Some of the positions we offer

STRUCTURED FINANCE ANALYST

You help originate and structure asset-based lending alongside the international network and the other Crédit Agricole CIB product lines.

Your tasks:

- to assess sales opportunities;
- to carry out financial modelling;
- to compile loan files (rating, committee grading, profitability calculations);
- to monitor risk and manage the portfolio (annual reviews, waiver requests, etc.);
- to structure financing offers, analyse risks, draft loan requests and implement loan facilities.

PORTFOLIO MANAGER ANALYST

You are in charge of managing a portfolio of operations originated by the Front Office team and in which CACIB acts as agent or participant.

Your tasks:

- to support the Front Office team by implementing the new operations: closing, preparing KYCs (Know Your Customer), obtaining internal authorisations etc.;
- to monitor portfolio operations: negotiating and monitoring addenda, contacting internal and external agency teams;
- to monitor the risk and profitability of a portfolio of companies: conducting and presenting annual and quarterly reviews;
- to periodically analyse the portfolio (liquidity, covenants, other indicators, legal documentation, etc.).
