

INDEPENDENT AUDITOR'S REPORT

To the Senior Country Officer - India, Credit Agricole Corporate and Investment Bank, Indian Branches

Report on the Audit of Financial Statements

We have audited the Financial Statements of Credit Agricole Corporate and Investment Bank, Indian Branches ("the Bank"), which comprise the Balance Sheet as at March 31, 2025, and the Profit and Loss account and the Cash Flow statement for the year then ended, and notes to the Financial Statements, including a summary of

significant accounting policies and other explanatory information. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid

Financial Statements give the information required by the Banking Regulation Act, 1949, as well as the Companies Act, 2013, amended ("the Act") in the manner so required for banking Companies and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Bank as at March 31, 2025, and its profit and its Cash Flows for the year ended on that date. Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013 and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India ("ICAI"). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Bank in accordance with the Code of Ethics issued by the ICAI together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Other Information

The Bank's Management is responsible for the other information. The other information comprises information included in the Pillar 3 Disclosure under the New Adequacy Framework (Basel III disclosures), but does not include the Financial Statements and our auditor's report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Bank's Management is responsible for the matters stated in section 134(5) of the Companies Act, 2013 with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance and Cash Flows of the Bank in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Companies Act, 2013, provisions of Section 29 of the Banking Regulation Act, 1949 and circulars and guidelines issued by the Reserve Bank of India ("RBI") from time to time. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Bank and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statement that give a true and fair view and are free from material misstatement, whether due to

In preparing the Financial Statements, Bank's management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Bank's management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

Bank's Management is also responsible for overseeing the Bank's financial reporting process

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Bank has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Bank's management.
- Conclude on the appropriateness of Bank's management use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may

reasonably be thought to bear on our independence, and where applicable, related safeguards. Report on Other Legal and Regulatory Requirements

- The Balance Sheet and the Profit and Loss Account have been drawn up in accordance with the provisions of Section 29 of the Banking Regulation Act. 1949 and Section 133 of the Companies Act. 2013.
- As required by sub-section (3) of section 30 of the Banking Regulation Act, 1949, we report that: (a) we have obtained all the information and explanations which, to the best of our knowledge and belief,
- were necessary for the purpose of our audit and have found them to be satisfactory: the transactions of the Bank, which have come to our notice, have been within the powers of the Bank;
- During the course of our audit, we have performed select relevant procedures at one branch. Since the Bank's key operations are automated, with the key application largely integrated to the core banking systems, it does not require its branches to submit any financial returns. Accordingly, our audit is carried out centrally at the Head Office, based on the necessary records and data required for the purpose of the audit being made available to us.
- (d) the profit and loss accounts show a true balance of profit for the year then ended.
- As required by Section 143(3) of the Companies Act, 2013, we report that:
 - We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - In our opinion, proper books of account as required by law have been kept by the Bank so far as appears from our examination of those books: the financial accounting systems of the Bank are centralized and therefore, accounting returns for the
 - purpose of preparation of financial statement are not required to be submitted by the branche The Balance Sheet, the Statement of Profit and Loss and the Statement of Cash Flow and Statement dealt with by this Report are in agreement with the books of account;
 - In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013, to the extent they are not inconsistent with the accounting policies prescribed by RBI;
 - the requirements of Section 164 (2) of the Companies Act, 2013, are not applicable considering the a branch of Credit Agricole Corporate and Investment Bank, which is incorporated with limited liability in France:
 - With respect to the adequacy of the internal financial controls over financial reporting of the Bank with reference to these Financial Statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 1":
 - With respect to the matter to be included in the Auditor's Report under section 197(16), the requirements of Section 197 of the Companies Act, 2013 are not applicable considering the Bank is a branch of Credit
 - Agricole Corporate & Investment Bank, which is incorporated in France. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and
 - according to the explanations given to us: The Bank has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Schedule 12 and Note 18.15.8 of Schedule 18 to the financial statements;

 - The Bank has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long term contracts including derivative contracts - Refer Note
 - 18.16.9 of Schedule 18 to the financial statements.: There were no amounts which were required to be transferred, to the Investor Education and Protection
 - (a) The Management has represented that, to the best of it's knowledge and belief, as disclosed in the note 18.16.11 to the accounts, during the year no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Bank to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding,

in other persons or entities identified in any manner whatsoever by or on behalf of the Bank ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; (b) The Management has represented, that, to the best of it's knowledge and belief, as disclosed in the 18.16.11 to the accounts, during the year no funds have been received by the Bank from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Bank shall, directly or indirectly, lend or invest in other persons or entities identified

whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest

in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries: (c) Based on the audit procedures performed that have been considered reasonable and appropriate in

- the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) of Rule 11(e) contain any material misstatement.
- The requirements of Section 123 of the Act is not applicable to the Bank considering it is a branch of Credit Agricole Corporate and Investment Bank, which is incorporated with limited liability in France. Based on our examination which included test checks, the Bank has used accounting software for maintaining its books of account, which have a feature of recording audit trail (edit log) facility at application layer and the same has operated throughout the year for all relevant transactions recorded

in the respective software. The feature of recording audit trail (edit log) facility was not enabled at the database level to log any direct data changes for all the accounting software that are used for maintaining the books of accoun for the period of April 01, 2024, to March 31, 2025. The Bank is using third party tool to access, log and monitor database activities. The logs from the third-party tool are retained only for the period of 90 days. These logs were not made available for the period from April 01, 2024, to February 28, 2025.

Further, for the periods where audit trail (edit log) facility was enabled at the application layer and operated throughout the year for the respective accounting software, we did not come across any instance of the audit trail feature being tampered with. The audit trail has been preserved by the Bank in accordance with the statutory requirements for the record retention except for the audit trail feature not enabled during preceding financial year 2023-24.

"ANNEXURE 1" TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF CREDIT AGRICOLE CORPORATE AND INVESTMENT BANK, INDIAN BRANCHES Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies

To the Senior Country Officer - India,

Credit Agricole Corporate and Investment Bank, Indian Branches We have audited the internal financial controls over financial reporting of Credit Agricole Corporate and Investment

Bank, Indian Branches ("the Bank") as of March 31, 2025, in conjunction with our audit of the Financial Statements of the Bank for the year ended on that date

Management's Responsibility for Internal Financial Controls

 $The \ Bank's \ management is \ responsible \ for \ establishing \ and \ maintaining \ internal \ financial \ controls \ based \ on \ internal \ financial \ controls \ based \ on \ internal \ financial \ controls \ based \ on \ internal \ financial \ controls \ based \ on \ internal \ financial \ controls \ based \ on \ internal \ financial \ controls \ based \ on \ internal \ financial \ controls \ based \ on \ internal \ financial \ controls \ based \ on \ internal \ financial \ controls \ based \ on \ internal \ financial \ controls \ based \ on \ internal \ financial \ controls \ based \ on \ internal \ financial \ controls \ based \ on \ internal \ financial \ controls \ based \ on \ internal \ financial \ controls \ based \ on \ internal \ financial \ controls \ based \ on \ controls \ financial \ controls \$ control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to bank's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013

Auditors' Responsibility

Our responsibility is to express an opinion on the Bank's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by Institute of Chartered Accountants of India and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Bank's internal financial controls system over financial reporting

Meaning of Internal Financial Controls Over Financial Reporting A bank's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A bank's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the bank; (2) provide easonable assurance that transactions are recorded as necessary to permit preparation of Financial Sta in accordance with generally accepted accounting principles, and that receipts and expenditures of the bank are being made only in accordance with authorisations of Bank's Management; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the bank's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper Bank's management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate

In our opinion, the Bank has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025 based on the internal control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAL

17. SIGNIFICANT ACCOUNTING POLICIES

17.1 General

17.1.1 Background

The financial statements for the year ended March 31, 2025 comprise the accounts of the Indian branches of Credit Agricole Corporate & Investment Bank ('the Bank') which is incorporated in

Basis of preparation

The financial statements have been prepared in accordance with requirements prescribed under the Third Schedule of the Banking Regulation Act, 1949. The accounting policies used in the preparation of these financial statements, in all material aspects, conform to Generally Accepted Accounting Principles in India (Indian GAAP), the guidelines issued by Reserve Bank of India (RBI) from time to time, the Accounting Standards (AS) issued by the Institute of Chartered Accountants of India (ICAI) and prescribed under Section 133 of the Companies Act, 2013 ('Act') read with Rule 7 of the Companies (Accounting) Rules 2014 as amended to the extent of applicable and current practice prevailing within the Banking industry in India. The Bank follows the accrual method of accounting, except where otherwise stated, and the historical cost convention.

17.1.3 Use of estimates

The preparation of financial statements requires the management to make estimates and assumptions to be considered in the reported amounts of assets and liabilities (including contingent liabilities) as of the date of the financial statements and the reported income and expense during the reporting period. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Future results could differ from these estimates

17.2 Transactions involving foreign exchange and derivatives

17.2.1 Foreign currency assets and liabilities are translated at the spot exchange rates prevailing at the close of the year as notified by the Foreign Exchange Dealers' Association of India (FEDAI) and

the resultant gain or loss is accounted in Profit and Loss Account. Income and expenditure items in foreign currency are translated at the exchange rates prevailing

on the date of the transaction.

- Outstanding forward foreign exchange contracts designated as 'Trading' as at balance shee date are fair valued based on the exchange rates notified by FEDAI for specified maturities. The marked to market assets/liabilities as at the reporting date are shown at gross value in the balance
- Outstanding forward foreign exchange contracts designated as 'Hedging' and spot exchange contracts as at balance sheet date are revalued at the spot exchange rates, prevailing at the close of the year as notified by FEDAI. Premium / discount on these forward foreign exchange contracts are evenly spread over the tenor of the contract and are recognised as income / expense.
- Outstanding derivatives contracts, designated as 'Trading', are measured at their fair value. The resulting profit / losses are recognised in the Profit & Loss Account. The marked to market assets/ liabilities as at the reporting date are shown at gross value in the balance sheet.
- Outstanding derivatives contracts, designated as 'Hedging', are undertaken for hedging interest rate risks and the income/expenditure on these derivative contracts is accounted for on an accrual basis over the life of the contract. The hedge contracts are marked to market in case the underlying is marked to market
- Contingent liabilities on account of guarantees, acceptances, endorsements and other obligations re stated at the spot exchange rates prevailing at the close of the year as notified by FEDAI.
- In respect of derivative transactions, any overdue receivables representing positive Marked to Market (MTM) value due to the Bank, which remains unpaid for a period of 90 days from the specified due date for payment, as well as the recognised positive MTM in respect of future receivables, as per RBI guidelines are reversed from the Profit & Loss Account and held in a 'Suspense Account-Crystallized Receivables'.

17.3 Investments

- Investments are classified under three categories, viz. Held to Maturity (HTM), Available for Sale 17.3.1 (AFS) and Fair Value through Profit and Loss (FVTPL) based on intent at the time of its purchase, in accordance with the RBI guidelines. Investments, which meet the criteria to be classified as Held for Trading (HFT) is identified and accounted accordingly. HFT is a separate investment
- All investments are measured at fair value on initial recognition. For this purpose, the acquisition cost is the fair value. The Bank follows the settlement date method of accounting and the cost of investment is determined on the FIFO cost basis. In determining cost of investment, brokerage, commission etc. paid at the time of purchase/sale is charged to the Profit and Loss Accounts. Broken period interest paid at the time of acquisition of security is not capitalized.
- The investment held under the "FVTPL" / "HFT", "AFS" and "HTM" categories are valued in accordance with the guidelines issued by the RBI. For investments held under FVTPL/HFT, the appreciation/depreciation is directly credited to Profit/Loss. For investment held under AFS category, the net appreciation or depreciation is directly credited or debited to a reserve named AFS Reserve without routing through the Profit & Loss Account and the related deferred tax impact is also accounted in AFS Reserve. Investments classified under "Held to Maturity (HTM)" are carried at their acquisition cost or amortised cost, if acquired at a premium/di value.

Any discount or premium on the acquisition of debt securities is amortised over the remaining life of the instrument. The amortised amount is reflected in the financial statements under item II 'Income on Investments' of Schedule 13: 'Interest Earned' with a contra in Schedule 8:'Investments'. Treasury bills and certificates of deposits, being discounted instruments are valued at carrying

17.3.4 Profit/Loss on sale of Investment under aforesaid three categories are recognised in the manne specified in RBI circula

FVTPL/HFT- Any profit or loss on the sale of investments in FVTPL/HFT is recognised in the Profit and Loss Account under Item II of Schedule 14: Other Income'.

AFS- Upon sale or maturity of a debt instrument in AFS category, the accumulated gain/ loss for that security in the AFS-Reserve is transferred from the AFS Reserve and recognised in the Profit and Loss Account under item II of Schedule 14-Other Income

HTM- Any profit or loss on the sale of investments in HTM is recognised in the Profit and L Account under Item II of Schedule 14:'Other Income'. The profit on sale of investments in HTM is appropriated below the line from the Profit and Loss Account to the 'Capital Reserve Account The amount so appropriated is net of taxes and the amount required to be transferred to Statutory Reserve.

- 17.3.5 For investment other than level 3, any Day 1 gain/ loss is recognised in the Profit and Loss Account, under Schedule 14: 'Other Income' within the subhead 'Profit /(Loss) on revaluation of investments'. For level 3 debt investment, any Day 1 loss arising is recognised immediately and the Day 1 gain
- is amortised on a straight-line basis upto the maturity date In accordance with RBI's Master Direction RBI/DOR/2023-24/104 DOR MRG.36/21.04.141/2023-24 the Bank transfers the required amount to maintain adequate Investment Fluctuation Reserve
- (IFR). Any draw down from IFR is made in accordance with the extant RBI guideline. 17.3.7 In accordance with the RBI regulations, repurchase and reverse repurchase transactions are accounted for as secured borrowing and lending transaction respectively. The expenditure/ income in respect of such transactions are treated as interest expense / income.

17.4 Advances

Advances are classified into performing and non-performing advances based on the management's periodic internal assessment and RBI's prudential norms on classification.

17.4.1 Provisions for non-performing advances are made as per the guidelines prescribed by the RBI The related interest on such non-performing advances is not recognised as income until received In addition to the specific provision on NPAs, the Bank maintains general provision on standard assets (including on positive mark to market gain on derivatives portfolio) as per RBI guidelines and including additional provision for standard assets at higher than prescribed rates in terms of the RBI circular RBI/2024-25/12 DOR.STR.REC.8/21.04.048/2024-25 dated April 02, 2024. This general provision also includes the incremental provisioning requirement towards un-hedged foreign currency exposures ("UHFCE") introduced vide RBI's Circular DOR.MRG.REC.76/00-00-007/2022-23 dated October 2022, effective January 01, 2023. If the provisions (standard assets provision including positive MTM on derivative and provisions on UHFCE) required to be held on an aggregate basis are less than the provisions held as on November 15, 2008, the provisions red surplus are not reversed to Profit and Loss account and continued to be maintained at the amount that existed as on November 15, 2008. In case of shortfall determined on aggregate basis, the balance is provided by debit to Profit and Loss account.

The Bank also considers the RBI circular RBI/2016-17/50 DBR.BP.BC.No.8/21.01.003/2016-17 dated August 25, 2016 titled Guidelines on Enhancing Credit Supply for Large Borrowers through Market Mechanism for recognizing additional provisioning at higher rate.

As per RBI guidelines on Country Risk Management, the Bank makes provision for individual country risk exposure wherever the net funded exposure is one percent or more of bank's total assets based on rates stipulated by RBI.

17.5 Fixed assets and depreciation

17.5.1 Fixed assets are stated at cost less accumulated depreciation.

17.5.2 Depreciation has been provided on straight line method, over the estimated useful lives, as determined by the management, at the rates mentioned below per annum

Premises* 33 Years Furniture and Fixtures 10 Years Office and Residential Equipment* 4 Years Motor Vehicles* 5 Years Computers and Software 3 Years

- The useful lives of fixed assets marked with * above are different than those specified under schedule II of Companies Act 2013. The management believes that useful life of fixed assets currently considered for the purpose of depreciation fairly reflect its estimate of the useful lives and residual values of fixed assets
- Depreciation to the extent of the original cost is charged to the Profit & Loss Account starting from the ate when the same is "Available for Use"
- 17.5.5 Depreciation of assets with original cost below ₹ 5,000 is provided at 100%

17.6 Revenue recognition and related matters

Interest income is recognised on an accrual basis except interest income on non-performing assets on a case by case basis, which is recognised upon realization as per the applic

Income on discounted instrument is recognised over the tenor of the instrument on a straight-line basis. Commission received on Guarantees /Letter of Credit issued is amortised on a straight-line basis over the period of the Guarantees / Letter of Credit. Other fees and commission income are recognised at the time the services are rendered and a binding obligation to receive the fees has arisen.

Fees paid for purchase of Priority Sector Lending Certificate are recognised in accordance with the RBI

17.7 Employees benefits

17.7.1 Provident Fund

The Bank contributes to a recognised provident fund. These contributions are accounted for on an accrual basis and recognised in the Profit & Loss Account.

The Bank makes an annual contribution to an insurance company for amounts notified by the said insurance company. The Bank provides for gratuity based on an independent external actuarial valuation at the balance sheet date using the Projected Unit Credit Method 17.7.3 Leave Encashment / Compensated Absences

The Bank does not have a policy of encashment of un-availed leave, except at the time of separation of an eligible employee. The Bank provides for leave encashment/compensated absences based on an independent external actuarial valuation at the balance sheet date

17.7.4 Long service award

17.7.5 Actuarial gains/losses

The Bank rewards its eligible employees under the long service award pay plan, which is a non-contributory defined benefit plan. The Bank provides for this plan based on an independent external actuarial valuation at the balance sheet date.

Actuarial gains/losses are immediately recognised/provided for in the Profit & Loss Account. 17.8 Operating lease transactions Leases, where the lessor effectively retains substantially all the risks and benefits of ownership are classified

on a straight line basis over the lease term. Provision for corporate tax is arrived at after due consideration of the applicable law, judicial pronouncements and / or legal counsels' opinion on the issues. The charge for taxation during the year comprises current

as operating leases. Operating lease payments are recognised as an expense in the Profit & Loss Account

tax charge and the net change in the deferred tax asset and liability during the year. The Bank accounts for deferred taxes in accordance with provisions of Accounting Standard (AS) 22 "Accounting for Taxes on Income" issued by Institute of Chartered Accountants of India (ICAI). Deferred taxation is provided on timing differences between accounting and tax treatment of income/ expenditure. Deferred tax assets are recognised only to the extent there is reasonable certainty that

the assets can be realized in the future or only to the extent there is possibility for reversal in the future. However, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax

assets are recognised only if there is virtual certainty of realization of such assets. Deferred tax assets/

liabilities are measured using tax rates that have been substantially enacted as on balance sheet date. Minimum Alternative Tax ('MAT') under the provisions of the Income-tax Act, 1961 is recognised as current tax in the Profit and Loss Account. The credit available under the Act in respect of MAT paid is recognised as an asset only when and to the extent there is convincing evidence that the Bank will pay normal income tax ring the period for which the MAT credit can be carried forward for set-off against the normal tax liability. MAT credit recognised as an asset is reviewed at each Balance Sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

17.10 Accounting for Provisions, Contingent Liabilities and Contingent Assets The Bank estimates the probability of any loss that might be incurred on outcome of contingencies on the

basis of information available up to the date on which the financial statements are prepared. A provision is recognised when the Bank has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are determined based on management's estimate required to settle the obligations at the balance sheet date, supplemented by experience of similar transactions. These are reviewed at each balance sheet date and adjusted to reflect the management's current estimates. In cases where the available information indicates that the loss on the contingency is reasonably possible but the amount of loss cannot be reasonably estimated, a disclosure is made in the financial statements. In case of remote possibility, neither provisions nor disclosure is made in the financial statements.

17.11 Cash and Cash Equivalents Cash and cash equivalents include cash in hand, balances with RBI (Including Reverse Repo and Standing

20.34% (Previous year 14.40%).

at call and short notice. Regulatory Capital As per the RBI guidelines on Capital to Risk Weighted Assets Ratio (CRAR) issued, banks are required

to compute their capital requirement under Basel III effective June 30, 2013. The CRAR as per Basel III is

Deposit Facility), balances with other banks, Securities Financing Transaction (SFT) with CCIL and money

Classification of assets and liabilities under the different maturity buckets are compiled by managemen based on the guidelines issued by the RBI and are based on the same assumptions as used by the Bank or compiling the return submitted to the RBI and which have been relied upon by the Auditors.

18.2.2 Liquidity Coverage Ratio (LCR)

RBI basis the circular titled "Basel III Framework on Liquidity Standards – Liquidity Coverage Ratio (LCR) Liquidity Risk Monitoring Tools and LCR Disclosure Standards" released on June 09, 2014 (DBOD.BP.BC No.120/21.04.098/2013-14) & Master circular on Disclosure in Financial Statements - Notes to Accounts has advised banks to measure and report LCR.

The LCR guidelines aims to ensure that the bank maintains an adequate level of unencumbered High Quality Liquid Assets (HQLAs) that can be converted into cash to meet its liquidity needs for a 30 calendar day time horizon under a significantly severe liquidity stress scenario specified by RBI. At a minimum, the stock of liquid assets should enable the bank to survive until day 30 of the stress scenario, by which time it is assumed that appropriate corrective actions can be taken

As per the RBI guidelines the minimum LCR required to be maintained shall be implemented in the phased manner from January 01, 2015.

The minimum LCR requirement is 100% from April 01, 2021.

The ratio is defined as the amount of High Quality Liquid Assets ("HQLA") that could be used to raise liquidity, measured against the total volume of net cash outflows, arising from both actual and contingent exposures, in a stressed scenario. Below are the details of each component:

a) Composition of HQLA

The HQLA of the bank mainly consist of government securities & Treasury bills (Level 1 assets) in excess of minimum SLR requirements apart from regulatory dispensation allowed up to specified percentage of NDTL in the form of borrowings limit available through Marginal Standing Facility (MSF) and Facility to Avail Liquidity for Liquidity Coverage Ratio (FALLCR).

The Bank considers the carrying value of treasury bills and Government Securities valued as per the extant guideline on Classification, Valuation and Operation of Investment Portfolio of Commercial Bank (Directions), 2023.

The hank does not hold a b) Composition of Cash Outflows

The total cash outflows mainly comprise of deposits from small business customers, unsecured wholesale funding in the form of corporate term deposits, secured funding in the form of repo (including TREPS) borrowings backed by Level 1 assets, other outflows in the form of net derivative flows, Market valuation changes on derivative transactions based on look back approach, credit & liquidity facilities. Contingent funding obligations includes unutilized funded limits, letters of credit. guarantees and trade finance facilities granted to customers

c) Composition of Cash Inflows

The total cash inflows comprise of secured lending transaction backed by Level 1 assets collateral and other cash inflows comprises mainly of loans extended to clients, interest receivable, reciprocal lines unutilized, nostros etc.

The framework for funding the balance sheet is well defined in the ALCO policy which is supplemented with stress testing policy. All relevant aspects of liquidity measurement and monitoring are covered in the aforesaid policies. The liquidity for the bank is managed centrally from its Mumbai Office by the Treasurer.

Given the business profile (Corporate Banking), the bank relies/concentrates more on corporate deposits and money market for its funding requirements which has a short term maturity cycle. It is the bank's conscious strategy to comply with the LCR mandate within the business and regulatory environment it is operating.

The tables below highlight the position of LCR computed based on simple average of daily position for each quarter

September	157.10%	183.69%
June	185.19%	164.68%
18.2.3 Net Stable Funding Ratio (NSFR)		

The RBI basis the circular titled "Basel III Framework on Liquidity Standards – Net Stable Funding Ratio (NSFR) – Final Guidelines" released on May 17, 2018 (DBR.BP.BC.No.106/21.04.098/2017-18) & Master circular on Disclosure in Financial Statements - Notes to Accounts has advised banks to measure and report NSFR.

The NSFR guidelines aims to ensure reduction in funding risk over a longer time horizon by requiring banks to fund their activities with sufficiently stable sources of funding in order to mitigate the risk of future funding stress

NSFR = Available Stable Funding (ASF) >= 100% Required Stable Funding (RSF)

As per the RBI guidelines, the above ratio of NSFR should be equal to at least 100% on an ongoing basis. The following table sets out unweighted and weighted value of NSFR components for the preceding four quarters.

The Available Stable Funding (ASF) is primarily driven by the total regulatory Capital before the regulatory adjustments/deductions as per Basel III Capital Adequacy guidelines stipulated by RBI and funding from corporate customers. Under the Required Stable Funding (RSF), the primary drivers are unencumbered performing loans with residual maturities of less than six months. The amount of ASF is measured, based on the broad characteristics of the relative stability of an institution's

funding sources, including the contractual maturity of its liabilities and the differences in the propensity of different types of funding providers to withdraw their funding. The amount of ASF is calculated by first assigning the carrying value of an institution's capital and liabilities to one of five categories.

The amount of required stable funding is measured based on the broad characteristics of the liquidity risk profile of an institution's assets and OBS exposures. The amount of required stable funding is calculated by first assigning the carrying value of an institution's assets to the categories listed.

The Bank does not have any investments in the HTM category as on March 31, 2025 and March 31, 2024. As such, there were no sale and transfer to/from HTM category during the year ending March 31, 2025 and March 31, 2024.

18.3.4 Non-SLR investment portfolio-

i) Issuer composition of Non-SLR investments

There were no Non-SLR investments as on March 31, 2025 and March 31, 2024.

ii) Non-performing Non-SLR investments

There were no non-performing Non-SLR investments as on March 31, 2025 and March 31, 2024. 18.3.5 Transitional Impact- Implementation of revised RBI Master Direction - Classification, Valuation and Operation of Investment Portfolio of Commercial Banks (Directions), 2023

Investments amounting to ₹ 2,762.60 crore (as per old extant RBI regulation) previously classified as AFS was reclassified as HFT.

* The fair value for the investment portfolio as of March 31, 2024, was calculated using FBIL rates and the revised carrying value was derived. The difference between the revised carrying value and the previous carrying value amounting to ₹ 54.46 crore was adjusted in the General Reserves.

The revised carrying value as on the date of transition is used for calculating any realized gain/loss on

sale/maturity of the investments. * An amount of \P 37.27 crore was transferred from IRA to IFR as per the extant RBI guidelines.

18.5.4 Unsecured Advances – advances granted against intangible securities

		(Amount in ₹ crore
Particulars	2025	2024
Total unsecured advances of the bank (Net of NPA) #	5,773.61	4,310.35
Out of the above, amount of advances for which intangible securities such as charge over the rights, licenses, authority, etc. have been taken	-	-
Estimated value of such intangible securities	-	-
#The above is excluding advances covered by guarantees		

18.5.5 Factoring Exposure (Amount in ₹ crore) 2025 2024 150.28

Factoring Exposure 18.5.6 Intra-Group Exposures

The intra-group exposure comprises of Bank's transactions and exposures to the entities belonging to the bank's own group (group entities). The Bank's exposure to their Head Office and overseas branches of the parent bank, except for proprietary derivative transactions undertaken with them, are excluded from intra-group exposure.

(a) Total amount of intra-group exposures – INR 1.06 crore (Previous year INR 10.46 crore). (b) Total amount of top-20 intra-group exposures - INR 1.06 crore (Previous year INR 10.46 crore).

(c) Percentage of intra-group exposures to total exposure of the bank on borrowers / customers – 0.003% (Previous year 0.03%).

18.5.7 Unhedged Foreign Currency Exposure

The Bank has in place a policy on managing credit risk arising out of unhedged foreign currency exposures (UFCE) of its borrowers. UFCE exposes the borrowers to the risk of exchange rate fluctuation, impacting the corporate's profitability and ability to service debt. The objective of the Bank's policy is to monitor & review the UFCE of the borrowers, encouraging the borrowers to hedge their UFCE and evaluate the risks arising out of UFCE of the borrowers while approving the credit facilities and price them in the credit risk premium. The Bank has also stipulated threshold limits for mandatory hedging in respect of foreign currency loans given by the Bank. The credit analysis critically evaluates the risks arising out of UFCE of the borrowers and its impact on the corporate's profitability and financial profile, with due consideration given to the foreign currency receivables generated by the borrower's export activities and the extent to which this might mitigate the foreign currency exposure.

The Bank reviews the UFCE across its portfolio on a periodic basis. The Bank also maintains incremental provision and capital towards the UFCE of its borrowers in line with the extant RBI guidelines.

In accordance with the RBI's Circular DBOD No.BP.BC.85/21.06.200/2013-14 dated January 15, 2014 effective April 01, 2014, the Bank has maintained incremental provision of ₹ 44.29 crores (Previous year ₹ 31.44 crores) and additional capital of ₹ 338.50 crores (Previous year ₹ 228.50 crores) on account of unhedged foreign currency exposure of its borrowers as at March 31, 2025

The Bank has independent back-office and mid-office as per regulatory guidelines. The Bank has a credit and market risk department that processes various counterparty and market risks limit assessments, within the risk architecture and processes of the bank. The back-office is part of the operations and mid-office is under the control of Risk, thus providing segregation of functions and effective controls.

Policies for hedging risk

The derivative transactions entered are as per the internal policy framed by head office of the Bank and also in accordance with the guidelines issued by Reserve Bank of India. Additionally, the Bank also has Derivative Policy that includes "Suitability and Customer Appropriateness" policy as per the group norms. The head office of the Bank has formulated New Activities and Product guidelines to identify, evaluate monitor and to control key risks for all derivative products before undertaking any transaction. Towards this end, the Bank has a New Activities and Product Committee which validates these products taking into

account various risks and local requirements for dealing in such products. All the transactions undertaken by the Bank for trading purpose are classified under trading book, which are marked to market on daily basis. Other transactions are classified as part of banking book. Derivative transactions in the nature of balance sheet hedges are identified at inception and the hedge effectiveness

is measured periodically. Risk measurement and monitoring

The Bank uses Value at Risk (VaR) to measure and monitor all market risk related activities. Back testing of VaR models are carried out to ensure pre-determined levels of accuracy are maintained. In addition to VaR, other sensitivity measures like PV01, stress testing and limits specific to instruments and currency are placed and applied as risk management tools. Option risks are controlled through full revaluation limits in conjunction with limits on underlying variables that determine option's value. This monitoring is done by the treasury mid-office (Market Activity Monitoring department) on a daily basis through system reports and advised to senior management as appropriate. The Bank ensures that the gross PV01 of all non-option rupee derivative contracts are within 0.25 percent of the net worth, of the Bank as on the last day of the balance sheet.

The Bank enters into derivative deals within credit limits set for each counterparty by the risk department. These limits are set based on the Bank's credit risk assessment for the counterparty which inter alia considers the ability of the counterparty to honor its obligations in the event of crystallization of the exposure. Exposures against these limits are monitored on day to day basis by an independent risk department at local as well as at head office level. The Bank applies the current exposure methodology to manage credit risk associated with derivative transactions. This is calculated by taking the cost of replacing the contract, where its mark-to-market value is positive together with an estimate of the potential future change in the market value of the contract, reflecting the volatilities that affect it. The credit risk on contracts with a negative mark-to-market value is restricted to the potential future change in their market value. Bank obtains standard ISDA documentation from the counterparties to cover the deriv transactions. The RBI vide circular RBI/2020-21/15 DOR.CAP.51/21.06.201/2020-21 dated 30th March 2021 and titled "Bilateral Netting of Qualified Financial Contracts – Amendments to Prudential Guidelines" has allowed netting of exposures on the qualified financial contracts. From 31st March 2022 onwards the Bank has adopted the netting process for computing the exposures in respect of contracts covered by legally enforceable master netting agreements. In respect of trades that are not covered by netting agreements, the exposure is computed as per the 'current exposure methodology' as prescribed by RBI.

Provisioning, collateral and credit risk mitigation

The exposure taken on derivative contracts are also subject to provisioning and asset classification as per Bank's internal guidelines and assessment subject to minimum RBI norms on provisioning. Appropriate credit covenants and collaterals are stipulated where required for risk mitigation and termination events to call for collaterals or for reducing the risk by terminating the contracts. For accounting policies on derivatives, please refer Schedule 17.2

18.12 Penalties imposed by the Reserve Bank of India (RBI)

On April 18, 2024 the RBI imposed a penalty of INR 1.21 lakhs on the Bank in terms of the RBI circular ref: IDMD.DOD.17/11.01.01(B)/2010-11 dated July 14, 2010 on "Government Securities Act, 2006, Sections $27\ \&\ 30$ - Imposition of Penalty for Bouncing of SGL Forms'. The imposition was following an instance of shortage of Government Security on 8th April 2024 (due to human error) on an overnight repo transaction for which the Bank immediately informed the Clearing Corporation of India Limited (CCIL) and easily managed the overnight shortfall on 8th April 2024 from Member Common Collateral (MCC), furthermore there was no impact to the counterparty of the transaction. The Public Debt Office (PDO) of the RBI, after examining the Bank's submissions, decided to treat the event as first instance of 'SGL Bouncing' during the current financial year (2024-25) and accordingly levied the penalty. The amount of penalty has since been paid in the month of April 2024 and is accounted for during the financial year. The Bank has reviewed it's procedures and taken remedial action wherein additional controls have been implemented to avoid recurrence of such event (Previous Year: Nil)

18.13 Remuneration

In terms of guidelines issued by RBI vide circular no. DBOD. No. BC. 72/29.67.001/2011-12 dated January 13, 2012 on "Compensation of Whole Time Directors/Chief Executive Officers/Risk takers and Control In Journal of the first staff, etc.", the Bank has submitted a declaration received from its Head Office to RBI to the effect that the compensation structure in India, including that of CEO's, is in conformity with the Financial Stability

18.14 Other Disclosures

Board principles and standards wide letter dated March 24, 2025.

18.14.1 Business Ratios

(Amount in ₹ crore unless otherwise stated)

S	Sr. No.	Particulars	2025	2024
	(i)	Interest Income as a percentage to working funds	5.42%	5.45%
	(ii)	Non-Interest income as a percentage to working funds	0.10%	(0.25%)
	(iii)	Cost of Total Deposits	5.44%	5.45%
	(iv)	Net Interest Margin	2.96%	3.32%
	(v)	Operating Profit as a percentage to working funds	1.40%	1.12%
	(vi)	Return on Assets	0.84%	0.63%
	(vii)	Business (Deposits + Advances) per employee	132.13	130.91
	(viii)	Profit per employee	1.93	1.24

Notes: -

a) Employees as of balance sheet date are considered for computation of ratios b) Deposit (excluding interbank) & Advances outstanding as of balance sheet date are taken for

calculating ratios in (vii) above

c) Working funds is average of total assets of Form X as reported to RBI. d) Net Interest Margin = Net Interest Income/ Average Earning Assets. Net Interest Income= Interest

Income - Interest Expense e) Operating profit = Interest Income + Other Income - Interest Expenses - Operating Expenses

18.14.6 Update on IND AS Implementation

The Institute of Chartered Accountants of India has issued IND AS (a revised set of accounting standards) which largely converge the Indian accounting standards with International Financial Reporting Standards (IFRS). The same have since been notified by the Ministry of Corporate Affairs (MCA). The RBI has issued a circular applicable to all commercial banks (RBI/2015-16/315 DBR.BP.BC, No.76/21.07.001/2015-16 dated February 11, 2016) on Implementation of Indian Accounting Standards (IND AS).

IND AS was required to be fully implemented from April 01, 2018 onwards with comparatives required for periods beginning April 01, 2017, subsequently this was deferred for one year by RBI vide their press

release dated April 05, 2018 on "Statement on Developmental & Regulatory Policies" In FY 2018-19 RBI has deferred the IND AS implementation again as per RBI Circular No. RBI/2018-2019/146 DBR.BP.BC.No.29/21.07.001/2018-19 dated March 22, 2019 until further notice.

The Bank has undertaken the following actions:

Considering the nature and size of business of the bank, the responsibility for implementation of IND AS, primarily stemming from relevant RBI circulars, is with the following Committees

i. Management Committee

ii. Audit Committee

iii. Steering Committee constituted for IND – AS implementation The Steering Committee primarily consists of the CFO and Representatives from Finance Control, Risk &

Other Support Functions. Any other representation will be included in the committee on a need basis. The Steering Committee provides updates on a regular basis to the Audit Committee and Managemen

Committee with regard to the progress of the IND AS implementation.

Pro-forma IND AS financial statements are being submitted to RBI on a half-yearly basis in line RBI's email

18.15.8 Accounting Standard 29 - Provisions, contingent liabilities and assets

Sr. No	Contingent Liability	Brief description
1	Claims against the Bank not acknowledged as debts	The Bank is a party to various legal proceedings in the normal course of business. The Bank does not expect the outcome of these proceedings to have a material adverse effect on the Bank's financial conditions, results of operations or cash flows.
2	Liability on account of outstanding forward foreign exchange contracts and	The Bank enters into foreign exchange contracts, currency options, forward rate agreements, currency swaps and interest rate swaps with inter-bank participants on its own account and for customers. Forward foreign exchange

participants on its own account and for customers. Forward foreign exchange contracts are commitments to buy or sell foreign currency at a future date at the contracted rate. Currency swaps are commitments to exchange cash flows by way of interest/principal in one currency against another, based on predetermined rates. Interest rate swaps are commitments to exchange fixed and floating interest rate cash flows. The notional amounts that are recorded, as contingent liabilities are typically amounts used as a benchmark for the calculation of the interest component of the contracts.

No	Contingent Liability	Brief description
3	Guarantees given on behalf of constituents, acceptances, endorsements and other obligations	As a part of its commercial banking activities the Bank issues documentary credit and guarantee on behalf of its customers. Documentary credits such as letter of credit enhance the credit standing of the customers of the Bank. Guarantees generally represent irrevocable assurances that the Bank will make payment in the event of the customer failing to fulfill its financial or performance obligations. Acceptances, endorsements and other obligations include undrawn committed credit lines.
4	Other items for which the Bank is contingently liable	The Bank is a party to various taxation matters in respect of which appeals are pending. This is being disputed by the Bank and not provided for. This also includes contingent liability corresponding to amount transferred to Depositor Education and Awareness Fund. Capital commitment has been also included as part of the Contingent Liability

BASEL III DISCLOSURES as at March 31, 2025 (Indian Branches)

The Bank does not have any interest in subsidiaries/associates/Joint Ventures or Insurance entities. As such this disclosure is not applicable to the bank

CAPITAL ADEQUACY

mentioned circular.

SCOPE OF APPLICATION

Qualitative Disclosures as per table DF 2

Qualitative & Quantitative disclosures as per table DF 1

The Capital to Risk Weighted Assets Ratio (CRAR) of the bank is 20.34% as of March 31, 2025 computed under Basel III norms, higher than the minimum regulatory CRAR requirement of 11.50% including Capital Conservation Buffer (CCB) of 2.50%.

The Basel III disclosures contained herein relate to the Indian Branches of Credit Agricole Corporate 8 Investment Bank ('the Bank') for the period ended March 31, 2025. These are primarily in the context of the disclosures required under Annex 18 – Pillar 3 disclosure requirements of the Reserve Bank of India ('the

RBI') Master Circular - Basel III Capital Regulations dated 1st April 2025. The Bank has implemented the

requirements laid down by RBI for Pillar 3 disclosure, covering both the qualitative and quantitative items The information provided has been reviewed by senior management and is in accordance with the guidelines prescribed by the RBI. All table DF references relate to those mentioned in Annex 17 - Pillar 3 of the above

The bank's capital management approach is driven by its desire to maintain a strong capital base to support the development of its business and to meet regulatory capital requirements at all times. It is overseen by the Bank's Asset Liability and Investment Committee (ALIC) and Local Management Committee (ManCo) It has a process for assessing its overall capital adequacy in relation to the risk profile. The Bank has a comprehensive Internal Capital Adequacy Assessment Process ('ICAAP'). The Bank's ICAAP document covers the capital management framework of the Bank, sets the process for assessment of the adequact of capital to support current and future activities / risks and a report on the capital projections for a period of 3 years. The framework has been created by way of an approved ICAAP Manual which ensures existence of a good governance model to identify, assess, monitor and manage all material risks. This framework is supplemented by the existence of an approved stress testing framework which is an integral part of the ICAAP. In the normal course of events, management reviews the adequacy of capital quarterly or with increased frequency, if circumstances demand. The capital requirement of the Bank is assessed after considering the Bank's strategy, its business model as well as opportunities for growth. The capital assessment by the Bank factors in the credit, operational and market risks associated with its current and future activities as well as the effective management of these risks to optimize the utilization of capital.

3. RISK EXPOSURE AND ASSESSMENT

Risk Management

The management of risk lies at the heart of the Bank's business. The businesses undertaken by the Bank requires it to identify, measure, control, monitor and report risks effectively and to allocate capital among businesses appropriately.

The key components of the Bank's risk management are the risk policies, comprehensive processes integrated risk management systems and internal control mechanism. The Bank's risk policies focus attention on key areas of risks such as counterparty, market, country, portfolio and operational risk and identification analysis, measurement and control of these risks for effective and continuous monitoring.

Categories of Risk

The key risks the Bank assumes are:

- Credit risk is the risk of financial loss if a borrower or counterparty fails to honor commitments under an agreement and any such failure has an adverse impact on the financial performance of the Bank. Credit risk arises mainly from direct lending and certain off-balance sheet products such as Guarantees, Letters of Credits, Foreign Exchange Forward Contracts & Derivatives and also from the Bank's holding of assets in the form of debt securities
- Market Risk arising from the uncertainty concerning changes in market prices and rates (including interest rates, equity prices, foreign exchange rates and commodity prices), the correlations among them and their levels of volatility
- Interest rate risk in the banking book is primarily the change in the net interest income and the value of the bank's assets and liabilities due to changes in interest rates. Interest rate risk arises on account of banking products (non-trading nature) offered to retail and corporate customers. - Liquidity risk arising from the potential inability to meet all payment obligations when they become due.
- Operational risk is the potential for incurring losses in relation to employees, process failures, project management, contractual specifications and documentations, technology, infrastructure failure and
- disasters, external influences and customer relationships. This definition includes legal and regulatory risk Risk management components and policies The key components of the Bank's risk management are the risk management framework, risk policies

comprehensive processes, integrated risk management systems and internal control mechanism. The Bank's risk policies focus attention on key areas of risk such as counterparty, market, country, portfolic and operational risks and identification, analysis, measurement and control of these risks for effective and continuous monitoring.

The Bank's risk management processes are guided by well-defined policies appropriate for various risk categories, independent risk oversight and periodic monitoring. Head Office of the Bank approves the overall risk appetite and strategy for the Bank's operations. Locally, various senior management committees mainly, Asset-Liability Investment Committee (ALIC), Internal Control Committee (ICC), and Local Credit Committee (LCC) operate within the broad policy set up by Head Office.

The Bank has formulated a risk management framework and a local credit policy consistent with the Head Office policy and Reserve Bank of India regulations and guidelines on risk management. The Bank has also formulated a comprehensive Stress Testing policy to measure impact of adverse stress scenarios on the adequacy of capital

Risk management organization

Risk Management function is organized functionally on a global basis as the Risk & Permanent Control (RPC) Division. The Local Head of Risk Management Functions reports functionally to the Regional Chief Risk Officer, Asia Pacific Office in Hong Kong. The Local Head of Risk Management is responsible for credit, market and operational risk management activities for the Bank. The Bank has a Local Credit Committee comprising of the Senior Country Officer and other senior personnel representing Global Markets, Corporate Banking and Credit Risk Analysis. As per the scheme of delegations for credit approvals laid down by the Head Office, all credit applications from India of corporate clients are discussed in the local credit committee and approved by the Front Office delegate / Senior Country Officer (SCO) subject to a favorable opinion from f credit limits are within his delegation and ir Committee at Regional Office or Head Office, based on the recommendation from FO Delegate/SCO and analysis/conclusion provided by local RPC.

In case of Banks & Financial Institutions, the credit analysis of the counterparties is done by RPC in Regional Office, Hong Kong, based on the request from the Branch. The credit limits are assessed by the Branch and recommended to RPC Regional Office, and it requires a favorable recommendation from the Senior Country Officer of India. The final decision on the request for credit limits for Banks & Financial Institutions is made by

The Risk Management function is responsible for the quality and performance of the credit portfolios and for onitoring and controlling all credit risks in the portfolio, including those subject to approval by the Regional Office and Head Office. Treasury is responsible for the management of liquidity risk. The liquidity risk policies relating to the

identification, measurement and management of liquidity risk as well as the actual status are reviewed on a regular basis by the ALIC. The Bank's Finance, Audit and Legal departments support the risk management function. The role of Finance

department is to quantify the risk assumed and ensure the quality and integrity of the risk related data. The Bank's Audit department reviews the compliance of the internal control procedures with internal and regulatory standards. The Legal department provides legal advice and support on topics including collateral arrangements and netting

Scope and Nature of Risk Reporting and Measurement Systems

The Bank has globally adopted an internal rating system to rate the borrowers / counterparties. The internal rating model is a combination of quantitative and qualitative factors. It is comprehensive in terms of identification and assessment of all risks faced by a counter party. The rating model enables assessment of the possibility of delinquency over a one-year time horizon. Each internal rating grade corresponds to a distinct probability of default. Validation of Internal Rating Model is carried out at Head Office level periodically by objectively assessing its calibration accuracy and stability of ratings.

The local Credit Risk Management team manages the regular reporting to senior management on credit risk portfolio, including information on large credit exposures, concentrations, industry exposures, levels of impairment, provisioning and country exposures. The portfolio is also reviewed annually by the Country & Portfolio Review team of the Head Office Risk Department.

Policies for Credit Risk Mitigants

Credit Risk Mitigants (CRM) like financial collateral, non-financial collateral including guarantees are used to mitigate credit risk exposure. Availability of CRM either reduces effective exposure on the borrower (in case of collaterals) or transfers the risk to the more creditworthy party (in case of guarantees). CREDIT RISK: GENERAL DISCLOSURES

Qualitative Disclosures as per table DF 3

Credit Risk Management Policy

The Bank's credit risk management process integrates risk management into the business manager processes, while preserving the independence and integrity of risk assessment. There is a clear segregatior of duties between transaction originators in the businesses and the approvers in the Risk functions. All credit exposure limits are approved within a defined credit approval authority framework.

The Head Office of the Bank establishes the parameters for risk appetite, which is defined quantitatively and qualitatively in accordance with the laid-down strategic business plan for the country. Group policies/procedures are customized locally to incorporate any local regulatory and governance needs. This is laid down through a combination of organizational structures and credit risk policies, control processes and credit systems embedded into an integrated risk management framework.

The Bank regularly monitors credit exposures, portfolio performance and external trends which may impact risk management outcomes. Internal risk management reports are presented to risk committees, containing information on key environmental, political and economic trends across major portfolios, portfolio delinquency

Identification & Management of Doubtful Assets & Provisioning

The Bank has laid down a global policy at Head Office level for identification and management of Doubtful Assets and provisioning.

At the local level, the Bank has an automated system for identification of Non-Performing Loans (including non-performing investments) and computation of provisioning on the NPA/NPIs in line with the RBI's guidelines on asset classification, income recognition and provisioning.

All non-performing assets are monitored by a specialized department called Distressed Assets Services at Regional Office, Hong Kong. The Bank engages with customers closely to work out of distress situations. Concentration Risk

The Bank controls and limits concentration risk by means of appropriate borrower limits based on

creditworthiness. These include Large exposures to individual clients or group:

The exposure limits on various categories of borrowers / counterparties and group of borrowers/counterpartie shall be in accordance with the Large Exposure (LE) Framework of RBI.

The Bank has adopted the limits prescribed in the LE Framework as prudential exposure limit:

Single Borrower / counterparty: The sum of all the exposure values to a single counterparty must not be highe than 20% of the Bank's available eligible capital base at all time (i.e. Tier I capital).

Groups of connected Borrowers / counterparties: The sum of all the exposure values of the Bank to a group of connected counterparties (as defined in the RBI regulation on Large Exposure Framework) must n higher than 25% of the Bank's available eligible capital base at all times.

Interbank exposures: The interbank exposures, except intra-day interbank exposures, will be subject to the large exposure limit of 25% of Bank's available eligible capital base. Additionally, in case of exposure to a G-SIB (including branch) and a non-bank G-SIFI, the exposure limit is further restricted to 20% of capital base (noting that CACIB is a not a G-SIB). For this purpose, Indian branches of a foreign G-SIB is treated as non-

Exposure to Head Office: The sum of all the exposure values to Head office (including other overseas branches/subsidiaries/parent/group entities) must not be higher than 25% of the Bank's available eligible capital base at all time

Industries

Industry analysis plays an important part in assessing the concentration risk within the loan portfolio. Particular attention is given to industry sectors where the Bank believes there is a high degree of risk or potential for volatility in the future. The Bank has fixed internal limits for aggregate commitments to different sectors so that the exposures are evenly spread over various sectors

Quantitative Disclosures as per table DF 3 **CREDIT RISK EXPOSURES**

Total Net Credit Risk Exposure

(Amount in ₹ crore)

Particulars	As at March 31, 2025	As at Mar 31, 2024

CREDIT RISK - Disclosures for portfolios under the standardized approach

Qualitative Disclosures as per table DF 4

Use of external ratings issued by Rating Agencies under the Standardized Approach

The Bank uses the issuer ratings and short-term and long-term instrument/bank facilities' ratings which are assigned by the accredited rating agencies viz. CRISIL, CARE, ICRA, India Ratings and SMERA, and published in the public domain to assign risk-weights in terms of RBI guidelines. In respect of claims on non-resident corporates and foreign banks, ratings assigned by international rating agencies i.e. Standard & Poor's, Moody's and Fitch are used. For exposures with contractual maturity of less than one year, a shortterm rating is used. For cash credit/overdraft facilities and exposures with contractual maturity of more than one year, long-term rating is used.

Issue ratings would be used if the Bank has an exposure in the rated issue and this would include fund-based and non-fund based working capital facilities as well as loans and investments. In case the Bank does not have exposure in a rated issue, the Bank would use the issue rating for its comparable unrated exposures to the same borrower, provided that the Bank's exposures are pari-passu or senior and of similar or lesser maturity as compared to the rated issue. If an issuer has a long-term or short-term exposure with an external rating that warrants a risk weight of 150%, all unrated claims on the same counterparty, whether short-term or long-term, also receive 150% risk weight, unless the Bank uses recognized credit risk mitigation techniques

The unrated short term claim on counterparty is assigned risk weight of at least one level higher than the risk weight applicable to the rated short term claim on that counterparty. Thus, if a short term rated facility to a counter party attracts a 20% or a 50% risk weight, unrated short-term claims on the same counterparty is assigned a risk weight of 30% or 100% respectively.

Risk Weight mapping of long term corporate ratings

Domestic rating agencies	AAA	AA	Α	ввв	BB & below	Unrated
Risk weight (%)	20	30	50	100	150	100

Risk weight mapping of short term corporate ratings

Short term claim on Corporates						
CARE	CRISIL	India Ratings	ICRA	SMERA	(%)	
CARE A1+	CRISIL A1+	IND A1+	ICRAA1+	SMERA A1+	20

CARE A2	CRISIL A2	IND A2	ICRA A2	SMERA A2	50	
CARE A3	CRISIL A3	IND A3	ICRA A3	SMERA A3	100	
CARE A4 &D	CRISIL A4 & D	INDA4 & D	ICRA A4 & D	SMERA A4 & D	150	
Unrated	Unrated	Unrated	Unrated	Unrated	100	

Risk weight on claims on AFCs would continue to be governed by credit rating of the AFCs, except that claims that attract a risk weight of 150 per cent under NCAF shall be reduced to a level of 100 per cent. Claims classified as "Commercial Real Estate Exposure" will attract risk weight of 100%.

- a) In accordance with RBI circular # DBR.No.BP.BC.6/21.06.001/2016-17 dated August 25, 2016, any counterparty having aggregate exposure from banking system of more than INR 1 Bio which were externally rated earlier and subsequently not rated will attract Risk Weight of 150%.
- b) Further, with effect from June 30, 2017, following two additional regulations have come into force: All unrated claims on corporates, AFCs, and NBFC-IFCs having aggregate exposure from banking system of more than INR 2 Bio attract a risk weight of 150% with effect from Financial Year ending March 31, 2019; and
- As per the Guidelines on Enhancing Credit Supply for Large Borrowers through Market Mechanism, with effect from April 01, 2017, an additional Risk Weight of 75 percentage points over and above the applicable Risk Weight is to be applied on the exposure of borrowers having fund based credit facilities above INR 250 Bio from banking system at any time in FY 2017-18; INR 150 bio in FY 2018-19 and INR 100 bio from April 01, 2019 onwards.
- Exposure to Qualifying Central Counterparties (QCCPs): risk weight of 2% to be applied to the Bank's c) trade exposure to QCCP where the Bank acts as a clearing member of a QCCP for its own purpose
- In accordance with RBI circular dated November 16, 2023, following additional regulation had come into
- The risk weight of Bank exposure to NBFC's has been increased by 25 percentage points (over and above the risk weight associated with the external rating) in all cases where the extant risk weight as per external rating of NBFC is below 100 percent. For this purpose, loans to HFCs and loans to NBFCs, eligible for classification as PSL, to be excluded. However, this was removed from 01st April 2025. Accordingly additional risk charge on NBFC is taken till March 31, 2025

The claims on banks incorporated in India and foreign banks branches in India, excluding investment in equity shares and other instruments eligible for capital status are risk weighted as under

Level of Common Equity Tier 1 capital (CET1) including applicable capital conservation buffer (CCB) (%) of the counterparty bank (where applicable)	Scheduled Banks	Other Banks
Applicable Minimum CET1 + Applicable CCB and above	20%	100%
Applicable Minimum CET1 + CCB = 75% and <100% of applicable CCB	50%	150%
Applicable Minimum CET1 + CCB = 50% and <75% of applicable CCB	100%	250%
Applicable Minimum CET1 + CCB = 0% and <50% of applicable CCB	150%	350%
Minimum CET1 less than applicable minimum	625%	625%

Risk weight mapping of foreign banks:

Quantitative Disclosures as per table DF 4 Amount of credit RWA outstanding under various risk buckets:

		(Amount in Colore)
Particulars	Mar 31, 2025	March 31, 2024
Below 100% risk weight	5,183.50	3,508.59
100% risk weight	2,800.35	2,871.13
More than 100% risk weight	14,568.59	9,501.42
Deductions	-	-

22,552,43 15,881,14 Total risk weighted assets Note: Credit Risk Exposure for foreign exchange contracts and derivatives has been calculated as per Current Exposure Method in accordance with RBI guidelines

CREDIT RISK MITIGATION

Qualitative Disclosures as per table DF 5

The Bank uses various collaterals both financial as well as non-financial as credit risk mitigants (CRM) The main collateral recognized by the Bank for RWA purpose comprises of bank deposits / cash margin. Additionally, in respect of credit exposure pertaining to FX / derivatives trades with HO, the Bank has considered the Government of India securities placed with RBI under Section 11(2)(b) as credit risk mitigant to offset such FX/derivative exposure, out of the interest free funds received from Head Office for this specific

The Bank uses various collaterals both financial as well as non-financial as credit risk mitigants (CRM). The main collateral recognized by the Bank for RWA purpose comprises of bank deposits / cash margin. Additionally, in respect of credit exposure pertaining to FX / derivatives trades with HO, the Bank has considered the Government of India securities placed with RBI under Section 11(2)(b) as credit risk mitigant to offset such FX/derivative exposure, out of the interest free funds received from Head Office for this specific

The Bank has in place a Credit Risk Mitigants management policy, which underlines the eligibility requirements for credit risk mitigants for capital computation as per Basel III guidelines. The Bank reduces its credit exposure to a counter party with the value of eligible financial collateral to take account of the risk mitigating effect of the collateral. To account for the volatility in the value of collateral, haircut is applied based on the type, issuer, maturity and rating of the collateral / collateral provider.

Quantitative Disclosures as per table DF 5

The quantum of the credit portfolio which benefits from financial collaterals and/or guarantees as credit risk mitigants is an insignificant portion of our customer advances. Therefore, the credit and/or market concentration risks are not material.

The total exposure that is covered by eligible financial collateral, after the application of haircuts is INR 7.43 crores (March 31, 2024: INR 16.76 crores).

Break-down of exposure covered by eligible financial collateral:

		(Amount in Crore)
Facility	March 31, 2025	March 31, 2024
Funded	-	-
Non-Funded – Letters of Credit	-	-
Non-funded – Guarantees	6.35	16.17
Non-funded – FX/Derivative	1.08	0.59
Total	7.43	16.76

7. SECURITIZATION EXPOSURES

Qualitative & Quantitative disclosures as per table DF 6

The Bank has not undertaken any securitization activity either as an originator or as credit enhancer. Details of exposure securitized by the Bank and subject to securitization framework is thus NIL.

MARKET RISK IN TRADING BOOK

Qualitative Disclosures as per table DF 7

Market risk is the risk to the Bank's earnings and capital due to changes in the market level of interest rates or prices of securities and foreign exchange as well as the volatilities of those changes.

Bank's market risk objectives are to understand and control market risk by robust measurement and the setting of position limits, facilitate business growth within a controlled and transparent risk managemen framework and minimize non-traded market risk.

The Bank is exposed to market risk through its trading activities, which are carried out for customers. The Bank adopts a comprehensive approach to market risk management for its trading, investment and asset / liability portfolios. The Bank uses various risk metrics, both statistical and non-statistical, including:

Value at Risk (VaR)

Non-statistical measures like position, gaps and sensitivities i.e. PV01, Duration and Option Greeks The Bank uses Historical Simulation method for calculation of VaR at 99% confidence interval and holding period of 1 day. The 261-day historical market data (rate + volatility) are used. The shocks are applied to market data to calculate mark to market value of each scenario in a portfolio at each level of consolidation. The VaR models are back-tested at regular intervals and results are used to maintain and improve the efficacy of the model. VaR is calculated for trading and non-trading portfolio on daily basis and reported to senior management of the Bank. Stress test is also conducted on quarterly basis as per RBI methodology. Similarly, stress test is also performed as per internal methodology on the total portfolio on weekly basis, which shows impact of extreme market movements on Bank's portfolio.

Different risk limits such as Overnight position, maximum maturity, Profit and Loss alert and Annual stop loss alerts are set up according to a number of criteria including relevant market analysis, business strategy management experience and risk appetite for market risk exposures. These limits are monitored on daily basis and exceptions are reported to management and put up to ALIC/Market Risk Committee. Market risk limits are reviewed at least once a year or more frequently if deemed necessary to maintain consistency with trading strategies and material developments in market conditions.

Concentration Risk

(Amount in ₹ crore)

The Bank has allocated internal risk limits in order to avoid concentrations, wherever relevant. The Bank has allocated PVO1 limits currency wise / bucket wise, which are monitored on daily basis for any possible

Quantitative Disclosures as per table DF 7

Capital Requirement for Market Risk

(Amount in ₹ crore)

	Particulars	March 31, 2025	March 31, 2024
	-Interest rate risk	289.54	269.92
-Equity position risk		-	-
	-Foreign exchange risk (including gold)	39.60	36.00
	Total	329.14	305.92

9. OPERATIONAL RISK

Qualitative Disclosures as per table DF 8

Operational Risk - Definition Operational risk is defined as the risk of loss resulting from inadequate or failed internal processes, people and systems or from external events. Operational risk is the risk of direct or indirect losses resulting from human factors, external events, inadequate or failed internal processes and systems. Major sources of operational risk include: operational process reliability, IT security, outsourcing of operations, dependence on key suppliers, implementation of strategic change, integration of acquisition, fraud, human error, customer service quality, regulatory compliance, recruitment, training and retention of staff and social and environmenta impacts. This definition includes legal risk, but excludes business and reputation risk,

Strategies and Processes

The Bank has set up an Operational Risk Management department within Risk to manage operational risk Through identification, assessment and monitoring. Simultaneously, a framework has been laid to capture loss data which can be mapped to operational risk events to measure the impact quantitatively. The Bank has put in place a structure to effectively manage operational risk through the formation of several Internal Committees viz., Internal Control Committee (ICC), New Products and Activities Committee. The functioning of these committees is well defined. The Operational Risk Manager acts as the convener of ICC.

Structure and Organization The Bank has an Internal Control Committee (ICC) which is responsible for implementation of the Operational Risk policies of the Bank. This Internal Control Committee supervises effective monitoring of operational risk and the implementation of measures for enhanced capability to manage operational risk

quarterly basis.

Internal Vigilance System As mandated by Reserve Bank of India the Bank has setup an Internal Vigilance Committee chaired by the Senior Country Officer (the other members being Chief Operating Officer, Heads of Risk, HR, Audit and Compliance with the Operational Risk Manager as the Chief Vigilance Officer) that is responsible for implementing anti-corruption measures and looking into acts of misconduct, alleged or committed, by employees within its control and take appropriate punitive action. The Committee also takes appropriate measures to prevent commission of misconducts / malpractices by employees. The Committee meets on a

Operational Risk Reporting and Measurement Systems

A systematic centralized process for reporting losses, "near misses" issues relating to operational events is implemented. Based upon the information gathered, control measures would be introduced. All operational loss events and potential loss events are reported to HO and reviewed by the Local ICC.

An Operational Risk Mapping project has been undertaken within the Bank to identify and assess the operational risk inherent in all material products, activities, processes and systems. The objective of the Operational Risk Mapping is to map the various business lines, organizational functions or process flows by risk type to reveal areas of weakness so to prioritize subsequent management actions.

Policies for Managing Operational risk

An Operational Risk Management Policy approved by the Internal Control Committee of the Bank details the framework for reducing/controlling operational risk in the Bank. As per the policy, all new products are being vetted by the New Products and Activities Committee to identify and assess potential operational risks being vetted by the New Products and Activities Collimited to Identify and assess potential operational risks involved and suggest control measures to mitigate the risks. A review of the approved products is being done by the Compliance Department on a regular basis.

Operational Risk Capital Assessment

10. INTEREST RATE RISK IN THE BANKING BOOK Qualitative Disclosures as per table DF 9 Interest rate risk in the banking book is primarily the change in the net interest income and the value of the bank's assets and liabilities due to changes in interest rates. Treasury desk under the supervision of the

As per the RBI guidelines, the Bank has followed the Basic Indicator Approach for the period ending March

Asset/Liability Committee (ALIC) manages interest rate risk within the ALM guidelines set up at Bank level and within the limits set up by the Department of Risk Management. The bank has ALIC approved funds transfer pricing policy between various product lines in the bank and also details about the interest rate risk management framework. As part of the policy interest rate risk originated due to commercial banking activities are transferred to Treasury – Fund Management desk, which is in charge of managing the interest rate risk within the banking book. The Treasury desk manages interest rate risk on ongoing basis by dealing in various approved financial products and is subject to same VaR & stress tests as that for the trading book.

Quantitative Disclosures as per table DF 9

The bank has uses the modified duration approach to measure potential impact on the capital fund (MVE) for upward and downward interest rate shocks of 200 bps on quarterly basis. The bank also has prescribed shocks to calculate impact arising out of the basis risk in the banking book.

The impact on the capital funds for upward/downward interest rate shock of 200 bps as at March 31, 2025 is

(Amount in ₹ crore)

Currency	Upward Interest rate shock	Downward Interest rate shock
INR	169.85	(169.85)
USD	(1.66)	1.66
Others	(0.61)	0.61
Total	167.57	(167.57)

Earnings at risk (EaR) measure the interest rate risk from earnings perspective. This is computed based or the net gaps for each bucket up to 1 year with a 1% parallel shift in the yield curve on the bank's earning. The impact from earnings perspective as at March 31, 2025 is INR 21.17 crores

11. GENERAL DISCLOSURE FOR EXPOSURES RELATED TO COUNTERPARTY CREDIT RISK

Qualitative Disclosures as per table DF 10

Central Counterparty.

The Bank stipulates limits as per the norms on exposure stipulated by RBI for both fund and non-fund based products including derivatives. Limits are set as a percentage of the capital funds and are monitored. The utilization against specified limits is reported to the Credit Committee on a periodic basis. The analysis of the composition of the portfolio is presented to the Local Management Committee on a half yearly basis.

Credit Control Department monitors the credit excess (including FX/ Derivatives exceeding approved limit) on a daily basis. The 'credit exposure' arising on account of interest rate and foreign exchange derivative transactions is computed using the "Current Exposure Method" as laid down by RBI. The Bank has entered into Credit Support Annex (CSA) agreement with local banks. CSA defines the terms

or rules under which collateral is posted or transferred between derivative counterparties to mitigate the credit risk arising from "in the money" derivative positions on OTC Derivative contracts. Exposure to Central counterparties arising from over-the-counter derivative trades, exchange traded derivatives transactions and security financing transactions (SFTs), attracts capital charges applicable to

Applicable risk weights for trades, guaranteed by central counterparties, which are recognized as qualifying central counterparty (QCCP) by Reserve Bank of India or SEBI, are comp

In India, presently there are four QCCPs viz. Clearing Corporation of India (CCIL), National Securities Clearing Corporation Ltd (NSCCL), Indian Clearing Corporation Ltd (ICCL) and MCX-SX Clearing Corporation Ltd (MCX-SXCCL). These CCPs are subjected, on an ongoing basis, to rules and regulations that are consistent with CPSS-IOSCO Principles for Financial Market Infrastructures.

The bank has also computed the incurred Credit Valuation Adjustment (CVA) loss as per Basel III master circular and the same has been considered for reduction in derivative exposure computation. The provision amount outstanding as on Mar 31, 2025 is INR 15.60 crores and as on Mar 31, 2024 is INR 14.60 crores Quantitative Disclosures as per table DF 10

The derivative exposure outstanding is given below

(Amount in ₹ crore)

-	Particulars	March 31, 2025
-	Net Mark to Market (MTM)	899.90
1	Potential Future Exposure (PFE)	9,902.00
١	Net Exposure	10,801.90
- 1		

For the period ending 31st Mar 2025 the Bank has adopted the netting process for computing the exposures in respect of contracts covered by legally enforceable master netting agreements. In respect of trades that are not covered by netting agreements, the exposure is computed as per the 'current exposure methodology' as prescribed by RBI.

The bank does not deal in Credit Default Swaps. The above table does not include the impact of CVA provision which is used to reduce the exposure computation

12. COMPOSITION OF CAPITAL DISCLOSURE TEMPLATES (CAPITAL STRUCTURE) Common Equity Tier I Capital: primarily comprises of interest free capital funds received from Head Office

statutory reserves, capital reserve, general reserves and remittable surplus retained for meeting capital adequacy requirements. Additional Tier I Capital: The bank does not have any Additional Tier I capital

Tier II Capital mainly comprises of the subordinated debt raised from Head Office, investment fluctuation reserve (IFR), provision for country risk, provision towards standard assets (including on positive marked to market and un-hedged foreign currency exposures).

Quantitative Disclosures as per table DF 11, table DF 12, table DF 13 and DF 14 The composition of capital as on March 31, 2025 as per Table DF 11, Composition of Capital-Reconciliation Requirements as of March 31, 2025 (Step 1 to 3) as per Table DF 12 and Main Features of Regulatory Capital

Instruments as per Table DF 13 are provided as separate annexures to this disclosure The Bank has received only interest free capital funds & also raised subordinated debt from Head Office. The

terms & condition of same is already disclosed under DF 13. The Bank has not issued any regulatory capital instruments in India. Accordingly, no specific disclosure is required under DF 14. 13. REMUNERATION As per Annex of RBI circular RBI/2019-20/89 DOR.Appt.BC.No.23/29.67.001/2019-20 - Guidelines on compensation of Whole Time Directors /Chief Executive Officers/Risk takers and Control .function staff, etc. on "Compensation guidelines for foreign banks", foreign banks operating in India through branch mode of presence and having their compensation policy governed by their respective Head Office policies are expected to align the policy (In the light of the initiative taken by the FSB, G-20 and the BCBS endorsement of the FSB principles) in line with the Financial Stability Board (FSB) principles. As the bank's compensation

structure is in conformity with the FSB principles and standards, no specific qualitative and quantitative disclosure as per table DF 15 is required.

14. Equities -Banking Book Positions Qualitative & Quantitative disclosures as per table DF 16

The Bank does not have any equity exposure and disclosure under this section is NIL.

15. Leverage Ratio Disclosures

The summary comparison of accounting assets vs. leverage ratio exposure measure as per Table DF 17 and leverage ratio common disclosure as per Table DF 18 are provided as separate annexures to this.

The Basel III leverage ratio is defined as the capital measure (Tier-1 capital of the risk-based capital framework divided by the exposure measure, with this ratio expressed as a percentage. As per RBI guidelines, the Basel III leverage for the Group at the consolidated level at March 31, 2025 along with the figures of the prior three quarter-end is as follows:

(Amount in ₹ crore)

Particulars	31-Mar-25	31-Dec-24	30-Sep-23	30-Jun-24	31-Mar-24
Tier-1 Capital (A)	5,115.97	4,917.95	2,459.08	2,472.30	2,472.96
Exposure Measure (B)	40,842.37	35,985.31	34,215.03	30,565.48	30,262.93
Leverage Ratio (A/B)	12.53%	13.67%	7.19%	8.09%	8.17%
