, ICRA, India Ratings (FITCH group company), Brickwork and SMERA, and published in the public domain to assign risk-weights in terms of RBI guidelines. In respect of claims on non-resident corporates and foreign banks, ratings assigned by international rating agencies i.e. Standard & Poor's, Moody's and Fitch are used. For exposures with contractual maturity of less than one year, a short-term rating is used. For cash credit facilities and exposures with contractual maturity of more than one year, long-term rating is used.

Issue ratings would be used if the Bank has an exposure in the rated issue and this would include fund-based and non-fund based working capital facilities as well as loans and investments. In case the Bank does not have exposure in a rated issue, the Bank would use the issue rating for its comparable unrated exposures to the same borrower, provided that the Bank's exposures are pari-passu or senior and of similar or lesser maturity as compared to the rated issue. If an issuer has a long-term or short-term exposure with an external rating that warrants a risk weight of 150%, all unrated claims on the same counterparty, whether short-term or long-term, also receive 150% risk weight, unless the Bank uses recognized credit risk mitigation techniques for such claims.

The unrated short term claim on counterparty is assigned risk weight of at least one level higher than the risk weight applicable to the rated short term claim on that counterparty. Thus, if a short term rated facility to a counter party attracts a 20% or a 50% risk weight, unrated short-term claims on the same counterparty is assigned a risk weight of 30% or 100% respectively.

Risk Weight mapping of long term corporate ratings

Domestic rating agencies	AAA	AA	A	BBB	BB & below	Unrated
Risk weight (%)	20	30	50	100	150	100

Risk weight mapping of short term corporate ratings

Short term claim on Corporates						Risk Weight (%)
CARE	CRISIL	India Ratings	ICRA	Brickwork	SMERA	
CARE A1+	CRISIL A1+	IND A1+	ICRA A1+	Brickwork A1+	SMERA A1+	20
CARE A1	CRISIL A1	IND A1	ICRA A1	Brickwork A1	SMERA A1	30
CARE A2	CRISIL A2	IND A2	ICRA A2	Brickwork A2	SMERA A2	50
CARE A3	CRISIL A3	IND A3	ICRA A3	Brickwork A3	SMERA A3	100
CARE A4 &D	CRISIL A4 & D	INDA4 & D	ICRA A4 & D	Brickwork A4 & D	SMERA A4 & D	150
Unrated	Unrated	Unrated	Unrated	Unrated	Unrated	100

Note:

Risk weight on claims on AFCs would continue to be governed by credit rating of the AFCs, except that claims that attract a risk weight of 150 per cent under NCAF shall be reduced to a level of 100 per cent.

Claims classified as "Commercial Real Estate Exposure" will attract risk weight of 100%.

Note:

a) In accordance with RBI circular # DBR.No.BP.BC.6/21.06.001/2016-17 dated August 25, 2016, any counterparty having aggregate exposure from banking system of more than INR 1 Bio which were externally rated earlier and subsequently not rated will attract Risk Weight of 150%.

b) Further, with effect from June 30, 2017, following two additional regulations have come into force:

- All unrated claims on corporates, AFCs, and NBFC-IFCs having aggregate exposure from banking system of more than INR 2 Bio attract a risk weight of 150% with effect from Financial Year ending March 31, 2019; and
- As per the Guidelines on Enhancing Credit Supply for Large Borrowers through Market Mechanism, with effect from April 01, 2017, an additional Risk Weight of 75 percentage points over and above the applicable Risk Weight is to be applied on the exposure of borrowers having fund based credit facilities above INR 250 Bio from banking system at any time in FY 2017-18; INR 150 bio in FY 2018-19 and INR 100 bio from April 01, 2019 onwards.

c) Exposure to Qualifying Central Counterparties (QCCPs): risk weight of 2% to be applied to the Bank's trade exposure to QCCP where the Bank acts as a clearing member of a QCCP for its own purposes.

The claims on banks incorporated in India and foreign banks branches in India, excluding investment in equity shares and other instruments eligible for capital status are risk weighted as under:

Level of Common Equity Tier 1 capital (CET1) including applicable capital conservation buffer (CCB) (%) of the counterparty bank (where applicable)	Scheduled Banks	Other Banks
Applicable Minimum CET1 + Applicable CCB and above	20%	100%
Applicable Minimum CET1 + CCB = 75% and <100% of applicable CCB	50%	150%
Applicable Minimum CET1 + CCB = 50% and <75% of applicable CCB	100%	250%
Applicable Minimum CET1 + CCB = 0% and <50% of applicable CCB	150%	350%
Minimum CET1 less than applicable minimum	625%	625%

Risk weight mapping of foreign banks:

S&P / FITCH ratings	AAA to AA	A	BBB	BB to B	Below B	Unrated
Moody's ratings	Aaa to Aa	A	Baa	Ba to B	Below B	Unrated
Risk Weight (%)	20	50	50	100	150	50

Risk weight mapping of foreign sovereigns:

S&P / FITCH ratings	AAA to AA	A	BBB	BB to B	Below B	Unrated
Moody's ratings	Aaa to Aa	A	Baa	Ba to B	Below B	Unrated
Risk Weight (%)	0	20	50	100	150	100

Risk weight mapping of foreign public sector entities and non-resident corporates:

S&P / FITCH ratings	AAA to AA	A	BBB	Below B	Unrated
Moody's ratings	Aaa to Aa	A	Baa	Below B	Unrated
Risk Weight (%)	20	50	100	150	100

Quantitative Disclosures as per table DF 4

Amount of credit RWA outstanding under various risk buckets: (Amount in ₹ crore)

Particulars	March 31, 2021	March 31, 2020
Below 100% risk weight	3,266.23	3,370.02
100% risk weight	2,331.44	2,747.77
More than 100% risk weight	10,212.87	8,553.93
Deductions	-	-
Total risk weighted assets	15,810.54	14,671.72

Note: Credit Risk Exposure for foreign exchange contracts and derivatives has been calculated as per Current Exposure Method in accordance with RBI guidelines.

6. CREDIT RISK MITIGATION

Qualitative Disclosures as per table DF 5

The Bank uses various collaterals both financial as well as non-financial as credit risk mitigants (CRM). The main collateral recognized by the Bank for RWA purpose comprises of bank deposits / cash margin.

The Bank has in place a Credit Risk Mitigants management policy, which underlines the eligibility requirements for credit risk mitigants for capital computation as per Basel III guidelines. The Bank reduces its credit exposure to a counter party with the value of eligible financial collateral to take account of the risk mitigating effect of the collateral. To account for the volatility in the value of collateral, haircut is applied based on the type, issuer, maturity and rating of the collateral / collateral provider.

Quantitative Disclosures as per table DF 5

The quantum of the credit portfolio which benefits from financial collaterals and/or guarantees as credit risk mitigants is an insignificant portion of our customer advances. Therefore, the credit and/or market concentration risks are not material.

The total exposure that is covered by eligible financial collateral, after the application of haircuts is INR 31.58 crores (March 31, 2020: INR 30.99 crores).

Break-down of exposure covered by eligible financial collateral: (Amount in ₹ crore)

Facility	March 31, 2021	March 31, 2020
Funded	-	-
Non-Funded – Letters of Credit	-	-
Non-funded - Guarantees	31.58	30.99
Non-funded – FX/Derivative	-	-
Total	31.58	30.99

7. SECURITIZATION EXPOSURES

Qualitative & Quantitative disclosures as per table DF 6

The Bank has not undertaken any securitization activity either as an originator or as credit enhancer. Details of exposure securitized by the Bank and subject to securitization framework is thus NIL.

8. MARKET RISK IN TRADING BOOK

Qualitative Disclosures as per table DF 7

Market risk is the risk to the Bank's earnings and capital due to changes in the market level of interest rates or prices of securities and foreign exchange as well as the volatilities of those changes.

Bank's market risk objectives are to understand and control market risk by robust measurement and the setting of position limits, facilitate business growth within a controlled and transparent risk management framework and minimize non-traded market risk.

The Bank is exposed to market risk through its trading activities, which are carried out for customers. The Bank adopts a comprehensive approach to market risk management for its trading, investment and asset / liability portfolios. The Bank uses various risk metrics, both statistical and non-statistical, including:

- Value at Risk (VaR)
- Non-statistical measures like position, gaps and sensitivities i.e. PV01, Duration and Option Greeks

The Bank uses Historical Simulation method for calculation of VaR at 99% confidence interval and holding period of 1 day. The 261-day historical market data (rate + volatility) are used. The shocks are applied to market data to calculate mark to market value of each scenario in a portfolio at each level of consolidation. The VaR models are back-tested at regular intervals and results are used to maintain and improve the efficacy of the model. VaR is calculated for trading and non-trading portfolio on daily basis and reported to senior management of the Bank. Stress test is also conducted on quarterly basis as per RBI methodology. Similarly, stress test is also performed as per internal methodology on the total portfolio on weekly basis, which shows impact of extreme market movements on Bank's portfolio.

Different risk limits such as Overnight position, maximum maturity, Profit and Loss alert and Annual stop loss alerts are set up according to a number of criteria including relevant market analysis, business strategy, management experience and risk appetite for market risk exposures. These limits are monitored on daily basis and exceptions are reported to management and put up to ALCO. Market risk limits are reviewed at least once a year or more frequently if deemed necessary to maintain consistency with trading strategies and material developments in market conditions.

Concentration Risk

The Bank has allocated internal risk limits in order to avoid concentrations, wherever relevant. The Bank has allocated PVO1 limits currency wise / bucket wise, which are monitored on daily basis for any possible concentration risk.

Quantitative Disclosures as per table DF 7

Capital Requirement for Market Risk (Amount in ₹ crore)

Particulars	March 31, 2021	March 31, 2020
-Interest rate risk	265.47	255.11
-Equity position risk	-	-
-Foreign exchange risk (including gold)	36.00	36.00
Total	301.47	291.11

9. OPERATIONAL RISK

Qualitative Disclosures as per table DF 8

Operational Risk - Definition

Operational risk is defined as the risk of loss resulting from inadequate or failed internal processes, people and systems or from external events. Operational risk is the risk of direct or indirect losses resulting from human factors, external events, inadequate or failed internal processes and systems. Major sources of operational risk include: operational process reliability, IT security, outsourcing of operations, dependence on key suppliers, implementation of strategic change, integration of acquisition, fraud, human error, customer service quality, regulatory compliance, recruitment, training and retention of staff and social and environmental impacts. This definition includes legal risk, but excludes business and reputation risk.

Strategies and Processes

The Bank has set up an Operational Risk Management department within Risk to manage operational risk through identification, assessment and monitoring. Simultaneously, a framework has been laid to capture loss data which can be mapped to operational risk events to measure the impact quantitatively. The Bank has put in place a structure to effectively manage operational risk through the formation of several Internal Committees viz., Internal Control Committee (ICC), New Products and Activities Committee. The functioning of these committees is well defined. The Operational Risk Manager acts as the convener of ICC.

Structure and Organization

The Bank has an Internal Control Committee (ICC) which is responsible for implementation of the Operational Risk policies of the Bank. This Internal Control Committee supervises effective monitoring of operational risk and the implementation of measures for enhanced capability to manage operational risk.

Internal Vigilance System

As mandated by Reserve Bank of India the Bank has setup an Internal Vigilance Committee chaired by the Senior Country Officer (the other members being Chief Operating Officer, Heads of Risk, HR, Audit and Compliance with the Operational Risk Manager as the Chief Vigilance Officer) that is responsible for implementing anti-corruption measures and looking into acts of misconduct, alleged or committed, by employees within its control and take appropriate punitive action. The Committee also takes appropriate measures to prevent commission of misconducts / malpractices by employees. The Committee meets on a quarterly basis.

Operational Risk Reporting and Measurement Systems

A systematic centralized process for reporting losses, "near misses" issues relating to operational events is implemented. Based upon the information gathered, control measures would be introduced. All operational loss events and potential loss events are reported to HO and reviewed by the Local ICC.

An Operational Risk Mapping project has been undertaken within the Bank to identify and assess the operational risk inherent in all material products, activities, processes and systems. The objective of the Operational Risk Mapping is to map the various business lines, organizational functions or process flows by risk type to reveal areas of weakness so to prioritize subsequent management actions.

Policies for Managing Operational risk

An Operational Risk Management Policy approved by the Internal Control Committee of the Bank details the framework for reducing/controlling operational risk in the Bank. As per the policy, all new products are being vetted by the New Products and Activities Committee to identify and assess potential operational risks involved and suggest control measures to mitigate the risks. A review of the approved products is being done by the Compliance Department on a regular basis.

Operational Risk Capital Assessment

As per the RBI guidelines, the Bank has followed the Basic Indicator Approach for the year ending March 31, 2021.

10. INTEREST RATE RISK IN THE BANKING BOOK

Qualitative Disclosures as per table DF 9

Interest rate risk in the banking book is primarily the change in the net interest income and the value of the bank's assets and liabilities due to changes in interest rates. Treasury desk under the supervision of the Asset/Liability Committee (ALCO) manages interest rate risk within the ALM guidelines set up at Bank level and within the limits set up by the Department of Risk Management. The bank has ALCO approved funds transfer pricing policy between various product lines in the bank and also details about the interest rate risk management framework. As part of the policy interest rate risk originated due to commercial banking activities are transferred to Treasury – Fund Management desk, which is in charge of managing the interest rate risk within the banking book. The Treasury desk manages interest rate risk on ongoing basis by dealing in various approved financial products and is subject to same VaR & stress tests as that for the trading book.

Quantitative Disclosures as per table DF 9

The bank has uses the modified duration approach to measure potential impact on the capital fund (MVE) for upward and downward interest rate shocks of 200 bps on quarterly basis. The bank also has prescribed shocks to calculate impact arising out of the basis risk in the banking book.

The impact on the capital funds for upward/downward interest rate shock of 200 bps as at March 31, 2021 is as below: (Amount in ₹ crore)

Currency	Upward Interest rate shock	Downward Interest rate shock
INR	67.85	-67.85
USD	-1.49	1.49
Others	-3.3	3.3
Total	63.06	-63.06

Earnings at risk (EaR) measure the interest rate risk from earnings perspective. This is computed based on the net gaps for each bucket up to 1 year with a 1% parallel shift in the yield curve on the bank's earning. The impact from earnings perspective as at March 31, 2021 is INR 11.66 crores.

11. GENERAL DISCLOSURE FOR EXPOSURES RELATED TO COUNTERPARTY CREDIT RISK

Qualitative Disclosures as per table DF 10

The Bank stipulates limits as per the norms on exposure stipulated by RBI for both fund and non-fund based products including derivatives. Limits are set as a percentage of the capital funds and are monitored. The utilization against specified limits is reported to the Credit Committee on a periodic basis. The analysis of the composition of the portfolio is presented to the Local Management Committee on a half yearly basis.

Credit Control Department monitors the credit excess (including FX/ Derivatives exceeding approved limit) on a daily basis. The 'credit exposure' arising on account of interest rate and foreign exchange derivative transactions is computed using the "Current Exposure Method" as laid down by RBI.

The Bank has entered into Credit Support Annex (CSA) agreement with local banks. CSA defines the terms or rules under which collateral is posted or transferred between derivative counterparties to mitigate the credit risk arising from "in the money" derivative positions on OTC Derivative contracts.

Exposure to Central counterparties arising from over-the-counter derivative trades, exchange traded derivatives transactions and security financing transactions (SFTs), attracts capital charges applicable to Central Counterparty.

Applicable risk weights for trades, guaranteed by central counterparties, which are recognized as qualifying central counterparty (QCCP) by Reserve Bank of India or SEBI, are comparatively lower than OTC deals.

In India, presently there are four QCCPs viz. Clearing Corporation of India (CCIL), National Securities Clearing Corporation Ltd (NSCCL), Indian Clearing Corporation Ltd (ICCL) and MCX-SX Clearing Corporation Ltd (MCX-SXCCL). These CCPs are subjected, on an ongoing basis, to rules and regulations that are consistent with CPSS-IOSCO Principles for Financial Market Infrastructures.

The bank has also computed the incurred Credit Valuation Adjustment (CVA) loss as per Basel III master circular and the same has been considered for reduction in derivative exposure computation. The provision amount outstanding as on March 31, 2021 is INR 12.80 crores.

Quantitative Disclosures as per table DF 10

The derivative exposure outstanding as of March 31, 2021 is given below: (Amount in ₹ crore)

Particulars	Notional Amount	Positive MTM	Add-On	Current Exposure
Interest Rate Swaps	113,327.80	988.63	1,005.77	1,994.40
Currency Swaps (CIRS)	21,448.55	291.40	1,807.07	2,098.47
Currency Options	1,489.25	6.84	53.18	60.02
Currency Future	0.00	0.00	0.00	0.00
Foreign Exchange Contract	615,699.19	3,313.19	13,803.83	17,117.02
Total	751,964.79	4,600.06	16,669.85	21,269.91

There are no Forward Rate Agreements outstanding as on date. The bank does not deal in Credit Default Swaps. The above table does not include the impact of CVA provision which is used to reduce the exposure computation.

12. COMPOSITION OF CAPITAL DISCLOSURE TEMPLATES (CAPITAL STRUCTURE)

Common Equity Tier I Capital: primarily comprises of interest free capital funds received from Head Office, statutory reserves, capital reserve, general reserves and remittable surplus retained for meeting capital adequacy requirements.

Additional Tier I Capital: The bank does not have any Additional Tier I capital.

Tier II Capital mainly comprises of the subordinated debt raised from Head Office, investment reserve, provision for country risk, provision towards standard assets (including on positive marked to market and un-hedged foreign currency exposures).

Quantitative Disclosures as per table DF 11, table DF 12, table DF 13 and DF 14

The composition of capital as on March 31, 2021 as per Table DF 11, Composition of Capital- Reconciliation Requirements as of March 31, 2021 (Step 1 to 3) as per Table DF 12 and Main Features of Regulatory Capital Instruments as per Table DF 13 are provided as separate annexures to this disclosure.

The Bank has received only interest free capital funds & also raised subordinated debt from Head Office. The terms & condition of same is already disclosed under DF 13. The Bank has not issued any regulatory capital instruments in India. Accordingly, no specific disclosure is required under DF 14.

13. REMUNERATION

As per section C of RBI circular DBOD.No.BC.72/29.67.001/2011-12 dated January 13, 2012 – Guidelines on compensation of Whole Time Directors /Chief Executive Officers/Risk takers and Control function staff, etc. on "Compensation guidelines for foreign banks", foreign banks operating in India through branch mode of presence and having their compensation policy governed by their respective Head Office policies are expected to align the policy (In the light of the initiative taken by the FSB, G-20 and the BCBS endorsement of the FSB principles) in line with the Financial Stability Board (FSB) principles. As the bank's compensation structure is in conformity with the FSB principles and standards, no specific qualitative and quantitative disclosure as per table DF 15 is required.

14. Equities –Banking Book Positions

Qualitative & Quantitative disclosures as per table DF 16

The Bank does not have any equity exposure and disclosure under this section is NIL.

15. Leverage Ratio Disclosures

As on March 31, 2021 the leverage ratio is 6.45%. The summary comparison of accounting assets vs. leverage ratio exposure measure as per Table DF 17 and leverage ratio common disclosure as per Table DF 18 are provided as separate annexures to this.

Extract of Basel III common disclosure template (with added column) - Table DF-11 (Step 3)

Common Equity Tier 1 capital: instruments and reserves

		Component of regulatory capital reported by bank	Source based on reference numbers / letters of the balance sheet under the regulatory scope of consolidation from step 2
1	Directly issued qualifying common share (and equivalent for non-joint stock companies) capital plus related stock surplus	13,732.37	A1
2	Retained earnings	-	
3	Accumulated other comprehensive income (and other reserves)	-	B1+B2+B3+B5
4	Directly issued capital subject to phase out from CET1 (only applicable to non-joint stock companies)	-	
5	Common share capital issued by subsidiaries and held by third parties (amount allowed in group CET1)	-	
6	Common Equity Tier 1 capital before regulatory adjustments	13,732.37	
7	Prudential valuation adjustments	-	
8	Goodwill (net of related tax liability)	-	

Table DF-13 : Main Features of Regulatory Capital Instruments

Disclosure template for main features of regulatory capital instruments

1	Issuer	CA-CIB India Branches	CA-CIB India Branches
2	Unique identifier (e.g. CUSIP, ISIN or Bloomberg identifier for private placement)	NA	NA
3	Governing law(s) of the instrument	Indian Laws	Indian Laws
	Regulatory treatment		
4	Transitional Basel III rules	Common Equity Tier I	Tier II
5	Post-transitional Basel III rules	Common Equity Tier I	Tier II
6	Eligible at solo / group / group & solo *	Solo	Solo
7	Instrument type	Head Office Capital	Subordinated Debt
8	Amount recognised in regulatory capital (Rs. in actual, as of most recent reporting date)	INR 13,732,366,033.92	INR 3,009,949,500.00
9	Par value of instrument	NA	USD 45,000,000.00
10	Accounting classification	Capital	Borrowings
11	Original date of issuance	Various	13-Oct-16
12	Perpetual or dated	Perpetual	Dated
13	Original maturity date	NA	13-Oct-26
14	Issuer call subject to prior supervisory approval	No	Yes
15	Optional call date, contingent call dates and redemption amount	No	After 13-Oct-21 or Tax Event or Regulatory Event
16	Subsequent call dates, if applicable	No	No
	Coupons / dividends		
17	Fixed or floating dividend / coupon	NA	Floating
18	Coupon rate and any related index	NA	LIBOR 6M + 2.57%
19	Existence of a dividend stopper	NA	No
20	Fully discretionary, partially discretionary or mandatory	NA	Mandatory
21	Existence of step up or other incentive to redeem	No	No
22	Noncumulative or cumulative	Non cumulative	Non cumulative
23	Convertible or non-convertible	NA	Yes
24	If convertible, conversion trigger(s)	NA	On Occurrence of Non-Viability Event
25	If convertible, fully or partially	NA	Both
26	If convertible, conversion rate	NA	On the day of occurrence of the Non-Viability Event
27	If convertible, mandatory or optional conversion	NA	Mandatory
28	If convertible, specify instrument type convertible into	NA	Common Equity Tier I Capital
29	If convertible, specify issuer of instrument it converts into	NA	NA
30	Write-down feature	NA	Yes
31	If write-down, write-down trigger(s)	NA	On Occurrence of Non-Viability Event
32	If write-down, full or partial	NA	Both
33	If write-down, permanent or temporary	NA	Permanent
34	If temporary write-down, description of write-up mechanism	NA	NA
35	Position in subordination hierarchy in liquidation (specify instrument type immediately senior to instrument)	Perpetual Debt	All other depositors and creditors of the bank
36	Non-compliant transitioned features	No	No
37	If yes, specify non-compliant features	NA	NA

* The bank is present in India as branches of a foreign bank and as such only has solo reporting (i.e. no difference between solo and group)

Table DF 17 - Summary comparison of accounting assets vs. leverage ratio exposure measure as of Mar 31, 2021

	Item	(Rs. in Million)
1	Total consolidated assets as per published financial statements	151,225.20
2	Adjustment for investments in banking, financial, insurance or commercial entities that are consolidated for accounting purposes but outside the scope of regulatory consolidation	-
3	Adjustment for fiduciary assets recognised on the balance sheet pursuant to the operative accounting framework but excluded from the leverage ratio exposure measure	-
4	Adjustments for derivative financial instruments	(46,458.21)
5	Adjustment for securities financing transactions (i.e. repos and similar secured lending)	3.82
6	Adjustment for off-balance sheet items (i.e. conversion to credit equivalent amounts of off- balance sheet exposures)	257,342.39
7	Other adjustments	(24.90)
8	Leverage ratio exposure	362,088.29

Table DF-18: Leverage ratio common disclosure template as of Mar 31, 2021

	Item	(Rs. in Million)
On-balance sheet exposures		
1.00	On-balance sheet items (excluding derivatives and SFTs, but including collateral)	99,306.99
2.00	(Asset amounts deducted in determining Basel III Tier 1 capital)	(24.90)
3.00	**Total on-balance sheet exposures (excluding derivatives and SFTs) (sum of lines 1 and 2)**	**99,282.09**
Derivative exposures		
4.00	Replacement cost associated with all derivatives transactions (i.e. net of eligible cash variation margin)	45,872.59
5.00	Add-on amounts for PFE associated with all derivatives transactions	166,698.51
6.00	Gross-up for derivatives collateral provided where deducted from the balance sheet assets pursuant to the operative accounting framework	-
7.00	(Deductions of receivables assets for cash variation margin provided in derivatives transactions)	-
8.00	(Exempted CCP leg of client-cleared trade exposures)	-
9.00	Adjusted effective notional amount of written credit derivatives	-
10.00	(Adjusted effective notional offsets and add-on deductions for written credit derivatives)	-
11.00	**Total derivative exposures (sum of lines 4 to 10)**	**212,571.10**
Securities financing transaction exposures		
12.00	Gross SFT assets (with no recognition of netting), after adjusting for sale accounting transactions	5,460.00
13.00	(Netted amounts of cash payables and cash receivables of gross SFT assets)	-
14.00	CCR exposure for SFT assets	3.82
15.00	Agent transaction exposures	-
16.00	**Total securities financing transaction exposures (sum of lines 12 to 15)**	**5,463.82**
Other off-balance sheet exposures		
17.00	Off-balance sheet exposure at gross notional amount	64,031.82
18.00	(Adjustments for conversion to credit equivalent amounts)	(19,260.54)
19.00	**Off-balance sheet items (sum of lines 17 and 18)**	**44,771.28**
Capital and total exposures		
20.00	Tier 1 capital	23,351.92
21.00	Total exposures (sum of lines 3, 11, 16 and 19)	362,088.29
Leverage ratio		
22	Basel III leverage ratio	6.45%
