The Finance Department makes a major contribution to Crédit Agricole CIB’s value creation. It covers all financial activities (accounting & regulatory issues, management control, balance sheet management, cash & refinancing management, tax, financial communications) and steers some of the company’s key processes (budget, strategic and financial planning, closing of accounts). In addition to maintaining a watch on the latest regulatory obligations, its role is also to provide management tools, supervise the Bank’s financial risks, suggest hedging solutions and execute the financial market transactions of Crédit Agricole CIB and Crédit Agricole S.A.

By joining the Finance department, you will be fully involved in strategic consulting, performance steering, producing regulatory information and assisting management in its decision-making.
